

NORMALS ASKING AID

Committee of Teachers Calls on President in Behalf of Burkett Bill.

GIVEN PROMISE OF ASSISTANCE

Nebraska Well Represented at Meeting of the Superintendents.

HOPE FOR SIGNAL CORPS

Senator Warren Will Do His Push it Through Senate.

LAND OFFICES MAY BE RETA.

Burkett and Kinkaid Have a Conference With Secretary Garfield.

(From a Staff Correspondent.)

WASHINGTON, Feb. 24.—(Special Telegram.)—Not in years has there been a more representative body of educators in Washington than there is here today in attendance upon the Department of Superintendence of National Educational Associations.

Nebraska is strongly represented and through its representation it is believed that much good for the association will result.

C. E. Bishop, deputy state superintendent of public instruction of Lincoln, together with John H. Kirk of Missouri, Thomas C. Miller of West Virginia, John H. L. South Carolina, H. G. Williams of Ohio, J. W. Olsen of Minnesota, E. E. Balcomb of Oklahoma are the members of the committee who told the president that they wished to see the bill of Senator Burkett become a law.

They said that the aid proposed in that bill would do for normal schools what the Morrill, Adams and Hatch funds have done for the state universities, agricultural colleges and experiment stations.

The desired instruction is demanded largely in rural communities and to prepare teachers for the work normal schools would be able to reach a larger proportion of the children.

It was pointed out that the bill was requested to aid in the movement for efficient instruction along the lines indicated. The president gave his hearty approval to the general proposition and said he believed much good would be accomplished. He was willing to help in every way in his power.

Among those in attendance were the following: J. H. McBrien, state superintendent, Lincoln; C. C. Bishop, Lincoln, deputy state superintendent; W. W. Stoner, York; J. W. Gamble, J. A. Woodard, Havelock; N. M. Graham, South Omaha; C. A. Fuller, Beatrice; Joseph R. Fink, Hebron; R. J. Barr, Grand Island; A. O. Thomas, Kearney; W. L. Stephens, Lincoln; J. W. Mengel, Wabash county superintendent; G. W. A. Luckey, State university, Lincoln; J. W. Crabtree, president Normal school, Peru; George S. Towne, editor Nebraska Teacher, Lincoln; George Bouger, principal, Kearney and W. H. Chennock, president of the normal school at Fremont.

Hope for Signal Corps Bill.

There is hope for the signal corps bill, according to Senator Burkett. Today he has extended interviews with Secretary Taft and General Allen, chief of the signal corps.

An agreement has been reached whereby the Burkett bill being reported out of committee and passed. Senator Burkett has been even more encouraged by the statement of Senator Warren, chairman of the military affairs committee of the upper branch of congress, that he would favor the bill as it stands.

Statistics are being compiled and furnished Senator Burkett from time to time by the chief of the signal corps to fortify his bill, and it looks now as if there was a chance for its passage. But no one can tell what would be the result of the bill as it stands before the bill is placed on its final passage.

Land Offices May Stay.

There is every reason to believe that the land offices at Broken Bow and O'Neill will be retained under special direction of the secretary of the Interior.

O'Neill does not show on the records any great amount of land still to be taken up, but it does show a large number of land holders under the O'Neill jurisdiction, and there is still a sufficient amount of land to be taken up in the district to warrant its retention for the next two years at least.

The agitation growing out of land offices whose usefulness to the districts in which they were created had been questioned by the O'Neill and Broken Bow districts, but a superficial investigation could not convince Moses P. Kinkaid of the Sixth district that they should be abandoned without a proper presentation of facts, and he invited his colleagues to assist him in presenting the claims of these two land districts to Secretary Garfield.

The secretary called the members of the delegation to meet with him in discussion of these offices. Senator Burkett and Judge Kinkaid met Secretary Garfield on Thursday and "scrapped" out the discontinuance of the Broken Bow and O'Neill offices. As a result of the conference it seems fair to assume that the districts in which Broken Bow and O'Neill are situated will not be abandoned for some time to come.

Ditch for Logan Valley.

Judge Boyd has succeeded in getting the secretary of agriculture in the Logan valley in his district and as a result of very many personal appeals from the farmers living in that valley has secured from the Department of Agriculture an engineer who will locate a drainage ditch for those interested.

Secretary Wilson has ordered the engineering department to send a competent man to Cedar county in May to run the ditch. In the case of the Winnebago Indians it will be necessary to secure legislation to cross the Indian reservation situated along the ditch and to permit the use of tribal funds for the purpose of digging the ditch, but this it is thought will be easy of accomplishment in view of the fact that both the farmers and Indians are interested in the development of lands in the Logan valley.

