the Ensuing Year.

SQUABBLE OVER THEIR CUSTODY

Clerk Refuses to Take Charge of Them and Councilman Martin Finally Gathers Them Up-Jail Matter Up Again.

The special session of the city council last night was one of considerable importance. Bids for supplies were received and referred to the committee of the whole. The Nebraska Daily Democrat was desighated as the official paper of the city, and publication at the charter rate, which is 30 vents per square.

H. G. Pike, the Citizen Printing company and White & O'Brien were competitors for the legal forms and official supplies. The total of Pike's bid was \$575; that of the second bidder, \$914; and the third, \$932.25. On various items the bids of each company The city reserves the right to accept the bid on each item, and the contract need not be confined to any one bidfler, but may be distributed to all three. The Stott Stationery company bid on the office stationery, being the only bidder.

For supplies of hay, grain, coal, sand, lumber and cement there were a number of bidders. A L. Berquist was apparently the lowest on coal and feed. J. B. Watkins and the Crosby-Kopletz-Casey company were close competitors on lumber, sand, cement and sewer pipe. Other bidders were Broadwell-Rich, Joseph Pivenka, L. M. Rushing, Peter Lenagh and N. D. Mann & Son.

At the close of the meeting hot words were passed between William T. Martin, chairman of the committee of the whole, and J. J. Gillin and his assistant, over whoshould have charge of the bids. The clerk attached a certified check. The clerk event out and left them. Later Martin picked them up. On a former occasion it was charged that someone had allowed the bids to be changed before they were tabulated. While the charges were never believed, the clerk declared he would have nothing to do with bids at any future date. He insisted on reading each bid in full, so that any changes might be noted if such were sttempted.

After the reading of the blds John Latenser explained the jail situation to the rity council. He said that whether the "A Corner in Coffee" at the Boyd. plans and specifications called for bar work. or for plate the Champion Iron company had violated its contract. He explained the whole situation in detail and sand would stand by the city in compelling the contractor to live up to this conception of the agreement. The councilmen were much interested in the statements and agreed to meet with the city attorney Thursday after smoon to take action. It is likely that a smoon to take action in the Champion Iron

> BOISE, Idaho, Dec. 31 -The defense rested in the Pettibone case this morning and offered to submit the case to the jury without argument.

When court convened this morning the defendant was at his place, but showed plainly the effects of his illness. After the formalities of opening the court had been concluded, Mr. Hilton for the defense announced that the defense would rest its case and offered to submit it to the jury without argument. This announcement came as a complete surprise to the state. Judge Hilton said he had gone over all the testimony and as the state had failed to connect the defendant with the crime charged in the indictment, it had been decided to offer no further testimony,
