Lovy. Mt. Wallace said the Rock Island of a saloon in Minden, in which she asked had purchased the farge tract of land east \$2,000,damages for said of found to her factory and intended establishing husband, was dismissed, having been adjusted out of court.

Following the passage of the ordinance.

Postmaster Hazelton has been notified to appoint two new carriers for the city. The eligibles on the waiting list are J. N. Gallup and J. P. Johnson. Their appointment is expected about November 15. Building permits were tasted yesterday to W. E. Dugger for a one-and-a-half story frame cottage at 1215 Fifth avenue, to cost \$1.00, and for a one-story frame cottage at 1715 Seventh avenue, to cost \$1.20.

Robert Drake, the youth shot last Saturday afternoon by the accidental discharge of a 22-caliber revolver in the hands of a companion, is not as seriously burt as at first supposed and probably will be able to leave the hespital in a day or so.

Inspector General Collette of the Enights Templar of lows will visit transpose commanders next Monday evening. It is possible that he will be accompanied by Past Grand Chief Peddie of Emmetaburg. The meeting of the commandery will be closed with a banquet.

The fire department was called a little before a o'clock list evening to the small dwelling at 1602 Avenue I owned and occupied by Mrs. McNeat. A bucket of water extinguished the flatters, which had started in the side of the house, before the arrival of the firemen.

James Gilbert and Paul Hiram, sons of Clinton McDemaid, 180 Glen avenue, have enlisted in the navy, and yesterday ment to their respective stations. Paul, who has already served four years re-enlisted and has gone to San Francisco, while James, who is a new recruit, has gone to New York.

A parlor meeting of the Woman's Christian Temperance union will be held Wednesday afternoon at the residence of Mrs.

Nugent, 127 Fifth avenue. It will be in attices of solid silver tableware, as well as a small sum of money.

Muscular and silver tableware, as well as a small sum of money.

In the dining room the burglars had laid out all of the solid silverware on the persone chalk talks. Refreshments will be table, with the evident intention of packing are invited.

Mrs. Harris sang. The floral tributes were profuse. Interment, which was private, was to the family burial ground in Fairview no the family burial ground in Fairview not family burial ground in Fairview n

FIFTEEN YEARS

Affected Hands, Arms and Legs-Endured Terrible Itching and was Unable to Sleep - Would Tear the Bandages to Scratch the Skin -In less than One Week

CURED BY THE **CUTICURA REMEDIES**

"I had ecrems nearly fifteen years. The affected parts were my hands, arms and legs. They were the worst in the winter time and were always itchy, and I could not keep from scratching them. I had to keep both bands bandaged all the time, and at night I would have to seratch through the bandages as the itching was so severe, and at times I would have to tear everything off the skin. I could not rest or sleep. I had several physicians could not give me a permanent cure, nor even could they the itching, After using the Cuticura

two bottles Cuticura Resolvent for about six days the itching had ceased, and now the sores have disappeared, and I never felt better in my life than I do now. Edward Worell, Band 30th, U. S. Infan-try, Fort Crook, Nebraska.

SWITCH TRACK TO FACTORY

Great Western Gets Permission With Some Restrictions.

City Solicitor Instructed to Bring Proceedings Inder Ordinance Granting the Road Rightof-Way in the City.

The city council last night passed an ordinance granting the Chicago Great Western railroad the right-of-way for a switch track across South avenue to the factory of the E. Children's Sons company. The tain an are light at the crossing was offminsted after a prolonged discussion.

by Councilman Wallace as a substitute for that introduced originally by the local attorneys for the railroad. Mr. Wallace's ord sance provides that the track shall be A business meeting of the Enworth removed in the event of the factors being was tried in Sidney last week. It is a case still be held this evening at the home of the premises of the Children's Sone company and shall not connect with any other ; rallroad. The reason for these contrictions Mr. Wallace explained was due to the fact | the steam having been turned on, although that he had learned that the Great West- the new heating plant has not been fully ern desired the switch track more for the installed. surpose of scenting connection with the stock Island than merely to serve the factory. Mr. Wallace said the Rock Island

> Following the passage of the ordinance. against which Councilnien Knudsen, Wallace and Younkerman voted, the city solicitor was, on motion of Councilman Wallace, instructed to bring the necessary proceedings to compel the Great Western to dive up to the requirements of the ordi nance granting it a right-of-way through the city. The ordinance in question provides in Section 8 that the Great Western. or more properly speaking, the Mason City & Fort Bodge railroad, shall locate and attacked her, threatened to kill and chased permanently maintain and operate electric are lights at all points where its tracks cross railroad or street railway lines or tracks whenever so ordered to be done by

Wonderful Heater and Fuel Saver For Soft Coal, Lignite or Hard Coal

Cost of Stove Saved in Fuel

As you know one-half of soft equal is gas-the entire gas supply for many cities and towns being made from the same kind of soft coal you are usibly.

COLE'S HOT BLAST

. The extent of unburned gases in hard coal is shown by opening the magazine cover of a base burner when the extra oxygen supplied fills the entire stove with flaming gas. Other stoves allow this gas, which is the best part of the coal, also a large part of the heat, to pass up the chimney. This waste will average from \$10,00 to \$50.00 a year for every family and millions of dollars in fuel are thus wasted annually.

The Original Cole's Hot Blast Stove Saves All Wasted with Other Stoves

Cole's Original Hot Blast, by means of the Patented Hot Blast draft used in connection with other patented features, distills this gas from the upper surface of the coal, utilizing it as a heat producer along with the fixed carbon or

On account of the patented air tight and gas tight construction giving perfect control over the drafts, it also saves the heat usually wasted up the chimney. \$5.00 worth of hard coal, soft coal or lignite, or a \$1.50 ton of slack or coal sistings is thus made to do the work of twice the amount of fuel in other stoves and the cost of the stove is more than saved in fuel each winter. \$7.50 worth of slack will heat your house all winter, five tons at \$1.50 a ton does the work.

Build only One Fire a Winter

Cole's Not Blast is so perfect in construction that fire keeps all night, and when the draft is opened in the morning will burn two or three hours with the hard coal or soft coal put in the night before. No other stove does this. Fire, therefore, never goes out, kindling fires is dispensed with, and the rooms are kept at an even temperature all the time.

Read the Guarantee. We are the exclusive agents for Cole's Original Hot Blast and sell it on the accompanying guarantee which cannot be made on any other heating stove in the world. If you want to save half your fuel bill and would enjoy the Juxury of getting up in a warm house on cold winter mornings without kindling fires, buy Cole's Original Hot Blast now,

Avoid Imitations

Imitations of this Original Hot slast are many. None of them has the absolutely air-tight and gas-tight construction throughout which Cole's Hot Blast has by reason of its numerous patents. A Patented Steel Collar connects the elbow draft to the stove body and cannot open by action of the fiercest heat. The Patented Compound Hinge on the lower draft cannot warp, and the draft door closes air-tight by its own weight. The guaranteed Smoke-proof Feed Door prevents smoke, dust or gas escaping when

Imitations soon open seams and cracks which spoil them for keeping fire and cause the gas half of the coal and much of the heat to escape up the chimney.

See the name "Cole's Hot Blast from Chicago" on the feed door of our stove. None genuine without it. Ask to see the patented dustless ash cover for removing ashes. Our method is the only clean way.
