NET WEIGHT RULING HOLDS

Food Commissioner Johnson Rules Against Biscuit Company.

ALL PACKAGES MUST BE STAMPED

County Clerk Writes Secretary of State Letter in Which He Tells That Official to Get Busy on Returns.

(From a Staff Correspondent.)

LINCOLN, Neb., Nov. 22.—(Special Telegram.)—Food Commissioner J. W. Johnson today announced he would adhere to his original interpretation of the pure food law and require the stamping of net weight upon all packages of food. The ruling came upon the application of the National Biscuit company's permission to sell packages of crackers without stamping the net weight of contents upon them. A committee visited Governor Sheldon and the food commissioner last night and made representations on behalf of the company, declaring that goods of this kind were bought by the general public in packages, the cover must show the weight of contents.

National Association of Fairs.

November 5 a meeting of the National Association of State fairs will be held in the Auditorium hotel at Chicago. Nebraskans will be represented by Peter Youngers, president of the State board of agriculture, W. R. Mellor, secretary, and C. H. Judge, chairman of the board of managers. The purpose of the meeting is to fix dates of the state fairs held in the country. Nebraska will apply for her usual dates, the first week in September. The only conflict will be with the Missouri fair, which for a number of years has been held at the same time as the exhibition in the Cornhusker state.

Secretary Mellor will lead the discussion at this meeting on the question whether the reduced passenger fares has lessened the attendance at the Missouri fair, a question of issuing passes to fairs will be discussed at the meeting.

County Clerk in "Sassy."

When Secretary of State Junkin sends out blanks for county clerks to use in sending back returns of election, he enclosed a blank marked "duplicate," asking that this be filled out for the convenience of the clerk in making up his table in advance. This permits the secretary to have the figures in tabular form when the canvassing board meets and makes the work of that board more easy. One county clerk has written that there is no law compelling him to send in duplicate returns. He informs the secretary that he has as much time to make them as anyone, hence he suggests the secretary sit down and make the returns himself. The actual returns were sent in a sealed envelope. This means that the official vote cast at the last election will not be known until the canvassing board meets next Monday and opens the sealed returns.

Winnett Inspects Depot.

Chairman Winnett of the State Railway commission returned to Lincoln this morning after inspecting the depot at Columbus, about which Edgar Howard complained. After looking at the depot, Dr. Winnett called at the telegraph office, and finding Judge Howard out looking for news, he proceeded to pick up a copy of the paper, which he stood the office towel in a rat hole in the front of the building, as a gentle reminder that a stranger had called. The chairman then reported to the mayor of the city and informed him that the Union Pacific had a nice depot at Columbus, though no doubt it was too small. He advised the mayor to make some agreement with the railroad to enlarge the building. This could be done, the doctor suggested, by taking the present baggage room and converting it into a waiting room and building a baggage room onto the depot. He found the people at Columbus wanted a real, new, bigger depot. He advised them to file their request with the commission, outlining what was wanted, if they failed to come to terms with the company.

Mileage Book Complained.

Complaint was filed with the State Railway commission against the Rock Island railway, traveling men alleging that 1,000-mile mileage books were not on sale for \$25.

ALTRON

Arrow Collar

Quarter Size, 35c each, 2 for 50c. Clavet, 15c each, 2 for 30c.

THANKSGIVING

Bounteous Harvests—abundant employment—prosperous business enterprises—sound banking institutions—money and checks worth 100 cents on the dollar, and hundreds of other reasons for Thanksgiving. This store is thankful for the splendid business of 1907—that our high qualities and moderate prices are so well appreciated—that deceptive advertising finds no favor with us—that our merchandise is as good as we say it is—and we are thankful that we have so much to be thankful for and that prosperity is still abroad in the land.

FURNISHINGS

We've devoted considerable effort to having this department well stocked with desirable "fixins" to meet your Thanksgiving needs.

NECKWEAR..... 50c UP
SHIRTS..... \$1.00 UP
HOSIERY..... 15c UP
FANCY HANKERCHIEFS..... 15c UP

GLOVES! GLOVES! GLOVES!

