FAITHFUL DOG

Mrs. Burns Found Dead in Woods Three Miles from City.

DOG BARS APPROACH OF STRANGER

When Master Comes Evidence is Seen that the Faithful Guardian Had Endeavored to Rouse His Mintress.

With the faithful coille dog standing guard over it, the dead body of Mrs. J. E. Burns, who left the home of her sister, Mrs. Robert Budats on East Broadway Thursday morning for a walk, and had not been seen since, was found about noon yesterday in a guich on the farm of

The discovery was made by John H. Sales, who resides on the farm. Mr. Sales had driven to a point near the gulch in which the body was found to get a load of wood, when his attention was attracted by the dog, which appeared to be standing over something white. When Mr. Sales started to investigate the faithful animal would not permit him to approach near enough to distinguish what the object was. Mounting to the top of the bank of the guich Mr. Sales was able to distinguish the form of a woman...

Hastening to his home Mr. Sales notified the sheriff's office, who in turn notified Mr. Budatz. Deputy Sheriff Groneweg and Mr. Budatz hastened to the place, where several persons had already congregated. The dog refused to allow anyone to approach the body until his master, Mr. Budatz, arrived.

The body was found lying in a small draw in a gulch of considerable size about a mile back from the Owens home. Indications were that Mrs. Burns had dropped to the ground after her long walk over the hills and ravines and had died in her sleep. The body was frozen stiff and it is thought death came Thursday night. Much of her outer clothing had been torn off and it is believed this was done by the dog in its efforts to arouse his mistress. The body was brought to Cutler's undertaking rooms

It will not be necessary now for the city to proceed further with the proposed mandamus proceedings to the release of the quarantined horse belonging to the fire department. Yesterday Dr. S. T. state veterinarian, issued orders that the animal be turned loose. There is a string, however, to the lease in the form of an understanding that the horse shall be subjected to examination at frequent intervals to be sure that there is no centagious or infectious disease lingering.

City Solicitor Kimball, who notified Dr. Koto by telegraph Thursday that unless the animal was released at once mandamus proceedings would be brought, received a letter yesterday from the state veterinarian stating that Assistant State Veterinarians Miller of this city and Simpson of Denison had been instructed receipt of this letter the release of the horse was ordered by Dr. Miller.

For some time the animal has been quarantined in the barn of Veterinarian McRoberts on Benton street, who is understood to have a good-sized bill against the city or Councilman Younkerman, not only for the keep of the animal, but for examining and treating it. When this cistm comes before the city council there is ilkely to be more or less fireworks, as several of the councilmen contend that Mr. Younkerman acted without authority in placing the horse in care of Mc-Roberts and thus entailing expense on
