EXPERT CLOTHES FITTERS

Geel! You'll be glad I am on your calling list when you see our \$15 hand-tailored ready to wear suits. When you put one on there will be some class to you, and you can brush sleeves with any of the big noises in these diggings.

Talk about being right. They are so right you couldn't pick a flaw in them if you tried. If you know a merchant who sells as good a suit for \$20 or \$25 the laugh is on me. They are in the topnotcher class. If you should say \$20 or \$25 to me I'll show you one of the 3-EXER suits and overcoats, the kind that give \$40 merchant tailors the blues. They are so good that all the merchant tailors in town working together can't equal them.

**PARENTS**

When you stop to think about it, you, of course, realize the grave danger that menaces your children when they play in the streets on which there are street car tracks, but do you think about it often enough?

And do you caution your children about it often enough?  
Are you sure that YOUR children are not daily exposing themselves to the danger of being struck by a car—in fact, jeopardizing their lives,

Remember that when children are playing, their minds are engrossed with their play and they are utterly unheedful of approaching cars and frequently dart directly in front of them.
