JAP. CABINET FACES CRISIS

Immigration Question Causes Stir Among Politicians.

AOKI SIDING WITH OPPOSITION

Policy of Foreign Minister Hayashi is Likely to Be Put to a Test at an Early Date in the Diet.

TOKYO, Feb. 19.—The memorandum of the Japanese government in reply to that of the United States on the subject of immigration mentioned yesterday by the Associated Press was handed to Ambassador O'Brien today.

It is understood that it agrees in the general terms with a number of suggestions made by the American government and requires a further restriction of immigration by the practical prohibition of laborers. The Japanese government points out that the restrictions already enforced, including the closing of immigration to Canada, Mexico and the Hawaiian islands, will meet the complaints from America almost impossible.

Every evidence goes to prove that the Japanese government has been unparing in its effort to avoid further complications arising from the immigration question, but the government is facing a powerful opposition from the American companies, who are behind a proposed resolution in the Diet to ensure the foreign policy of Viscount Hayashi, minister of foreign affairs, toward China, America and Canada.

Should the resolution be introduced in the Diet it will probably be defeated by a narrow margin.

Its passage would certainly entail the resignation of the cabinet. Should the cabinet be changed, the best informed Japanese believe, a new administration would closely follow the immigration policy of Minister Hayashi.

Ex-Ambassador Aoki since his arrival has not called upon the foreign office, nor has he submitted a report on the situation at Washington, but has assumed an attitude of unfriendliness to Minister Hayashi. It is believed that Aoki is joining forces opposing the Foreign office.

TEST OF NATAL ACT TO BE MADE

Japanese Laborers Arrested and Sent to Prison.

SEATTLE, Wash., Feb. 19.—A dispatch to the Post Intelligencer from New Westminster, B. C., says the natal act passed unanimously by the provincial government was tested yesterday when the two Japanese from Portland, who on Friday last, insisted on entering British Columbia, were fined \$50 each and sentenced to two months imprisonment. This is the full penalty under the act.

Okazaki and Nakani, the two men sent by the Japanese government to make the test were given the option of putting up two sureties and \$200 each that they would leave the country immediately. They refused this chance to escape, as instructed by their counsel, and will continue the fight on appeal.

Neither man can speak a word of English and both were attempting to enter the country in defiance of the act. Counsel for the provincial government asked that full penalty be imposed that the sentence might be a salutary one.

Tomorrow, before Chief Justice Hunter, counsel for the Japanese, who is really acting at the instance of the Ottawa government, will institute habeas corpus proceedings.

AMERICAN TRADE IN ORIENT

Complaints Made that it is Suffering Through Japanese.

WASHINGTON, Feb. 19.—A speech by the effect that the State Department is about to address a protest to Japan against its attitude in Manchuria and that this was to be done upon the instance of the Chinese government met with equivocal denial at the State department. It is admitted that the Chinese government is suffering in the orient, but it is believed that other causes than Japan's attitude are principally responsible.

DEMOCRATS EARLY IN FIELD

Numerous Candidates Announced for Positions of Delegates to Denver Convention.

SIoux FALLS, S. D., Feb. 19.—(Special.)—Thus far but few republican candidates have appeared in the field or been mentioned for election as delegates to represent the republicans of South Dakota at the republican national convention. But it is probable that within the next week or two candidates will appear in all of the judicial districts from which it is customary in South Dakota to elect delegates to the national convention of the great party.

The democrats of the state evidently believe in taking time by the forelock, for thus far a number in different parts of the state have announced their candidacy for election as delegates from South Dakota to the democratic national convention at Denver.

The democratic state convention for the election of eight delegates to represent the democracy of South Dakota at the Denver convention will be held at Mitchell on April 7.

The democrats of Roberts county will present the name of T. H. Peever of Sisseton for election as a delegate from his district to the Denver convention. The democrats of Gregory county have brought into the field F. M. Zielbach, a pioneer resident of Dakota territory and the state of South Dakota, who in early days gained the name of the "Shoofly Governor."

Two candidates for delegate have appeared in the Fourth judicial circuit, in the persons of Edward Leehan of Mitchell and Zack Slatley of Lyman county.

It is probable that Thomas Le Plisiche, a prominent resident of Belle Fourche, will be the choice of the democrats of the Eighth judicial circuit for election as one of the eight delegates.

The only person thus far mentioned in

SHE JUAN FORMULATES BILL

Congressman to Submit Changes in Anti-Trust Law to President for Approval.

