Good Roads in Wyoming. Good Roads in Wyoming.

CHEYENNE, Wyo., Feb. 28.—(Special.)—
While the New York to Paris automobile racers are battling with tremendous snow drifts in Illinois there is a 500-mile stretch of their route through Wyoming where there is not a trace of snow and where the roads are as hard as asphalt and almost as smooth. From western Nebraska into Utah the racers will encounter, unless there is a decided change in the weather, no obstacle to their progress and should be able to make at least 300 miles a day.

Commission Hears Disputes. NEW YORK, Feb. 26.—The national com-mission, after hearing a number of dis-puted cases, adjourned until tomorrow, President Navin of the Detroit Americans today signed Catcher Ira Thomas of the New York Americans. He also signed Harry Tuthill to train the Detroits.

Jeff is a little slow getting his Oom Paul slugger in shape. He ought to place him on the Tommy Burns reception committee.

Pa and Brother Dave have not quite figured out in deliars and cents how much ured out in deliars and cents how much that snow benefited the grass, but they have counted it up into the five-figure col-umn and are still computing.

or Giant from Australia.

Manager Gilian of the Auditorium returned Wednesday morning from Illinois where he was called by illness in his family and immediately set about arranging wrestling dates among the best of wrestlers. The date of March 10 has been decided upon as the time for Frank Gotch, champion wrestler of this country, to appear at the Auditorium. Just who the opponent of Gotch will be is not yet decided, although it may be Westergard of Des Moines. Probably it will be a giant Australian who has an international reputation, having met Hackenschuidt in Europe and stood him off for an hour Emil Klank has just arrived from Denver where he met the Australian and says he thinks he would be the strongest opponent they could get to meet Gotch in Omaha in March.

Manager Gilian is still negotiating for the Burns-Beell match and says he has no fear of some of the neighboring cities being dable to get the match away from Omaha. Farmer Burns has so many friends and admirers here that he prefers to wrestle in Omaha to any other city.

Account of Weak Heart.

MADISON, Wis., Feb. 25.—(Special Telegram.).—Lindemann, left guard on the fradger five, has been compelled to quit basket ball as a result of a weak heart. Harper, who was sick with mumps, returned and will play against Chicago Friday. It is thought Lindemann's loss will mean the loss of the championship, as he was the best guard in the league. He is the seventh 'varsity man lost to the team during the season.

The Badger foot ball schedule is now completed. Besides Chicago and Minnesota, the Badgers will meet lowa, and Lawrence and Marquette universities will probably be given fifth place. Wisconsin would adhere to a five game schedule even if the seven-game schedule were adopted by the conference. Camp Randall, the sthletic field of the Badgers, is to be changed. A new gymnasium will be built. The changes will not be made for some time. The work is now in the hands of the university architect, Peabody.

The deep, underlying cause of every old sore is a bad condition of the blood. This vital fluid has become infected with some germ or poison which prevents the place from healing. This infection may be the result of an inactive, sluggish condition of the system leaving the refuse matter of the body to be absorbed into the circulation instead of throwing it off through the usual channels of nature. Another cause is the weakening or polluting of this lifestream from hereditary taints, or from the effects of a long spell of sickness, leaving disease germs in the system. When the blood is in this condition a sore cannot heaf because the impurities with which the circulation is filled are being constantly discharged into the place to irritate and inflame the tissues and further disease the surrounding flesh. The only treatment that can do any good is one that removes the cause, and for this purpose nothing equals S. S. S. It begins at the fountain head of the trouble and drives out all germs, impurities and poisons, and then the place, being supplied with rich, pure blood, heals naturally and permanently. Local applications assist in cleansing the place, but a cure can only be effected through a purification of the
