

IN WOMAN'S REALM

NOTES ON OMAHA SOCIETY

Mr. and Mrs. Wattles Entertain for Mr. and Mrs. Frank Hamilton.

MRS. GIFFORD GIVES LUNCHEON

Young Married Women Organize New Afternoon Bridge Club—Club Meetings Promise to Continue in Majority Till Holidays.

One of the most elaborate affairs of Friday was the luncheon given by Mrs. Harold Gifford at her home, 430 South Thirty-sixth street, when she made Mrs. Caldwell and Miss Baldwin of Topeka, Pa., and Mrs. Martin of Chicago, her honor guests. The table had a handsome centerpiece of cut flowers, and those present were: Mrs. Caldwell, Mrs. Martin, Mrs. Victor Caldwell, Mrs. Thomas Kilpatrick, Mrs. E. D. Barkalow, Mrs. Reba Morgan, Mrs. W. E. Martin, Miss Baldwin, Miss Jessie Millard, Miss Carrie Millard and the hostess.

For Mr. and Mrs. Hamilton. Mr. and Mrs. Frank Hamilton were honor guests at a beautiful dinner given Thursday evening by Mr. and Mrs. G. W. Wattles. The round dining table was ornamented with a tall vase of American beauties, and artistically placed were lighted candles shaded with red rose shades. The plate cards were exceptionally pretty, being decorated with American beauties and miniature candle sticks done in water colors. Those present were: Mr. and Mrs. Hamilton, Mr. and Mrs. Howard Baldridge, Mrs. Charles Offutt, Miss Stella Hamilton, Miss Mae Hamilton, Mr. Earl Gantner, Mr. O. C. Redick and Mr. Luther Drake.

Club Meetings. The club meetings are still accepted by society as their chief amusement and until after the holidays there is little prospect of other diversions becoming popular. Miss Ella Mae Brown was hostess Friday at the meeting of the Original Bridge club, luncheon preceding the card game. Miss Ada Kirkendall and Miss Flora Webster were guests of the club and the members present were: Mrs. Sam Burns, Jr., Mrs. Ben Cotton, Mrs. Eva Wallace, Mrs. John L. Kennedy and the hostess.

New Bridge Club. The new Friday Bridge club was entertained this week by Mrs. Louise Clark, Mrs. A. S. Rogers, Miss Isabel French and Miss Julia Coburn being guests of the afternoon. The members present were: Mrs. George Redick, Mrs. Clarke Powell, Mrs. Harry Montgomery, Miss Helen Davis, Miss Mabel Marr, Miss Mary Morgan, Miss Ann Brown and Mrs. Clark. Miss Elizabeth Congdon will be the next hostess of the club.

The High Five club was entertained Thursday evening at the home of Mr. and Mrs. L. B. Velt. Those present were: Mr. and Mrs. T. D. Eitlinger, Mr. and Mrs. Charles Singer, Mr. and Mrs. Barney Harris and Mr. and Mrs. Velt. The next meeting of the club will be next Thursday evening at the home of Mr. and Mrs. Eitlinger.

Kensington Afternoon. Mrs. Isaac Carpenter entertained the women of the Calvary Baptist church Friday afternoon at a Kensington. A delightful feature of the afternoon was a description of Honolulu, related by Miss Linn Carpenter, who has recently returned from there. She dwelt principally on the customs and peculiar habits of the natives. About sixty guests were present.

Prospective Pleasures. Miss Linn Carpenter will entertain the Melody club Monday evening at her home.

Mr. and Mrs. Gilbert M. Hitchcock gave a dinner Friday evening at the Omaha club.

Mr. and Mrs. L. J. Piatti will entertain the members of the Jewel Card club next Tuesday evening, when the club will reorganize for the season.

Mrs. L. J. Piatti will give a children's party Saturday afternoon at her home in honor of her daughter, Miss Frances Piatti.

Come and Go Gosals. Mrs. Leonard E. Widman of Fort Leavenworth, formerly of Fort Omaha, arrived Thursday to be the guest of her mother, Mrs. John T. Stewart of Council Bluffs. She will remain only a few days.

Mrs. Martin of Chicago is the guest of Mr. and Mrs. W. E. Martin.

Miss Stella and Miss Mae Hamilton, who are planning to spend the winter in Europe, will leave early in December.

Mr. and Mrs. Frank Carpenter left Tuesday for Oklahoma, where they will remain indefinitely for Mr. Carpenter's health.

Mrs. W. E. Riddell of St. Louis, formerly of Omaha, is the guest of Mrs. A. N. Ferguson at 1315 Wirt street.

Mr. and Mrs. Tom Davis are expected home Wednesday from their wedding trip. Mrs. Ruth Weller Folsom and little son, Percy, have gone for an extended visit in Fort Worth, Dallas and Tyler, Tex. They expect to return to Omaha about March 1.

Miss Mary Lee McShane and Miss Margaret Wood expect to leave soon for Cleveland, O., where they will serve as bridesmaids at the wedding of Miss Irma Squires, who was a classmate in New York.

Mrs. T. M. Orr left Friday for Chicago.

COAT AND GOWN COMBINATION

Departure from Monotony or Two-Tone Effects in the Plain Materials.

An odd but excessively chic costume, which originated with one of the greatest of the Parisian houses, had a clinging skirt of the most supple chiffon broadcloth in an unusual green, approaching canneton, but somewhat softer and more subdued in tone. This skirt was plaited after the fashion just described and was surmounted by a coat in a very soft light brown, harmonizing exquisitely with the green.

