THE OMAHA SUNDAY BEE: DECEMBER 15, 1907

"GOD OUR TRUST" TRIED FIRST **Cigars Retailed at Wholesale Prices** Coins with This Motto Were Struck

AN OPPORTUNITY FOR CHRISTMAS

Our rapidly increasing eight business is not a matter of luck nor do we believe our large cigar trade will be of temporary duration. We have made it our fixed policy to handle cigars in LARGE QUANTITIES-obtaining them generally as di-rect factory shipments-and satisfying ourselves with a profit so small that the reg-ular cigar jobbers would scorn it.

ular cigar jobbers would scorn it. As to guality, we do not handle "no name" goods-but buy where we are sure that products will be uniform as to quality and workmanship. By carefully watch-ing the market we quite often are able to obtain a large quantity of standard loc cigars at such a price that we can retail them for 5c each.

Our cigars are never old or stale, as our output is such that what would be 6 nths' supply for the small dealer, sometimes does not last us a week. We have ge humidores at our warehouse and zinc lined cigar counters and cases. Any brand mentioned below can be sent by mail or express by adding to schedmonths' large

nled price as follows: For box of 5 Clears add 12 cents. For box of 50 Clears add 21 cents. For box of 50 Clears add 21 cents. You can get the Clears of FRICES at either of our "Rexail Drug Stores." Cor. 16th and and Dodge Cor. 16th and Harney, (The Owl Drug co.) The smokers of Omaha are most cordially invited to call at our cigar case and impect our stock-which composes nearly 150 brands, among which are:

in 1861. SOME MINT HISTORY RECOUNTED

'In God We Trust" Appeared on Pattern Pieces in 1863 and First Regular Coins Bearing It Issued in 1864.

The first United States coin to bear the motto "In God We Trust" was pattern 2-cent piece struck at the Philadelphia nin in 1803. But pattern coins bearing a variation of the motto were struck as early as 1951. The first regular United States coins to bear the motto were issued for general circulation in 1864. The story goes that a Maryland clergy-

nan suggested to a former director of the mint that a motto of this character be placed on the United States coins. The director, it is supposed, turned the suggestion over to the engravers, and they used a form of it on certain of the pat-

terns. The first of the 1861 morles of patiern coins bearing a pious motto was the half dollar, which was of the same design as the regular half dollar of the period, but showed on a scroll above the eagle on the reverse "God Our Trust." It was the first United States coin to bear a motto other

bronzed. Several varieties of the pattern bronze two-cent piece were made at the mint in 1883. These were issued to provide samples from which might he selected a coin of this denomination, which had never be-

One of these patterns bore a broad shield behind which were two arrows crossed, while suspended above the shield was a thick wreath of laurel hanging down on

either side. Above this wreath on a scroll was the motto "God Our Trust," and below the date, "1863."

enclosed by a wreath. This variety was struck in copper, nickel and aluminum on There was still another variety of the pattern 2-cent, piece of this year similar. to the regular 2-cent plece that went into circulation in the following year. This coin showed on a scroll above the wreath

words. It was struck only in copper.

Our Country." The reverse of this pattern bore a wreath composed of eight heads of wheat secured with a plain band. "2 Cents" within and "United States of America" round the border. The pattern piece was

The Longer You Use One of Our Pianos, the More Pleased You Will Become

The Marvelous Values to be Had in Our Great CHRISTMAS PIANO SALE

Have Never Been Offered Before. The Great **Question at This Season of the Year Is:**

What Shall I Buy Her for Christmas? The Best Answer Is:--BUY HER A PIANO

This year get her something worth while-the best you can afford. You know, and we know, that, of all the things givable, a piano is most highly prized by the average woman. Every woman at some time in her life, wants a Piano, and nothing short of possession will satisfy her. Perhaps, in your particular case, it's your daughter, or your wife, or maybe it's the lady who has promised to become your wife. Whoever it is, make her happy by securing for her an instrument that insures pleasure for a lifetime. Don't side step just because a Piano can't be bought for as little as a volume of poems. Remember this: We have here Pianos-new ones-for as little as \$95.00, and from that on up to \$750.00, and then some. Between these two extremes you can select an instrument that is in keeping with your income. If it is inconvenient to pay all cash, we have a plan that enables you to make a small first payment, and then a little each month. Come in as early as you can, because it gives you unrestricted choice of our complete stock.

Look Over the Following List of Piano Bargains. They Are All Good. We Have Others. COME AND SEE

struck in copper, nickel and aluminum. In the same year and bearing the date 1863 were varieties of the half dollar and eagle with the motto "God Our Trust." This was the only way in which they differed from the coins of these denominations of the regular lasue.

The first dollar pattern coin struck in silver to bear the motto "In God We Trust" was issued in 1864. The dollar of egular issue did not show it until 1890. This is one of the rarest of the pattern pieces of the series, and a proof specimer rought \$31 this year at a coin sale

In 1864 the new 2-cent piece went into rirculation and was the first and only coin at the time to bear the motto "In God We Trust.' A pattern quarter dollar was issued at

the mint in 1865 which bore the regular design of the year, but the reverse showed above the eagle on a scroll the motto "In God We Trust." This reverse die was adopted the following year, 1866, when the quarter with the motto made its bow. The pattern quarter of 1805 was struck both in silver and copper. A half dollar pattern of 1865 also showed

the same design as the regular issue but with the addition of the motto. It was struck in silver, copper and aluminum. Following it came other denominations of the current coinage-the silver dollar. quarter eagle, half eagle, eagle and double angle patterns, each of which showed the motto. Every one of these patterns was similar to the regular coins, with the single exception of the presence of the motto. They were struck in gold, sliver, copper and aluminum, and some of them are now extremely rare, the silver dollar pattern particularly so. Five-Cent Pattern Piece.

A rare five cent piece bearing the motto "In God We Trust," dated 1865, the year wfore the denomination was issued for irculation, shows the same design as the nickel adopted in 1867, which was the secand issue of the nickel five cent piece. The first regular issue of 1866 showed rays surrounding the figure "5" between the stars, but the 1867 type omitted these rays. A proof specimen of this rarity, of which but a few specimens are known, brought \$5.25 at a sale held a good many years ago. In 1956 there were many pattern and trial pieces of the denomination of five cents, junrter, half dollar, dollar, quarter eagle half eagle, eagle, double eagle struck at the nint in nickel and copper bearing the motio "In God We Trust." They were struck apparently from the same dies that were used strike all these denominations for general irculation.

One of the rare pattern five cent pieces of 1800 showed the head of Lincoln on the obverse and around the border "United States of America." Above the wreath on the reverse, which enclosed the value, Cents." was the motto "In God We Trust This coin was struck in copper and nickel, the variety in the later metal being very

The mint engravers evidently did no iespair of having the motto adopted, for pattern five cent piece of 1886, the year of the first issue of the nickel, showed the bust of Washington surrounded by the notto "God and Our Country." The United States coins issued since 186 which did not have the motto "In God We Frust" were the one cent piece, the silver and nickel three cent pieces and the dollar and three dollar gold pieces, together with

the 56 cent piece struck at San Francisco in 1966, the reverse of which does not con-tain the motto, which fact makes the specimen worth \$24.