Misses Matters at Capital.

Senator Brown today submitted a motion in the supreme court for the purpose of dismissing the case of Lincoln to dismiss the case of Hafner against Dubrenski on appeal from the territorial supreme court of Oklahoma.

The following board is appointed to meet at Fort Crook for examination of applicants for commissions: Lieutenant Colonel William B. Davis, deputy surgeon general; Major William E. Blauvelt, Captains Edward B. Chrisman, Harry F. Dalton, Second Lieutenant Captain Haywood B. Hansell, assistant surgeon, and First Lieutenant Sydney Smith, Sixteenth Infantry, records.

Miss Kramer, daughter of Charles Kramer, postmaster at Columbus, who has

REBATE LAW HOLDS GOOD

Hepburn Act Does Not Repeal It, Says Supreme Court.

MUCH HINGES UPON DECISION

Federal Tribunal Decides Great Northern Company Must Pay in Hotly Contested Minnesota Case.

WASHINGTON, Feb. 24.—The question whether the railroad rate law known as the Hepburn act repeals section one of the Elkins act prohibiting rebates on railroads, was involved in the case of the Great Northern railway company against the United States which was decided today by the supreme court of the United States against the railroad company and against the contention of such appeal.

The case was instituted in the United States district court for the District of Minnesota, which court fined the railroad \$1,000 each for fifteen violations of the rebate section of the law.

The alleged offenses against the law were committed during the summer of 1905 and consisted of granting concessions to the W. P. Devereaux company on its shipments of oats and corn from Minneapolis to points in Washington. The company admitted the concessions and found the prosecution on the ground that by amending the Elkins act so as to provide for punishment by imprisonment rather than by fines the Hepburn act had modified the original law as to accomplish its repeal and render punishment under it impracticable.

Justice White said that the effect of the Hepburn law in repealing the Elkins act must be considered in the light of section 13 of the revised statutes, which provides that the repeal of any statute shall not have the effect of changing any liability incurred under the statute repealed. He said it was clear that the mere repeal of conflicting laws is in no way repugnant to that statute and there could be no contention that standing alone the act had the result of destroying the effect of section 13.

Justice White said that the effect of the Hepburn law in repealing the Elkins act must be considered in the light of section 13 of the revised statutes, which provides that the repeal of any statute shall not have the effect of changing any liability incurred under the statute repealed.

CHINA IS GREATLY MYSTIFIED

Conference of Governors of Province of Manchuria Called for Early Date.

PEKING, Feb. 24.—A conference on the existing situation in Manchuria is to take place in Mukden during the first week of March, when the governors of the three provinces composing Manchuria will meet Hsu Shih Chang, the viceroy of Manchuria.

Tang Shio Yi, the governor of Mukden, has been summoned to come to Peking immediately after this conference. The reason for this step is that China is apprehensive of further political surprises in Manchuria. It is mystified by the situation there, especially by the possibility of the establishment of new municipal governments under Russian control, such as is the case at Harbin, followed by regulations for punishment of offenses against the Russian imperial government and other sequences of the process of adjusting the municipal government of the establishment of new municipal governments under Russian control, such as is the case at Harbin, followed by regulations for punishment of offenses against the Russian imperial government and other sequences of the process of adjusting the municipal government of the establishment of new municipal governments under Russian control, such as is the case at Harbin, followed by regulations for punishment of offenses against the Russian imperial government and other sequences of the process of adjusting the municipal government of the establishment of new municipal governments under Russian control, such as is the case at Harbin, followed by regulations for punishment of offenses against the Russian imperial government and other sequences of the process of adjusting the municipal government of the establishment of new municipal governments under Russian control, such as is the case at Harbin, followed by regulations for punishment of offenses against the Russian imperial government and other sequences of the process of adjusting the municipal government of the establishment of new municipal governments under Russian control, such as is the case at Harbin, followed by regulations for punishment of offenses against the Russian imperial government and other sequences of the process of adjusting the municipal government of the establishment of new municipal governments under Russian control, such as is the case at Harbin, followed by regulations for punishment of offenses against the Russian imperial government and other sequences of the process of adjusting the municipal government of the establishment of new municipal governments under Russian control, such as is the case at Harbin, followed by regulations for punishment of offenses against the Russian imperial government and other sequences of the process of adjusting the municipal government of the establishment of new municipal governments under Russian control, such as is the case at Harbin, followed by regulations for punishment of offenses against the Russian imperial government and other sequences of the process of adjusting the municipal government of the establishment of new municipal governments under Russian control, such as is the
