

TRANSFER TRACK FOR YORK

Application Made by Commercial Club to Commission.

LINCOLN GETS NEW STONE RATE

Agreement Reached with Missouri Pacific—Thiessen Acheson to Oppose to This Subsidy Proposition.

(From a Staff Correspondent.)

LINCOLN, Dec. 26.—(Special Telegram.)—A track for the transfer of car load shipments between the Burlington and Northwestern roads is the desire of the business men of York. They have the two roads, but it is impossible to take a car from one system to the other, because the lines have never seen the desirability of putting in the connection on their own account.

The Missouri Pacific road voluntarily agreed today to install a 2-cent rate on stone from Weeping Water and Nehawka to Lincoln. The Lincoln Commercial club made formal application for the rate before the railroad commission. Today Secretary Whitten and the Missouri Pacific representatives conferred and the rate agreed to the change. It is the same rate Omaha has from these points.

Three Boys for Clarke. Railroad Commissioner H. T. Clarke, Jr., is the father of three boys, the latest arrival missing Christmas day by one hour and fifteen minutes. Mr. Clarke announced his good fortune to his colleagues this morning, with the declaration that three of a kind was pretty good for a man from Omaha.

Representative J. P. Thiessen of Jefferson county was a visitor to Lincoln today. Mr. Thiessen is greatly pleased with the attitude Governor Sheldon has taken on public questions. He has not altered his opinion either on the subject of the school notwithstanding arguments made in its favor. He declares the resolutions he introduced in the last legislature represent his firm belief that the plan would be merely a bonus to a special interest.

Caviness Will Be Candidate. Jefferson county will offer a candidate for state superintendent in the person of J. P. Caviness, A. L. Caviness of the Fairbury schools, according to Mr. Thiessen.

Attorney W. H. Orr of the Missouri Pacific today argued the Manley elevator case before the railroad commission, contending the question of establishing a subsidy for Manley for elevator there was an interstate matter and should be referred to the Interstate Commerce commission.

Good Chance for Omaha. Omaha stands an excellent chance of securing the State Teachers' association convention next year. If a little active work is done in Omaha headquarters there is an opportunity now to change the location. The publication of the letters of Superintendent J. L. Stephens advising teachers of Lincoln not to join the association this year coupled with the active support of the teachers of Omaha, has created a strong sentiment in favor of a move for a year at least. Many members today continue to declare that a move will greatly benefit the association.

Iowa Given a Gold Brick. The State Railroad Commission has just completed a study of express rates in Iowa since the recent 20 per cent reduction made in the rates by the state commission of Iowa. Various measures have been suggested by the Nebraska commission because it had not kept up with the Iowa commission on the express rate matter, and this led to an investigation of the order of that commission. The investigation of the effect of the order, according to the Nebraska commission, shows that Iowa shippers have not been given a 20 per cent reduction, notwithstanding the claims of the Iowa commission. On packages weighing less than 100 pounds the average reduction is less than 3 per cent; while even on the 100 pound packages the reduction is not 20 per cent. A number of Iowa newspapers have commented on the Nebraska commission, and these contain articles setting out that Iowa is fortunate in that the express companies accepted the reduction without taking the matter into the courts. According to the Nebraska commission the Iowa commission has been taken in by the smooth talk of the express agents.

Normal School Economical. The report of Superintendent Thomas of the Kearney Normal school for the six months ending December 1, filed with Governor Sheldon, shows that though one-third of the term is ended the school still has on hand more than two thirds of the appropriations made for the biennium. For salaries and wages there was appropriated \$75,000, of which \$53,062.10 is on hand; for general repairs there was appropriated \$5,000, of which \$3,474.49 is unexpended; for principal's traveling expenses \$500 was appropriated and \$27.25 remains in the fund; for maintenance \$10,000 was appropriated and \$16,445.88 is unexpended.