Secretary Mellor will lead the discussion at this meeting on the question whether the reduced passenger fares has lessened the attendance at the Missouri fair, a question of issuing passes to fairs will be discussed at the meeting.

County Clerk in "Sassy."

When Secretary of State Junkin sends out blanks for county clerks to use in sending back returns of election, he enclosed a blank marked "duplicate," asking that this be filled out for the convenience of the clerk in making up his table in advance. This permits the secretary to have the figures in tabular form when the canvassing board meets and makes the work of that board more easy. One county clerk has written that there is no law compelling him to send in duplicate returns. He informs the secretary that he has as much time to make them as anyone, hence he suggests the secretary sit down and make the returns himself. The actual returns were sent in a sealed envelope. This means that the official vote cast at the last election will not be known until the canvassing board meets next Monday and opens the sealed returns.

Winnett Inspects Depot.

Chairman Winnett of the State Railway commission returned to Lincoln this morning after inspecting the depot at Columbus, about which Edgar Howard complained. After looking at the depot, Dr. Winnett called at the telegraph office, and finding Judge Howard out looking for news, he proceeded to pick up a copy of the paper, which he stood the office towel in a rat hole in the front of the building, as a gentle reminder that a stranger had called. The chairman then reported to the mayor of the city and informed him that the Union Pacific had a nice depot at Columbus, though no doubt it was too small. He advised the mayor to make some agreement with the railroad to enlarge the building. This could be done, the doctor suggested, by taking the present baggage room and converting it into a waiting room and building a baggage room onto the depot. He found the people at Columbus wanted a real, new, bigger depot. He advised them to file their request with the commission, outlining what was wanted, if they failed to come to terms with the company.

Mileage Book Complained.

Complaint was filed with the State Railway commission against the Rock Island railway, traveling men alleging that 1,000-mile mileage books were not on sale for \$25.

as required by the Knowles law, passed last winter. The Rock Island agents in Lincoln informed the commission that no such books or tickets were on sale, although 1,000-mile books could be had at the rate of 25 cents. The commission will take the matter up in a few days.

Williams in a Wreck.

Since their accident yesterday afternoon Railway Commissioner Williams and Rate Clerk Powell are wondering if it had not been better to have accepted the proposal of the Missouri Pacific and permitted that road to send along a man to guide the motor car over the road. The railroad company made this suggestion some time ago, when the commission contemplated buying a motor car. The commission spurned it. Today Commissioner Williams is laid up at home with a badly sprained ankle and other bruises, while Rate Clerk Powell is plastered with various salves and Chairman Winnett has resumed the practice of medicine and is looking after them.

Judge Williams and Rate Clerk Powell

went out on the motor car, which they had bought from the Burlington, to inspect the tracks of the Missouri Pacific near Elmwood. In the corporate limits of that city about dark last night the car flew the track going over a street crossing and with the two men plowed through the ground for several yards. Commissioner Williams had one foot badly smashed, but with the assistance of Mr. Powell, who only had about a yard of skin knocked off by his fall, he made his way to the hotel and secured medical attention. This morning Mr. Powell took the obstreperous machine out for exercise, contemplating in the meantime a return to Lincoln, but again the business flew the track, and he lost the remainder of the skin on the injured leg. The car was then bundled into the baggage car of the next train out of Elmwood and the two men rode in like ordinary people. While both were scratched and both lost bits of skin, neither is hurt seriously, and Judge Williams will be back at the old stand within a day or two.

Governor Lays Cornerstone.

Governor Sheldon went to Columbus this morning to assist in laying the cornerstones of the new Young Men's Christian association building.

Cross for Valentine.

The poetical plea of C. C. Valentine for a state warrant to be delivered to him in time to pay for a Thanksgiving goose, has fallen on deaf ears. The Valentine poetry was delivered to Deputy Auditor Cook, while himself a poet, manager of the poetical and drama instead of the state warrant there went through the mail to Omaha today the following addressed to the court reporter:

The reporters watch with night and main, the mid some cry by us again. We are living up to the law you find, which causes us to be unkind. But please be satisfied with crow.

Board to Let Contract.

