GRAIN AND PRODUCE MARKET

Continued Heavy Selling, with Lower Cables, Causes Decline.

ALL CEREALS SHOW BIG DROP

Light Domand and General Bearish Peeling Among Traders Are: the Chief Features of

Continued heavy seiling, with lower Liverpool cables, sent prices on all grain for a material decline.

Light dehvand and general bearish feeling among trauers are the features.

Wheat opened off several fractions on weak foreign cables, lack of demand and heavy selling by bear factions. May wheat opened at \$75c.

Corn was lower with wheat and prices slid off owing to a lack of demand and heavy selling of futures. The weather in the corn beat has been very secontaging, and has been a strong bear factor. May out, opened at that and quite active on selling by mage line interests and in sympathy with wheat and corn. May oats opened at the lag and closed at the lag and shipments were 1,772,000 bu, against receipts hast year of 1,184,000 bu, and shipments of 1,882,000 bu.

Corn receipts were 36,000 bu, and shipments of 1,882,000 bu, and shipments of 353,000 bu.

Clessances were 125,000 bu, of corn, 6,000 bu of cais and wheat and hour equal to 703,000 bu.

Liverpeol closed Pigd lower on wheat and to the lower on corn.

CHICAGO GRAIN AND PROVISIONS Features of the Trading and Closing

Prices on Board of Trade. CHICAGO, Dec. 2 - Lower cables and a liberal increase in the world's supply of wheat had a depressing effect today on local wheat markets, the May delivery closing at a net loss of to. Corn was up 1000 Oats were like higher and provisions like to 135c higher.

The wheat market was inclined to be

closing at a net lone of the higher and provisions sty to issee the higher.

The wheat market was inclined to be weak all day, although the pronounced strength of coarse grain tended to steady prices late in the session. The market opened weak, pwing to a decline of light at Liverpool, and to a continued heavy movement in the northwest. The weakness abroad was said to have been due to increased offerings of Argenting wheat. News of the day was almost exclusively in favor of the bears. Export demand was slack, primary receipts were liberal, Bradatreet's report on the world's visible supply showed an increase of 2,500,00 bu, compared with a decrease of 219,000 but the sorresponding time last year, and a final estimate made by a private drop expert on the sharp sdyances in corn and cals. The close was steady, May opened Molic lower, at \$1.014,97.01%, sold off to \$1.07% and closed at \$1.07%. Close, the close was steady, May opened Molic lower, at \$1.014,97.01%, sold off to \$1.07% and closed at \$1.07%. Close, the close was steady. May opened Molic lower, and close

Duluth and Chicago reported receipts of 1.282 cars against 1.800 cars last week and 247 cars one year ago.

The corn market was decidedly strong because of active demand by several leading buils. Offerings throughout the day were light. A ready demand for all offerings on the sample tables at a 1/2 advance created considerable builtainess among tradess in options. Talk of almost total depiction of stocks in the east also exerted a powerful influence on buyers. Another builtish factor was the final report on the yield of corn in Kansas, made by a private crop expert, which placed the yield at 10.00,000 bu less than the government's. The close was strong. May opened 1.65% lower, at 50% 50%, advanced to 20% 50% and closed at 50% 50%. Local receipts were 2% cars, with 14 pars of contract grade.

Outs were strong almost all day, owing to a domand for cash grain, which was generally taken by eastern shippers. Trading was quiet early in the day because of some confusion growing out of trading in new style contracts, which was made necessary by a new rule which makes No. 3 white oats deliverable on contracts at a 50% c, sold at 50% and then advanced to Ec, and closed at 50% and then advanced to Ec, and closed at 50% and then advanced to Ec, and closed at 50% and then advanced to Ec, and closed at 50% and then advanced to Ec, and closed at 50% and then advanced to Ec, and closed at 50% and then advanced to Ec, and closed at 50% and then advanced to Ec, and closed at 50% and then advanced to Ec, and closed at 50% and then advanced to Ec, and closed at 50% and then advanced to Ec, and closed at 50% based onlefty on small stocks of lard in store here. The bulge in coarse grain, however, had considerable effect. At the close May park was up 13% at 13.10. Lard was up 14% at 13.21%. Estimated receipts for tomorrow are: Wheat, il cars; oarn, lid cars; oats, 21 cars; hogs, 37,000 head.

The leading futures ranged as follows:

BOSTON, Dec. 2.—WOOL—The duliness of the local wool market is still maintained, although the slow movement to the mills is apparently due to curtainments. Manufacturers, however, have been in the city locating desirable supplies and a revival is anticipated after the first of the year. Prices for good staple territory, Oregon and similar supplies, fine delaine and half-blood fleece remain quite firm, while clothing wools continue steady. There have been some snies of Ohlo, fine delaine and half-blood in order lots and sample lots of clothing grades are moving. In territory wool small lots have been transferred at prices which show no material change over last week. Pulled wool is very dull and there is no demand for Australian cross-brods, although there is a fair supply of grades running from 40s to 4s on the market. The prices of the leading western wools are as follows: Kentucky, Indiana and Missouri—Three-eighths blood, 29,000; quarter blood, 29,000; scoured values, Texas line, twelve months, 20,000; fine, six to eight months, 60,000; fine, fail, 50,000. California—Northern, 86,000; middle county, 20,000; southern, 89,000; fine, fail, free, 40,400. Christmas Shopping!

In other parts of this paper will be found advertisements of the different retail merchants of the city urging shoppers to do their Christmas shopping early. We also would urge the public to take time by the forelock and shop in comfort by shopping early.

In a short while, when there is but little time left before Christmas, everybody will hurry downtown and return on the cars loaded down with packages and bundles, and, although we will make every effort to provide adequate facilities to carry the crowds, we know there is bound to be severe congestion. Therefore, take advantage of this splendid weather, the unbroken stocks of merchandise at the stores and the opportunity to travel in safety and comfort

before the rush commences. Omaha & Council Bluffs Street Ry. Co.

sisted almost catirely of fed stock, there being only about three cars of rangers on sale and they were feeders. There were also three or four cars of fed stock fat enough for killers, making a total of seven or eight cars that were hardly suitable for anything else than feeders.

The market on killers was in very satisfactory condition, there being a very decent demand for desirable kinds. The trade, while not especially active was trade, while not especially active was cent demand for desirable kinds. The trade, while not especially active, was nevertheless in satisfactory shape, so that the bulk of the offerings changed hands in good season in the morning. The prices paid were not quotably different from those which prevalled yesterday, both buyers and sellers quoting the market as ateady with yesterday. Lambs were as high as \$3.19, with fed yearlings at \$4.90. Old wethers, heavy weights, sold up to \$4.90, the same price as was paid for the same stuff on Wednesday of last week. St. Native ewes brought \$4.30, as against \$4.30 on last Thursday.

The trade on feeders was very slow and dull. There did not appear to be very much

demand for anything of that description, either rangers nor warmed up stuff.
Quotations on good to choice fed sheep and lambs: Lambs, \$3.7506.15; yearling wethers, \$4.7505.00; wethers, \$4.5006.50; swea, Courteston. Quotations on feeders: Good lambs, \$5.00 gc.75; common lambs, \$3.5004.50; yearlings, \$4.0004.50; wethers, \$4.0004.50; good ewes, \$1.7502.25; common ewes, \$1.2502.25.
