ENGLISH CHURCH SQUABBLES

Queer Things that Happen to People Across the Water. BISHOP'S POWER QUITE LIMITED. In Certain Cases He is Able to Make Things Interesting for Those Who Are Under Him.

LONDON, Feb. 15.—(Special.)—There has just occurred a striking example of that spirit of intolerance in the Church of England which contributes so much to the growth of the feeling in favor of disestablishment. The Right Rev. Father, in God, Edgar Charles Sumner Gibson, bishop of Gloucester, has withdrawn the license of an aged minister for the heinous offense of conducting religious services in a dissenting chapel and refusing to promise that he would not do again.

The Rev. W. Lockett is 96 years old. For more than fifty years he has served the church faithfully to the entire satisfaction of his parishioners and his ecclesiastical superiors. After having held his last living for a quarter of a century he retired to Shepstone to spend the evening of his days and was introduced as the venerable Gloucester as an occasional preacher in the diocese.

All went well with him until some months ago, when the rectory of the parish in which he lived and worshipped changed hands. The new incumbent belonged to the High church party and introduced various rites and ceremonies into the service. Many contended that such practices are diametrically opposed to the doctrines of the Church of England. It is one of those subjects which pious folk within the fold are always squabbling about.

DOES IT PAY TO BE A LAWYER?

Argument For and Against in Enormous Fees and Piffances. HALF MAKE HUNDRED A MONTH. On the Other Hand One Hundred and Fifty Thousand-Dollar Fees Are Not Out of the Question.

Does it pay to be a lawyer? Judge W. D. McHugh of Omaha, who last week was accorded a fee of \$48,000 for services in the Creighton estate; T. J. Mahoney, who, with J. A. C. Kennedy, received fees in excess of that amount for services in the same estate; the late James M. O'Connell, who received \$100,000 for settlement of a will case in Montana; General John C. Cowin, who was paid \$75,000 by the United States government for looking after the foreclosure proceedings against the Union Pacific; Charles B. Keller, who secured \$25,000 for securing the redemption of the purchase of a few years ago of the Douglas county poor farm, and several other successful Omaha attorneys who have secured large fees, would probably answer the question in the affirmative.
