Great Underwear Bargains Tuesday

This great sale of Underwear coming at a time when e you will most need them should make this news doubly interesting. This is not a sale of bankrupt or damaged stocks. Simply this-some styles are not to be re-ordered; some lines are broken in sizes; too many, too few, in fact anything that counts against the perfect stocks we always mean to maintain is being gathered and marked at prices so low as to lead to quick clearing. It isn't a little lot. There are quite 50 dozen undergarments in all.

Rev. He especially emphasized the evils, moral as well as physical, growing out of young girls being detained down town evenings, reciting instances where older women, fellow employes, had taken advantage of their in experience to lead them into trouble. He urged the women to do their Christmas shopping early and so help to prevent violation of the law. IOWA CITY, In., Nov. E.—(Special.)— The foot ball season has practically closed in Iowa with the State Agricultural college in Iowa with the State Agricultural college retaining the championship of the state. The state university ranks second among the Iowa college teams, the other teams ranking as follows: Grinnell, Drake, Cornell, Coo, Des Moines college. Morningside college is not entitled to rank among the Iowa teams on account of the fact that professional athletes are allowed to compete on its teams. The real fight for the championship lay between Ames and Iowa this year, as it did last, but there has been considerable shifting of positions among the minor college teams, the most notable changes being: Coe's drop from third to sixth piace and the increasing strength shown by Cornell college. The game to be played between Drake university and Ames at Des Moines on Thankgiving day cannot change the ranking of the various teams.

C. A. Team Will Meet Business to men with Italian marble tops and in College of High in Omaha. The Young Men's Christian association boys' basket ball team. Known as the Comuha Kangaroos, have arranged a name for next Friday evening with Gaydou's Business college team of Blatr. The game will be played in the big gymnastum of the new Young Men's Christian association building and 10 cents admission will be charged.

IOWA FALLS, Ia., Nov. 25.—(Special.)—Foot ball interest in this part of Iowa now centers in the outcome of the high school game that will be played at Clarion on Thanksgiving day, this game bringing for gether for the first time this season the high school elevens of Clarion and Iowa Falls. The latter team lins not been defeated this season and has played a number of the games with some of the best teams in its class in this part of Iowa. Clarion has an excellent record and the winner of this game will determine the championship of northern Iowa in the high school class. The girls' high school basks hall team will go to Clarion on the same day to play the girls' team of the high school at that place. The two games are to be followed by a banquet. In which the four teams will participate. The Ellsworth college team will go to Mason City Thanksgiving day to play with the Memorial university eleven. The Aiden High school basket ball team now claims the championship of the county in turning the tables on the Ellsworth college team and winning by a score of 17 to 2 after a previous game between the same teams in which Ellsworth won easily.

There is balm in Glicad for the bald heads and hope has not gone on an everlasting vacation for these with uncovered

Omaha is to have a denatured alcohol plant and Arthur Chase, former chief chemist for a hair tenio company, now an Omaha pharmacist, declares the denatured stuff is a positive relief for men with uncarpeted crowns and that all the hair tonic manufacturers will be sure to use it. The demand for hairbrushes at the drug stores, it is claimed, has increased since the announcement was first made that the new alcohol would be made in Omaha.

In other words alcohol amde from cab bage leaves, apple peelings and cores, corn cobs and other garbage is a better ferilliser for the human scalp than alrehe made from clean grain from the wide fields of the corn belt.

Mr. Chase is not alone in his assertion A prominent barber supply man wouched for it when asked if he used the garbage fertilizer for polished promontories.

"No, I am not using it yet," be said. "but would like to use it. I believe it to be better than grain alcohol, but the public will be hard to educate. The bald heads are a peculiar class. They want the best and believe the so-called 'wood alcohol' to be polson and therefore not good for th scalp. But it is a mistake. It is nourishing for the hair and I will wager i eashier's check against ten rabbit skins that I can put denatured alcohol on the back of a man's right hand and grain alcohol on his left hand. At the end of six weeks the difference in the growth of hal will be noticeable and the most luxuriant growth, will be on the hand where the garbage juice was deposited."

Lower Rates for All Points. "In view of the fact that all of the states in the great Missouri valley, and beyond to the Rocky mountains, are to be benefitted by the lower freight rates sure to follow water transportation, it is not asking too much to demand the permanent improvement of the river," said Mr. Beall. "The estimates in the office f the United States engineers, which I have had the privilege of examining, show hat work can be done for \$50,000 per mile which will keep open a channel sufficiently eep to carry boats which will handle the raffic demanded of shippers along the Missouri river.
