> that No Out is Contemplated.

CLEVELAND, O., Feb. 21.-Warren B. Stone, grand chief of the Brotherhood of Locomotive Engineers, today made the following statement in connection with the reported purpose of some railway companies to order a general reduction in the wages of employes:

The threatened reduction of wages of employes in train service is absolutely unjustified from any point of view. Their pay is based on mileage basis, practically piecework, and they are only paid when lands in Standing Rock and Cheyenne these services are performed. Wages of River reservation. employes in train service fall parallel with the shrinkage in business, plus increased tions are threatened with a cut in wages, living expenses away from home. The roads are getting the same return in freight receipts for the service rendered as they did when the business was good, and there is no consistency in asking men to accept further reductions than result from the present business shrinkage, and the full power of the Brotherhood of Locomotive Engineers will be used if necessary in an effort to prevent any further reduction, because it would be absolutely un-

Wageworkers Are Blameless. William G. Lee, assistant grand master of the Brotherhood of Railroad Trainmen, speaking for his organization on the same

subject, dictated the following: "The wage workers have not had a thing to do with this panic and loss of business except to suffer from the mismanagement of some employers and speculators who blundered in the game of dollars on Wall street. NEW YORK, Feb. 21.-Stuyvesant Fah. MOVEMENTS OF OCEAN STEAMSHIPS. has given out the following statement: "The Hon. Farlin Q. The principal incident of the vaccination ajunction case before Judge Kennedy Friday afternoon was the presence of two members of the board of secretaries of the State Board of Health. Dr. W. H. This testimony was in support of the claim of the plaintiff that the ordinance is valid. It is asserted no statutory provision existed at the time giving the council power over vaccination and the way that body could have the power to pass such an ordinance would be in case of an emergency, which, Judge Slabaugh testified, did not exist when the ordinance was passed.

BRADY IS UNDER ARREST President of Kansas City Refrigerating Firm is Charged with Embezzlement.

KANSAS CITY, Mo., Feb. 21.-Eleven in dictments charging the embezzlement of \$76,000 and violation of the warehouse act forbidding the issuing of warehouse recelpts on merchandise not in the warehouse when the collateral is issued were returned by the grand jury today against J. E. Brady, formerly president of the Merchants Refrigerating company, which failed last November. Two indictments charge Brady with the embessiement of \$76,000 from the Merchants Refrigerator company, and the other nine indictments, each containing two counts, charge violations of the warehouse act. Violation of the warehouse act is a felony under the law. The nine violations of the act are said to cover transactions in butter and eggs aggregating in value about \$49,000. The embezzlement in dictments have to do with the disappearance of money that had been deposited to the credit of the refrigerating company in the National Bank of Commerce. Attorneys for Both the State and the Railroads Too Busy with Other Cases to Argue It Until Early in March.

(From a Staff Correspondent.) WASHINGTON, Feb. 21 .- (Special Telegram.)-The proposed opening of Standing Rock and Cheyenne Indian reservations in South Dakota has reached a stage where people from that state are coming on to Washington for the purpose of hastening, if possible, the conclusion of the treaty with the Indians. The latest to appear in behalf of the early opening of the reservation are Isaac Lincoln, F. A. Brown and Colonel J. H. Holmes of Aberdeen, Senator Gamble accompanied these gentlemen to the Interior department and participated with them in a conference with Secrestary Garfield today. They learned that the de lay in reaching an agreement with the Indians on the part of Major McLaughlin. who has been deputized to represent the government in the negotiations with the red men, is due to the fact that the inspector is needed in Montana in a case pending before the grand jury and until he gets through with his business there it will be impossible for him to begin active negottations with the Standing Rock and Cheyenne River Indians. Secretary Garfield, however, assured the delegation that the negotiations will be expedited as rap-

idly as possible. Railroad Case Postponed. Senator Brown, through stipulation with the local attorney representing the defendants in error in the mandamus case of the State of Nebraska against the Chicago, Burlington & Quincy Railroad, announced today the postponement of the hearing of the so-called railroad case until March 9. Attorney W. D. McHugh of Omaha, who will represent the rallroads before the supreme court, and incidentally the judges of the federal district court of Nebraska, cannot get ready for argument before this date, and as Attorney General Thompson and his deputy, W. B. Rose, are engaged in cases next week, it was thought best to postpone the argument in this case until

later, and March 9 was agreed upon. Stephenson Resignation In. Secretary Cortelyou states this evening that the resignation of Elmer H. Stephenson as internal revenue collector for the district of Nebraska had been received by his department and had been accepted. This removes the only obstacle in the way to the nomination of Ross L. Hamp his successor and in all probability, in view of the fact that the senate will be in session tomorrow, his name will be sent to the senate by the president, if not to-

morrow, then on Monday Dolliver to Speak for Allison. Senator Dolliver expects to leave for Iowa early in March for a number of speeches in behalf of Senator Allison's candidacy for re-election. With Dolliver in the field for his colleague it is expected that Representative Birdsafl, who has announced his withdrawal from the race for congress in the Dubuque district, will also go on the stump in Iowa for the "Grand Old Man." Within a month or six weeks there will be a formidable array of well known men in the state championing the

cause of William B. Allison.