WASHINGTON, Feb. 19.—Representative Sherman has formulated three or four bills for the modification of the Sherman anti-trust law along the lines advocated by President Roosevelt in his last message to congress and he called upon President Roosevelt today to say whether in a few days he will submit these bills for the consideration of the president. He said that out of the collection of bills he thought the president would find something upon which himself and congress could agree.

BREAD CAST UPON THE WATER

Postmaster at Cripple Creek to Be Man Who Upheld Dignity of Nation.

WASHINGTON, Feb. 19.—Postmaster General Meyer, after conferring with the president today, said the president would send to the senate the nomination of Daniel E. Sullivan to succeed himself as postmaster at Cripple Creek, Colo. When the president was campaigning in 1907 for the vice presidency he was insulted by a riot at Cripple Creek and Sullivan knocked the man down and settled the disturbance.

DEATH RECORD.

J. I. H. Y. STELLA, Neb., Feb. 19.—(Special.)—J. I. Hays died at the family residence yesterday, one mile south of town. He had been in failing health for the last year, and a month ago took a trip to Texas, hoping the change of climate would benefit him, but soon returned. He was a member of the Ancient Order of United Workmen lodge. He leaves a wife and two daughters and was a brother to M. I. Hays and Mrs. Barney Mullen of this city. The body will be interred in Prairie Union cemetery Wednesday, funeral services being held at the house at 10 a. m.

Underground Water Causes Trouble.

PORT DODGE, Feb. 19.—(Special.)—News was received here late yesterday that the county road seven miles southwest of Livemore, for a distance of thirty feet, has sunk to a depth of ten feet. The cause is caused by a subterranean flow of water, which caused a spout of water nearly 100 feet high Thursday afternoon. The road sunk Friday. Now water at the bottom of the hole is in a raging commotion, impelled by some hidden force.

Heavy Loss at Pierson, Ia.

SIoux CITY, Ia., Feb. 19.—(Special Telegram.)—A large hole was burned out of the business district of Pierson, Ia., this morning. Oil on a stove in a hardware store started the fire which burned besides two general stores, a restaurant and hotel, barber shop and the Odd Fellows hall. The loss was about \$35,000.

DEMOCRATIC VOTE IS PLEDGED

Representative Henry Calls on Speaker to Let Bills Go Through.

WASHINGTON, Feb. 19.—As the result of Mr. Boutwell's laudatory remarks of Speaker Cannon in the house yesterday, Mr. Henry of Texas today said that if Mr. Boutwell's statements were sincere and truly represented the speaker's attitude toward the tollers of the country, the speaker would give the weight of his influence to much-needed legislation.

Mr. Henry disclosed any intention to detract from the praise which had been accorded Mr. Cannon, but he said there were several matters that could be enacted into law within the next few days or weeks "if the speaker would be responsive to the demand of the democrats of the house."

One of these was the employers' liability bill, which, he said, the president had urged in his recent "protechnical message."

The other was the bill requiring notice before injunctions shall be issued by federal judges. "One of your candidates for president, Secretary Taft," he said, "has declared in favor of it and the president himself has asked congress to pass it."

Mr. Henry asserted that if Speaker Cannon wished to reflect the views of miners and tollers of the country he would aid in passing these measures, and that to end Mr. Henry pledged the solid democratic vote of the house.

PROCEEDINGS OF THE HOUSE

Day Spent in Debating the Census Bill.

WASHINGTON, Feb. 19.—The bill providing for the taking of the thirteenth census occupied most of the time of the session of the house today. Progress with it was slow because of numerous amendments offered, but which in the main were rejected. The bill was amended in one important particular, however, and that was limiting the census to the mainland of the United States, Alaska, Hawaii and Porto Rico. The measure will be further debated tomorrow.

Previously to the consideration of the census bill Mr. Henry of Texas, taking his cue from Mr. Boutwell's remarks of yesterday lauding the speaker, asked the republicans to bring in an employers' liability bill and a bill requiring notice before the issuance of federal injunctions.

RAILROADS OPPOSING LIABILITY

Representatives of Corporations Appear Before Judiciary Committee.

WASHINGTON, Feb. 19.—Representatives of several of the great railroads appeared before the house committee on judiciary to oppose a favorable report on the Sterliff and Bates bills relating to the liability of the common carriers engaged in interstate commerce to their employees. The principal speaker was Albert H. Harris of New York, general counsel to the New York Central. Mr. Harris charged that the Sterliff bill was in effect a partial embodiment of the British employers' compensation act, which allows recovery for injury or death regardless of contributory negligence so long as such negligence was not willful.