Family Rencoon in Which Liquor Figured Starts Trouble. HAIGLER, Neb., Dec. 26.—(Special.)—Late Allen on Christmas day shot and killed J. P. Barrett at a ranch eighteen miles from here. Barrett was the father-in-law of Allen's son and a family reunion was being held at the home of the younger Allen. Considerable liquor had been consumed and a general row started, in which Allen was badly beaten that he may die. He retaliated by shooting and killing Barrett.

Arrested on Horsetealing Charge. HARRISON, Neb., Dec. 26.—(Special.)—Sheriff Lyon returned yesterday from Missouri, Mont., having in custody Martin Carroll, who is charged with horse stealing. In the spring of 1906 six horses belonging to George Wickersham, one belonging to H. Wickersham and two belonging to Thomas Doyle were stolen and driven to South Dakota. About three weeks after the theft seven of the horses were found in a dry corral southwest of Edgemont, S. D., twenty miles, and five of them were dead and one was a foal. Carroll was arrested at that time and is now in jail. Supt. Lyon pointed to Carroll, who is claimed, sold the two and had endeavored to sell the others, but was frightened away on learning that searchers were on trail of the horses. In July of that year he was arrested at Sutherland, Wyo., but escaped from the sheriff while being brought back and has since been a fugitive. The accused comes of a respected family, who are among the pioneers of this section, and he was always well respected until the implication in this case. His friends believe he will be able yet to clear himself of the charge.

Ditch Construction Blocked. MINDEN, Neb., Dec. 26.—(Special.)—The recent decision of the supreme court in reversing the judgment of the district court allowing the establishment of a drainage ditch in the north part of the county has been received by the interested parties with much disappointment. The proposed drainage district has been suffering from overflows and the recent relief under the old drainage act by applying to the county board for the privilege of constructing a ditch carrying the surplus water more directly to the river. This attempt was enjoined by the owner of the land through which the ditch was to be run. The decision seems to practically nullify all attempts to drain land by short-cut ditches under the old act passed in 1881 without the consent of the owner of the land through which the ditch must pass.

MORE TROUBLE THAN CHEER St. Louis Man Kills Himself in Presence of Christmas Revelers. ST. LOUIS, Mo., Dec. 26.—On a crowded street corner in the midst of numerous students celebrating Christmas day, James Hornish, deserted by his wife and made miserable by the sight of the joy around him, quitted the merry-makers by ending his life, taking carbolic acid, yesterday. His wife left him last Saturday. According to Hornish's landlord, the father, Joseph Hornish, lives in Omaha.

The only Hornish in the Omaha directory is James B. a helper in the employ of the Union Pacific road, and he has no children.

Danger in Asking Advice. When you have a cough or cold do not ask some one what is good for it, as there is danger in taking some unknown preparation. The remedy is Honey and Tree Cures coughs and prevents pneumonia. It is genuine in a yellow package. Refuse substitutes. For sale by all druggists.

PLATTSMOUTH—The Burlington shops here closed the night before Christmas until January 2.

LITCH—A large combination pipe and iron organ arrived here for the German Lutheran church Saturday.

LITCH—Samuel Harvey, aged 83 years, died last evening from this city after a lingering illness of Bright's disease.

LITCH—B. DeFrance, who is to be the permanent station agent here, with his family arrived here from Eldorado, Neb., Wednesday.

NEBRASKA CITY—The Morton-Granger packing house Tuesday night was the scene of the largest killing made in one day for some time.

LITCH—A Buller, whose husband was killed by a Burlington passenger train about two months ago in this city, has been awarded \$500 by the railroad company.

COLUMBUS—There have been twenty-two deaths from pneumonia in Columbus in the last two weeks, the amount changing hands being \$100,000.

WOOD RIVER—Miss Anna E. Colvin of Prairie Creek township and Charles E. Rly, prominent farmer residing near Wood River, were married yesterday morning at St. Paul.

WOOD RIVER—J. J. Guinan of this place has returned from Kansas City, where he was united in marriage to Miss Minnie White of that place. They will make their home here.

WOOD RIVER—Clarence Snow, a lad 14 years of age, was riding a horse last evening when the animal slipped and fell on his right leg, crushing the ankle bones and badly lacerating the flesh.