This coat was novel in its materials, being built up of chintilly dyed brown and laid over chiffon broadcloth of the same color. The number of steps, beads, turns, movements of the feet and dress, necessary to each dance? What distance is traveled in each? What speed should the various dancers have? What time and how much study are required to acquire perfect proficiency in dancing?

He found that six and a half hours was time enough to become complete master of the ordinary waltz with the reversing movement. He considers that it should be danced to very slow music and that in three steps which go to each bar of the music a distance of two feet six inches should be traveled.

The speed should be forty-four bars of music a minute, involving nearly 132 movements of the feet and twenty-two complete revolutions of the dancing couple. The duration of a dance should not exceed six minutes. The pupil should be proficient after about sixty-five trials involving 17,160 bars of music, 51,480 steps, 8,580 turns, and a distance danced of about 33,870 feet, or considerably more than seven miles.

The ordinary waltz without reversing, may be learned in about four hours and ten minutes, with about 42,000 steps, 7,000 turns and a distance traveled of 28,000 feet, or about five and a half miles.

Only an hour and forty-five minutes is necessary to acquire the mazurka. It needs 14,400 steps, 1,207 turns and about 10,585 yards or about two miles dancing.

The polka is another easy one. It needs twenty-eight practice dances of four minutes each, to bring proficiency. This means 8,520 steps, 2,260 revolutions and a distance of 12,500 feet, or approximately two and a half miles.

Artificial Flowers Again. Fashionable Women Wear Them in Corsage in Preference to Real.

A pretty innovation in the winter costume, which will soon have followers in Washington, has been the introduction of the clusters of artificial flowers or fruits worn as corsage bouquets. Viscountess de Martel, wife of one of the secretaries of the French embassy, and Mile. des Portes de la Fosse, daughter of the counselor of the French embassy here, are wearing these bouquets which are of every color and variety, and look particularly well. Mile. des Portes, who, since her arrival in Washington as a very young girl, has been noted for her very chic gown, was among the first to adopt fruit as a trimming. Her costume at last New Year's reception at the White House is well remembered. The gown, a combination of white chiffon satin and broadcloth, was trimmed with bunches of grapes and miniature apples. The same fruit cleverly arranged with sable tails and white velvet, formed a fetching little toque.

The Viscountess de Martel who is very petite, wore at the theater last week a black velvet gown with lace sleeves and yoke and a great cluster of artificial pink roses pinned on her bodice.

The flowers by the way are not only worn with evening or afternoon gowns, but with trim-tailored walking costumes.

Washing Chamols Skin. Every one does not know the secret of washing chamols skin so as to make it as good as new. Wet in a weak solution of washing soda and water, rubbing plenty of white soap into it; let it lie for two hours; then rub between the hands until clean. Rinse in a weak solution of soda and water with a little soap shakon in. If rinsed in pure water it becomes hard. It is the small particles of soap that give it silky softness. Wring in a dry towel, dry quickly, pulling and brushing well.

The Glad Hand. removes liver inaction and bowel stoppage with Dr. King's New Life Pills, the painless regulators. 50c. For sale by Beston Drug Co.

the old and saddle the new mount, before starting the ensuing relay. Miss Dierdon won by 100 yards on the first lap, but Miss Pawson, who finished third, was the first one to get going again and to finish that relay. On the start of the third her pony bucked her off, but she was up and on him when Miss Dierdon started and was similarly dismounted. Miss Pawson opened up 100 yards on the last lap, but her mount was not the equal of her rival's, still running second, so she saved him, and wisely, for the home stretch, where by excellent jockeying she won by a head. It was all very wonderful, seeing these three girls riding hard running and often pitching horses for two miles, unsaddled and saddle, with danger always ahead.

OLD OFFICERS RE-ELECTED
Same Corps is Put Back in by the Visiting Nurses' Association.

The Visiting Nurses' association held its annual meeting Thursday afternoon at the Paxton hotel and re-elected its old officers for another year. Mrs. Victor B. Caldwell was elected president; Mrs. Thomas Kilpatrick, vice president; Mrs. J. F. McWhinney, treasurer, and Miss Louise McPherson, secretary. Mrs. Luther Kountze, Mrs. T. J. Mahoney, Mrs. Albert Noe and Mrs. P. C. Moriarty were re-elected members of the board of directors, and Mrs. J. P. Lord, Mrs. B. B. Davis, Mrs. N. P. Dodge, Jr., and Mrs. Clara Wilson, new members. Mrs. William Adams will continue her position as superintendent of nurses and reported 536 patients cared for by the association during the last year. These charges have necessitated 4,631 visits from the nurses. Fifty patients have been sent to the hospitals of the city and many others have been sent to friends and relatives in other cities where they could be cared for. Dr. Arthur and Dr. Abbie Holmes spoke of the work of the nurses among the city poor.

TWO JUDGES WILL MOVE OUT
Estelle and Day Will Give Up Court House Quarters to Other Officials.

The court house and jail committee have decided to move two of the court rooms from the court house to the second floor of the Bee building. The rooms vacated by the change will be Judge Estelle's and Judge Day's. The latter will be fitted up for the county comptroller and the former will be given to the district clerk. In exchange for the room now used by his stenographers. This room will be converted into a jury room.

The commissioners also are considering putting a partition across the east end of the main office of the district clerk and fitting the new room thus made into a second jury room. If this is done it will be possible to abandon the jury rooms now in the basement of the building and against which strenuous objections have been raised by persons having to serve on juries.

It is also proposed to add to the capacity of the county jail by moving the jailer out of the building and fitting up the four rooms he now occupies as cell rooms for the accommodation of insane patients, witnesses and government prisoners. This would relieve the congested condition of the present cells.

If you have anything to trade advertise it in the For Exchange Columns of The Bee Want Ad Pages.