The State Board of Public Lands and Buildings will meet November 25 to let the contract for running the wires from the state penitentiary to the Home for the Friendless and the state house and putting in the electric light fixtures as well as starting up the elevator in the state house. It is the intention of the board to place large sized lights on each corner of the state house and to light thoroughly the yard around the building in an artistic manner. Secretary of State Junkin is going to suggest to the state board that the doors leading to the state house be removed and doors with glass in them be substituted. Such a change he believes will make it safer for people to walk through the corridors.

Bode Sentence Affirmed.

Edwin O. Bode, charged with the embezzlement of \$6,000 belonging to the city of Falls City while serving as treasurer, must serve a sentence of four years in the penitentiary and pay a fine of \$12,000. This is the judgment of the district court of the Perkins county and it has been affirmed by the supreme court. Bode, who was at liberty on bail, was taken into custody Thursday night and the decision of the supreme court was announced today.

Preparing Uniform Study Course.

The committee appointed to draft a uniform course of study for the schools of Nebraska is working today, and before it concludes will appoint committees to report to a general committee, which in turn will make its report when the State Teachers' association meets. The committee on uniform course of study includes the following: Superintendent McBrien, chairman; Charles Anderson, A. A. Reed, high school inspector; A. Thomas, superintendent of the Kearney Normal school; J. W. Crabtree, superintendent of the Peru Normal school; Prof. Waterhouse, principal of the Omaha High school; George Carrington, president of the State Principals' association; W. W. Stoner, former president of the State Teachers' association. This committee will adopt a course of study not only for the high schools of the state, but for the elementary schools as well. The general committee to which the various subcommittees will report is composed of the following: Prof. Carrington, A. S. Reed and Deputy State Superintendent Bishop. The committee to draft the supplemental course consists of Superintendent Thomas, Superintendent Crabtree and Prof. Stoner.

Hendee Begins Sentence.

Homer Hendee, former county judge of Saline county, and convicted of misappropriating funds belonging to estates

under his charge, was taken to the penitentiary today to begin his sentence of three years, which was affirmed by the supreme court.

Cutright Leaves Lincoln.

A number of newspaper men gave a dinner in honor of J. W. Cutright tonight at the Lincoln hotel. Cutright will shortly leave for Peoria, Ill., where he has taken a position with the Peoria Journal. Cutright for a number of years has been connected with the Lincoln News, previous to which time for many years he had worked in Omaha and Plattsmouth, and at one time served as private secretary to William J. Bryan.

Morphine Cause of Death.

W. A. Stearns, the Woodlawn farmer who died several days ago under mysterious circumstances, was killed by the administration of morphine, so the coroner's jury decided this afternoon. Who administered the poison is not known to the authorities, but their belief is that Stearns did not take it with suicidal intent. It developed at the inquest that the Stearns family has had considerable trouble of late because of the fact that Stearns paid too much attention to a Lincoln woman.

Pettition for Owl Cars.

The Lincoln Traction company will shortly file an application with the State Railroad commission to be permitted to run owl cars from 12:30 to 2:30 o'clock and to charge 10 cents for a ride on the same.

WEAVING WEB AROUND SHUMWAY

Showing that He Was Broke When He Came to Martin's.

BEATRICE, Neb., Nov. 22.—(Special Telegram.)—There were no developments in the Shumway murder trial today. The prosecution introduced a number of witnesses showing all of Shumway's transactions from the time he went to work at the Martin home until his arrest near Oregon, Mo. The testimony introduced showed that Shumway was without money when he hired out to Mr. Martin as a farm hand. Among the important witnesses called were Sheriff Dennis of Seneca, Kan., from whom Shumway escaped while being taken from the train at that point, and Sheriff McNulty of Oregon, Mo., who arrested Shumway. Sheriff Turner and Coroner Reed also introduced important witnesses for the state. They testified to the condition of the body of Mrs. Martin when found and introduced the bloody butcher knife which Shumway is alleged to have used in murdering the woman. His hat, shirt and plaids, which he discarded in the bedroom when he left the Martin home, were shown witnesses and identified by them. The state is making a strong case against the defendant.

