Three weeks ago the court held that the FRACTION FRANCHISE HELD VOID franchises were void, but the opinion was not given to the public, the court instead giving each of the attorneys a copy of the opinion and then calling for a re-argument. The commission is now at work on this report but it is not likely to be acrea. The commission is now at work on this

report, but it is not likely to be ready for the governor by Monday... Buling on County Deposits. Attorney General Thompson has given the following opinion to C. L. Gutterson,

county attorney of Custer county: I have the honor to acknowledge receipt of your letter of November 37, relative to construction of section 20, chapter 18, article 3, compiled statutes of 1907. The proposition you submit is substantially as follows:

osition you submit is substantially as follows:

Is the county treasurer authorized to deposit with a depository bank the full amount named in the depository bond or may he deposit only 50 per cent of the penalty expressed therein?

The statute, as it existed prior to April 5, 1877, expressly declared that the treasurer shall not have on deposit in any bank at any time more than one-half the amount of said bond. The legislature amended said section at the last session by Senste File 410. The amendatory set was passed with an emergency clause and took effect upon its approval, April 5, 1807. The amendment entirely omitted the limitation above mentioned. Therefore, I thing it is fair to assume that the legislature intended thereby to allow deposits to be made to the full amount of the bond.

I may add however, I do not think this act could in any manner affect bonds that have been given and approved prior to the taking effect of this act, or the liabilities of the parties thereunder. With reference, hiwever, to bonds given subsequent to the taking effect of this act, or the liabilities of the parties thereunder. With reference, hiwever, to bonds given subsequent to the taking effect of this act, it is my opinion the county treasurer is authorized to deposit the full amount expressed in the bond.

D. W. Johnson, who was a member of the territorial legislature and who at one time served as challenges and who at one 12.636.91 time served as chairman of the committee on federal relations, wants to get in touch

with some other members of the territorial legislature. Mr. Johnson new lives at Otego, Kan., and is 83 years old. His daughter, Mrs. J. A. Wiggins, wrote to Secretary of State Junkin this morning. asking for the address of any old-time legislator he might have record of. She said her father was still in good health. Hoyt Offends the Board.

Members of the State Board of Public Lands and Buildings are considerably wrought up because heads of state institutions persist in failing to observe certain rules of the board in the matter of buying for the institutions. D. W. Hoyt, com-mander of the Grand Island Soldiers' home, is the latest offender. He sent in a bunch of claims recently and marked on the outside with a lead pencil is the statement. "Permit asked for." The board will be compelled to look back over its records to see whether it ever granted the permit, Either that or return the vouchers to Hoyt and cause some more delay. The board has recently insisted that the written permit-be attached to the voucher.

Change in Court Rules. At its last sitting the supreme court changed several of its rules and notices of such changes are now being sent to the various lawyers of the state. The sections

SPOKANE, Wash., Nov. 30 -(Special.)-Two Nebraska girls have become brides in this city in a few days, Miss Kathryn Sisson of Albion and Miss Martha M. Zacek of West Point.

The marriage of Miss Kathryn Sisson daughter of Rev. and Mrs. F. M.
