AFFAIRS AT SOUTH OMAHA

Jesse Walters Arrested for Robbing and Firing Pawn Shop.

WANTS TO BE TRIED IN A HURRY

Clerk Advertises for Supplies for City and Inserts Provision Intended. to Cut Out Chance for Jobbery.

The diligence of the South Omaha police force bids fair to depopulate the criminal colored population of the city. Detective P. H. Shields discovered Jesse Waiters among the prisoners in the Omaha juil yesterday afternoon. He is, wanted in South Omaha for burglary. Walters was arrested Wednesday noon in Omaha for taking \$1.40 from a cripple. He gave his name as Henry Johnson in Omaha. Shields went to Omaha in search of this man and happened to inquire at the jail. The description fitted so well that Shields took a look at the negro and a man he had taken to Omaha to identify the negro, if found, had no difficulty in recognizing him on the spot. As soon as the identification was complete, Walters confessed to robbing the pawn shop of Dave Brown, 2513 N street, early Christmas morning. He also set the building afire but he denied that he had intended to do it. He claimed it must have been an accident from the matches he used. Walters appeared very anxious to receive his sentence. He said: "I don't want no long trial, and I won't make no trouble. I want to git what I's gwine to-quick!" This apparent eagerness made the officers think that possibly a far more serious crime may be the urgent reason, and that Walters wants to get into the penitentiary, hoping to avoid further suspicion. He will be kept until any such case may be looked into. Walters goes under the nickname of "Red Bird."

Hurt by Fall from Car. J. P. Helgren has slightly recovered from the injuries he received Christmas eve near Forty-sixth and Q, and with his recovery some further details of his injury have been learned. The incident was not due to any indulgence in liquor, for the aged gentleman is a member of the Lutheran church and strictly temperate. He had worked hard all day, and it had often been his custom to ride on the cars during the evening for a trip or two as a rest. This time he was delivering a Christmas present and should, it is said, have taken the Hanscom park car in Omaha, but by accident got on the West Q street car and did not discover his error until nearly to the end of the line at Fortieth street. Then he asked to be let off, and when the car did not stop as he desired, attempted to alight while it was moving. The fall stunned him, though he did not appear seriously hurt. After that he wandered about aimlessly and either fell off the bank at Forty-sixth and Q streets or was beaten by held-up men. This he can not remember of the street of the lady Alicia. Mr. Wolff, Mr. Reed and Mr. Lawrence belp amazingly in developing the drollery of "Happy-Mr. Poppen leads a hussar chorus

a solo, "Hail, Gentle Eros," that is one of the best things in the lot; the curtain is raised on a stage that is totally dark, and then, as the light is slowly turned on, simulating the breaking of day, Miss Shayne has her chance, and it is perfectly taken. A chorus of girls follows this, and a dance that is well devised, and the piece is under way. Miss Shayne also has another fine opportunity in a duo with Mr. Phillips.

Marguerite Clark is given all the work the most ambitious of soubrettes or prima. donnas might ask. She has a solo and duet in the first act, a solo with chorus in the second, and solo with the stage all to herself. Each of these numbers is a hit. One wonders where so much voice can be stored in such a little body, but it is a sweet and musical voice with range and power. Miss Clark dances gracefully and flits like a sprite in and out of the action of the piece, leaving no wonder as to why she is popular. And Ada Deaves is making fun just as

she has for-well. Ada may not care, but it wouldn't be nice to say how long. She is the ploneer of the women who hide their beauty behind grotasque applications of paint and under horrid wigs, just to make at the Blanck saloen. And she is still the leader of the lot, too. Her clever way, admitted long ago, has not forsaken her. The chorus, both male and female, is numerous, comely and qualified to sing. The hits are too numerous to mention, and the laughspout is turned on full and at high pressure most of the time. Mr. Hopper obliged last night with a curtain speech that is brand new so far as Omaha goes, and thereby won more applause. The audience was large and gave ample evidence of its enjoyment.

Notice was given that the protest against Peter Peterson, 2706 Leavenworth street, would be appealed to the district court. but the board decided to issue the license

pending the appeal. Evidence in the Perkins case dwelt upon the character of the house operated, members of the police force testifying that many prize fighters congregate about the place; that on one occasion the safe in the saloon was robbed and that a man who claimed to have lost a considerable sum of money afterwards received from members of the firm the amount of money taken; that at one time gambling was conducted in the rooms over the saloon and that all persons in the room were arrested. but the county attorney filed no complaint; cards, chips and tables were taken and a bell connected the supper room with the bar of the saloon. The place was raided twice during 1906, but never in 1907; that electric devises for loaded dice were taken from the place.

Peter Loch testified that the batteries had been left in pawn with him and he had no dice or other things with which to operate the device; that all prize fights and other matches were arranged by him without the co-operation of Perkins.

John C. Blanck, with his bartender and porter, appeared and swore that he had nothing to do with the sale of beer in the rear of the building where his saloon was operated, and that the beer sold by Johnson in his restaurant was not purchased

John Martig, twice arrested for maintaining a disordely house at 1992 Howard street, having been convicted once and having pleaded guilty once, explained that neither time had he sold any liquor on Sunday, but had been compelled to go into the saloon after ice, as he runs a boarding house in connection with the place, and that he pleaded guilty because he was told he could not open his place if he contested the case.