Those Cottages at Peru.

PERU, Neb., Nov. 22.—(Special.)—The Peru State Normal school was criticized locally and in the state press last summer, because of alleged misappropriation of the state funds in the erection of two cottages on the campus. It was originally proposed to erect two cottages out of the waste material from the other buildings, using also the old barn in their construction. One cottage was to be occupied by the head janitor, the other by the head engineer. The plan would give the room now used by the janitor in the main building to the school for classroom use. The plan also

MORE THAN EVER Increased Capacity for Mental Labor Since Leaving Off Coffee

Many former coffee drinkers who have mental work to perform, day after day, have found a better capacity and a greater endurance by using Postum Food Coffee, instead of ordinary coffee. An Ill. woman writes: "I had drank coffee for about twenty years, and finally had what the doctors called 'coffee heart.' I was nervous and extremely dependent; had little mental or physical strength left; had kidney trouble and constipation. "The first noticeable benefit derived from the change from coffee to Postum was the natural action of the kidneys and bowels. In two weeks my heart action was greatly improved and my nerves steady. "Then I became less dependent, and the desire to be active again, showed proof of renewed physical and mental strength. I am steadily gaining in physical strength and brain power. I formerly did mental work and had to give it up on account of coffee, but since using Postum I am doing hard mental labor with less fatigue than ever before." Name given by Postum Co., Battle Creek, Mich. Read the little book, "The Road to Wellville," in pkgs. "There's a Reason."

contemplated doing away with the night watchman, the resident engineer serving to protect the buildings sufficiently at night. The State Board of Education approved the plan after considering it very carefully. So far only one of the cottages has been completed. This will be occupied by the head janitor, since he was forced out of the main building and was without a place for his family. All criticism as to misappropriation vanished as soon as those who criticized understood just how the cottages are being constructed without cost to the state, even the labor employed being that commonly used on the grounds.

Cambridge Man Injured.

CAMBRIDGE, Neb., Nov. 22.—(Special.)—Thomas Redford, a young man of this city, met with a very painful accident yesterday afternoon when a shotgun which he was taking out of his buggy was discharged, the load taking effect in his arm. He and his brother had driven out a couple of miles south of this town, where they expected to hunt, and having the gun loaded, as he took it from the buggy in some way the trigger caught and caused the accident. Mr. Redford was taken to his home, where physicians dressed the wound, and it is hoped that he will recover without the loss of his arm, which was badly mangled.

Business Changes at Crawford.

CRAWFORD, Neb., Nov. 22.—(Special.)—The stringency in the money market has not affected business in this part of Nebraska, as in Crawford county this week three business places have changed hands. C. H. Chase's mercantile business was turned over to the Tandy Bros. Tuesday. The transfer line of Messenger & Antin will be run by C. Messenger, who took possession Wednesday, and the Courier, which was purchased last January by Will A. Hoskin, was turned over to E. R. Dumon of Denver Wednesday morning.

Nebraska News Notes.

PAPILLION—The Papillion blacksmith, A. Critchfield, has bought a new automobile.

BEATRICE—J. S. Morrison, an old resident of West Beatrice, is lying critically ill at his home.

GUIDE ROCK—One of the triplets born Tuesday to Mr. and Mrs. Charles Eddy died yesterday evening.

BEATRICE—Mrs. E. E. Williams' club of Papillion has secured the services of the Chicago bell ringers for Saturday evening.

BEATRICE—The marriage of Mr. Carl C. Jewell and Miss Clara Foster, both of West Beatrice, was solemnized this evening by Judge Spafford officiating.

GUIDE ROCK—The newly elected Rebekah lodge officers are: Mrs. W. A. Scofield, mother; Mrs. E. E. Kulp, sister; Mrs. L. W. Ely, treasurer; Miss Elzora L. Simpson, secretary.

BEATRICE—Mrs. Ruth Kellam, 50 years of age, fell from a porch at the home of her daughter, Mrs. L. E. Meadows, and disappeared. Her condition is such that her recovery is doubtful.

GUIDE ROCK—During a runaway automobile accident Dr. E. Moranville was thrown from his buggy. He struck on his head and wrenched his side. He is now in the hospital and is recovering.