LITCH—Allen, daughter of Mr. and Mrs. E. Allen, daughter-in-law of Mr. and Mrs. E. Taylor, was married to Mr. E. Taylor, son of Wm. Lorimer of the Presbyterian church, at St. Paul, Minn., last evening.

LITCH—Rev. Mr. Frank, a former pastor of the German Lutheran church, returned from Germany last week, where he presided over the institution. This was his seventh trip across the ocean.

POLITICS AMONG TEACHERS

Many Candidates for State Superintendent in Evidence.

ROUTINE WORK NOW IN PROGRESS

Chancellor Andrews of the State University Named by Nominating Committee for President of Association.

(From a Staff Correspondent.)

LINCOLN, Dec. 26.—(Special.)—The feature of the meeting of the State Teachers' association tonight was the lecture by Preston W. Search of Cincinnati on the subject, "Face to Face With Great Ideas." The lecture was given in the auditorium of St. Paul's church, which was crowded. Miss Ethel Reed of Auburn sang a solo. A large number of teachers arrived last night and today and the Lindell hotel lobby is as crowded as it used to be in the good old convention days. And a meeting parlous some what of a political convention on this occasion because of the numerous candidates for state superintendent who are present and the campaigning for the position of president of the association. Superintendent Thomas of the Kearney normal school was one of the arrivals last night. He reported his school in excellent condition and remarked, when the McBrien letter was suggested to him, that the students of the normal school were skating on Lake Kearney to celebrate the holidays. Superintendent Davidson of Omaha, who has made such a hit with the Nebraska teachers with his excellent address early on the ground and he predicted the present meeting was going to be a mighty good one. James E. Delsell, member of the State Normal board, who also wants to be state superintendent, came in today and is taking as much interest in the election as he can get in his own candidacy. H. J. King of Otoe county is another popular county superintendent who wants to be state superintendent. A. L. Caviness of Fairbury, former treasurer of the association and also a candidate for state superintendent, is displaying a decided interest in the matter of others. Superintendent McBrien has changed his office to the lobby of the Lindell for the present and is taking as much interest in the meeting as though he, too, were a candidate for state superintendent, though everyone knows he is not. Superintendent Craybill of the Peru normal is here talking about his school and meeting his old teacher friends. The special sessions began to grind today and the meeting is on in earnest. The executive committee is holding forth in the lobby of the Lindell.

Junior Normal Banquet. One of the most enjoyable affairs of the meeting was the banquet tonight given by the junior normals and the normal training and high school adherents. The affair began at 5:45 o'clock in the basement of St. Paul's church, the supper having been prepared by the women of this church. The menu was a very good one and differed from the ordinary banquet in that things to eat were served, instead of frills and gewgaws. The bill of fare was a neat arrangement on which was printed the best picture of Governor Sheldon in existence. W. K. Fowler acted as toastmaster and the following toasts were made: "Junior Normal Schools," Superintendent George H. Thomas, MeCook; "Junior Normal Schools," Superintendent H. H. Havens, Alliance; "Normal Training in High Schools," Dr. A. J. Jentzen, Nebraska; "Greetings from Peru State Normal School," President J. W. Crabtree, Peru; "Greetings from the University of Nebraska," Dr. H. K. Wolfe; "Greetings from the Kearney State Normal School," Dr. J. L. Bixby, poet laureate; "From the Teachers' Desk to the Bar," Hon. C. N. Sloan, Geneva; "Schools," Hon. F. A. Harrison, Lincoln; "Our Public School System," his excellency Governor George L. Sheldon; "The Public School and the State," Charles Fordyce, Nebraska Wesleyan university.

Academy of Science. The annual meeting of the Nebraska Academy of Science, President J. B. King, closed this morning and will continue until tomorrow evening. The meetings are held in room 20, Nebraska hall at the state university, and the presiding officer is Prof. F. E. Clements, formerly of the Nebraska university, who is president of this organization.

