(From a Staff Correspondent.) LINCOLN, Dec. 18.-(Special.)-C. C. Husted, recorder in the office of Governor Sheldon, has made a compilation of the semi-annual reports of the state institutions covering a period from June 1 to November 30. This is for one-third of the period for which the appropriations are made and only in a very few instances have one-third of the appropriations been expended, while in nearly every instance supplies, such as coal and clothing, have been bought in sufficient quantities to last throughout the winter.

The industrial school for boys at Kearney, with an average of 238 officers and inmates, spent \$140.95 per capita for maintenance, the largest amount spent in any of the institutions. The school for the blind at Nebraska City is second highest with a per capita of \$137.91; the industrial home at Milford is third with a per capita cost of \$128.59. This institution has 47 inmates and employes. The school for the blind has \$4 pupils and employes. The insane asylum at Norfolk, with 316 inmates and employes, costs \$119.70 per capita. W. L. Houser of Mondovi, Wis., is in Lincoln preparing for the organization of political clubs to boost the candidacy of Senator LaFollette for the republican nomination for president. With F. A. Harrison, Mr. Houser called on the state officers this afternoon. He expects to maintain headquarters at the Lindell hotel for Mr. LaFollette and make a fight for the Nebraska delegation. It is probable Frank Harrison will be in charge of the headquarters, though Mr. Houser said this had not been decided. No one will be here, however, from Wisconsin.

'We are not going to attempt to create sentiment here for Senator LaFollette," said Mr. Houser, "but if the sentiment is tend to organize clubs in the interest of

Mr. La Pollette." When asked if the candidacy of Senator LaFollette would be made on Roosevelt

principles, Mr. Houser said: 'No, sir. We are making the campaign on LaFollette principles which have been adopted by Mr. Roosevelt. We believe the time has gone by when sentiment can be created for any new candidate. The principles are firmly established and we believe the people demand a progressive leader who has the ability to go ahead. Mr. LaFollette has the ability and he is

a progressive republican." Houser met a number of friends of LaFollette as well as a number of former citizens of Wisconsin. The LaFollette headquarters will be opened at once.

Mail Sack Stolen at Nebraska City. NEBRASKA CITY. Neb., Dec. 18 .- (Spectal.)-A few days ago some one broke open all the letters therefrom. This morning the thieves got even bolder and stole a pouch of mail from the Missouri Pacific depot. They opened the sack and began investigating at once, throwing letters in all directions, but not until they reached the Missouri Pacific water tank, two blocks distant, did they begin a systematic search. Here they looked for the registered mail and it is thought they found several letters, as there is generally important letters in that pouch. The thieves evidently wanted nothing but money. This afternoon it was learned that two men crossed the river early this morning and the sheriff left for Hamburg in hopes of finding the men and putting them under arrest.