BEATRICE—Mrs. E. Kulp died yesterday at her home in Wymore. She was the wife of Roadmaster Kulp of the Burlington, and was a prominent member of the Order of Eastern Star. She was 83 years of age and leaves a husband and two children.

BEATRICE—Mrs. M. Cleaver inspected the 10th Cavalry band Wednesday afternoon. She is a prominent member of the 10th Cavalry band and was very little in the manner in which the work was done. The treasurer reported \$18.40 in the treasury.

BEATRICE—Mr. J. Henry Zimmerman and Miss Mary Penner, two prominent young Menonites of this locality, were married yesterday at the home of the bride's father, Rev. George Penner, Rev. John Penner officiating. They will make their home near Hoag.

BEATRICE—A number of citizens objected to the Hoag pictures being shown at the Union theater last evening and a number of them decided to go to the entertainment. The mayor did not look at it in the same light so refused to interfere with the performance.

CAMBRIDGE—Another case of diphtheria was discovered here today. This makes the third case for the week. In addition to a number of cases already reported, it is now feared that the public health would be destroyed before the cases are found. From the many cases here only one patient has died.

BEATRICE—Considerable excitement occurred at the Congregational church at Beatrice the other night. A moving picture show was in progress when the moving picture building would be destroyed before the picture could be substituted. Many rushed for the door and several women escaped by jumping through the window.

BEATRICE—The Omo and Omo Co. were at district court and their suit against the railroad company was settled. The suit originated over a car of beer which Omo had loaded here about three years ago to be shipped to his brother at Hill-dreth. It was during the winter and the danger of freezing made it necessary the car should be taken the same day loaded. By some oversight on the part of the railroad company the car remained on the siding three or four days. It was loaded with a number of bottles from which Omo used the company for \$150 and won the case.

GAMBLERS HIKE FROM ARIZONA

Frontier and Mining Towns Undergo Remarkable Change in Short Time.

The frontier of the Territory of Arizona, both in range and mining towns, has undergone a vast change since spring. The influx of gamblers has changed the complexion of life in big and little communities from Tucson to Williams and from Holbrook to the California line. With the passing of gambling and the Arizona gambler much of the "picturesque" has gone out of the life of the frontier. The regrets, however, are few. "The former big bars and saloons are disreputable-looking places with their roulette tables turned into lunch counters, and it may be said that the red light has been completely snuffed throughout the territory. The 'tin horn' sport has suddenly gone to work and made his wife and family happy by occasionally distributing his wages for the household needs. Also the shopkeeper's state has dwindled. The change was eloquently described by a territorial legislator in a discussion with a well-known Arizona character, whose name, "Speedy" Thurston, describes him. Thurston was bewailing the lot of Arizona gamblers and the legislator interrupted and drawled: "Bud Hawley was talking things over down to the store last night, and he admits he don't sell so many neckties and silk vests as he used to, but he does sell a whaling sight more of pork and beans. "The former big bars and saloons are disreputable-looking places with their roulette tables turned into lunch counters, and it may be said that the red light has been completely snuffed throughout the territory. The 'tin horn' sport has suddenly gone to work and made his wife and family happy by occasionally distributing his wages for the household needs. Also the shopkeeper's state has dwindled. The change was eloquently described by a territorial legislator in a discussion with a well-known Arizona character, whose name, "Speedy" Thurston, describes him. Thurston was bewailing the lot of Arizona gamblers and the legislator interrupted and drawled: "Bud Hawley was talking things over down to the store last night, and he admits he don't sell so many neckties and silk vests as he used to, but he does sell a whaling sight more of pork and beans. "The former big bars and saloons are disreputable-looking places with their roulette tables turned into lunch counters, and it may be said that the red light has been completely snuffed throughout the territory. The 'tin horn' sport has suddenly gone to work and made his wife and family happy by occasionally distributing his wages for the household needs. Also the shopkeeper's state has dwindled. The change was eloquently described by a territorial legislator in a discussion with a well-known Arizona character, whose name, "Speedy" Thurston, describes him.