The session this morning opened with an illustrated lecture by Dr. H. B. Ward of the state university, who spoke on the subject, "The Salmon Family and Its Migrations."

Dr. T. L. Bolton of the state university gave a discussion on "Genetic Study of Make-believe," after which Dr. G. E. Condra gave a review of the year's work in geology and geography. B. Daise reviewed the year's work in chemistry.

The annual banquet of the association was given at 7 o'clock this evening in room 26, Nebraska hall. At the evening session the president's address was read. Prof. F. E. Clements gave an illustrated address on "Methods of Evolution."

Andrews for President. The Nebraska State Teachers' association this evening elected the following officers for the ensuing year: President, Chancellor E. Benjamin Andrews, University of Nebraska; vice president, H. H. Hahn, Blair; secretary, Miss Gertrude Gardner, Fremont; treasurer, A. H. Staley, Superior; member of reading circle, C. W. McChiehl, Holdrege; member executive committee, B. W. Staley, Superior. Mrs. H. B. takes the place of A. L. Caviness, whose term on the committee has expired.

NEBRASKA NEWS NOTES. PLATTSMOUTH—The Burlington shops here closed the night before Christmas until January 2.

LITCH—A large combination pipe and iron organ arrived here for the German Lutheran church Saturday.

LITCH—Samuel Harvey, aged 83 years, died last evening from this city after a lingering illness of Bright's disease.

LITCH—B. DeFrance, who is to be the permanent station agent here, with his family arrived here from Eldorado, Neb., Wednesday.

NEBRASKA CITY—The Morton-Granger packing house Tuesday night was the scene of the largest killing made in one day for some time.

WOOD RIVER—Clarence Snow, a lad 14 years of age, was riding a horse last evening when the animal slipped and fell on his right leg, crushing the ankle bones and badly lacerating the flesh.

LITCH—Allen, daughter of Mr. and Mrs. E. Allen, daughter-in-law of Mr. and Mrs. E. Taylor, was married to Mr. E. Taylor, son of Wm. Lorimer of the Presbyterian church, at St. Paul, Minn., last evening.

LITCH—Rev. Mr. Frank, a former pastor of the German Lutheran church, returned from Germany last week, where he presided over the institution. This was his seventh trip across the ocean.

WHAT CLUB WOMEN ARE DOING

Civil Service Reform Committee Issues Instructions.

WORK FOR WOMEN IN THE SOUTH

Pay of Buffalo Women School Teachers Raised to Same Scale as that of Men.

(From a Staff Correspondent.)

MISS PERKINS, chairman of the civil service reform committee of the General Federation of Women's clubs has issued the following communication to club women through the Federation Bulletin: The chairman of each general federation club has a large part to play in the present reform work, that its security and permanence rest upon the power to secure "true" reforms in any and every case. Laws and work are valueless, if we do not have "true" reforms in any and every case. Our club women are called upon to help in so many directions to remedy abuses, to press forward laws to initiate reforms, all appealing to heart and head, things vital to the accomplishment, that they are easily in danger of forgetting the keynote of the arch-chose of instruments to carry out good laws, or reform methods.

Laws and work are valueless, if we do not have "true" reforms in any and every case. Our club women are called upon to help in so many directions to remedy abuses, to press forward laws to initiate reforms, all appealing to heart and head, things vital to the accomplishment, that they are easily in danger of forgetting the keynote of the arch-chose of instruments to carry out good laws, or reform methods.

MISS PERKINS, chairman of the civil service reform committee of the General Federation of Women's clubs has issued the following communication to club women through the Federation Bulletin: The chairman of each general federation club has a large part to play in the present reform work, that its security and permanence rest upon the power to secure "true" reforms in any and every case. Laws and work are valueless, if we do not have "true" reforms in any and every case. Our club women are called upon to help in so many directions to remedy abuses, to press forward laws to initiate reforms, all appealing to heart and head, things vital to the accomplishment, that they are easily in danger of forgetting the keynote of the arch-chose of instruments to carry out good laws, or reform methods.
