Commercial Club Luncheon. At the monthly meeting and lunch o the Commercial club at the Grand hotel last night, Captain A. Overton, an old steamboat man, gave it as his opinion that the navigation of the Missouri river was practically an impossibility nowadays on account of the difficulty of obtaining fuel. In the old days, Captain Overton explained, steamers could stop at almost any point on the river and replenish the supply of fuel from the timber along the banks. Nowadays, however, a steamer would have to carry coal for fuel, and the amount of coal necessary would preclude the boat carrying any other cargo. Captain Over-

I am in favor of a strict enforcement of the mulct law. If the saloon keepers do not obey the law they should be punished. I would not monkey with them at all and I would enforce the law if it took forty policemen to do it. If a saloon keeper were shown to have disregarded the law I should revoke his license. The nomination for sheriff will, according to present indications, bring out the largest number of candidates. Sheriff Canning has announced that he will not seek a third term and this guve his deputies a free rein. With the exception of Jailer Gallup, they are all in the field. To the list of deputies must be added George of Walnut and probably others who will show up later!

W. C. Cheyne has not yet announced his intentions as to whether he will seek a renomination for county auditor or not. His deputy, John Pusey, some weeks ago announced he was a candidate for this nomination and there likely will be one candidate and possibly more from the east

end of the county. So far as the county recorder's office is concerned there has been little or no talk up to date. The present incumbent, G. G. Baird, who is serving a second term, has declined to state yet whether he will be a candidate for renomination or not.

It is said there will be several candidates for the Board of Supervisors, three members of which are to be elected this fall. County Surveyor J. H. Mayne is out for the republican nomination for city engineer and being the only candidate in the field will undoubtedly get it. If he falls of election it is understood he will seek a re-

BIG FIRE IN PEORIA, ILLINOIS Several Business Blocks Burned, Caus ing Loss of Quarter of Million.

PEORIA, Ill., Feb. 6 .- One of the most disastrous fires which has visited Peoria in many years occurred tonight, consuming practically one whole business block on Adams street.

It was hours before the fire department could gain control of the flames, which were fanned furiously by a forty-mile wind. The fire is supposed to have originated in the basement of the James McAdams Tailoring company. The total loss is estimated at \$250,000

Fire swept practically one whole block on South Adams street, in the principal busi ness portion of the city, laid low one fourstory, one three-story and a half a doze two-story buildings and left a loss of \$250,-000. The fire started at 10 o'clock in the front of the Watson building, a fourstory structure, occupied by the J. McAdams company, tailors: Columbia Phonograph company and the W. W. Kimbail Piano company. Every available fire apparatus in the city was brought into play, but the flames were fanned from the rear by a stiff breeze. The Schleicher building, all three floors of which were occupied by Schleicher & Son, furniture dealers, was the next building to catch. In quick succession the Home Savings bank, Mentor Rosenbloom & Co.'s departalry armory and E. A. Strauss, wholeinent member of the Maccabees. This is his specialty—his sole occupation—his one claim to supremacy. And he has the facilities.

He has ovens so hot that they break down the fibre of beans and make them digestible. You cannot do that. He bakes in live steam, so the beans are baked well without browning or bursting. Our beans are nutty, yet mealy.

Our ovens are heated to 245 degrees. That's why our beans are digestible

We get better beans than you get. And we pay for them seven times what some beans would cost. Our sauce is made from vine-ripened tomatoes. It costs

us just five times what some sauce is sold for. Then we bake the beans, the tomato sauce and the pork all together. Thus we get our delicious blend.

Van Camp's pork and beans baked with tomato sauce

Beans are Nature's choicest food when they are rightly baked. They are 23 per cent nitrogenous-84 per cent

That's about the same as the food value of beef, but note what a difference in cost. Beans should be a daily

Get Van Camp's beans, and your people will want them often. Then see what you save on your meat bills.

You will never be content with homebaked beans after you once know ours

Van Camp's are always ready. Heat the can in hot water-then open. It will seem as if the beans were fresh from the oven.

When you are tired, here's a meal without labor. When you are hurried, here's a meal in ten minutes. And such a meal! What do you know that compares with it? But be sure to get Van Camp's. Other brands won't
