CONFLICT OVER CHAIRMAN

Oklahoma Republicans Divided on Local Issues.

TAFT WILL GET ENDORSEMENT

All Efforts to Heal Differences in Temporary Organization Fall on the Eve of the Convention.

OKLAHOMA GITY, Okl., March IL-Fifteen hundred republicans are in the city to attend the mate convention, which convened at 2 o'clock this afterpoon to name four delegates-at-large to Chicago. The indications are that the delegation will be instructed for Taft. Unusual interest attaches to this conven-

tion since it is the first republican state gathering to assemble since the admission of Oklahoma as a state and because of a three-cornered fight that is being waged. A few delegates who favor any candidate other than Taft have joined in an endeavor to prevent an instructed delegation for the secretary of war, while many who favor Taft are fighting State Chairman Hunter, Hunter is a "rough rider" and the leaders charge that be has exercised undue influence in the distribution of patronage and that he has done this while holding the office of clerk of the federal court, which position he now occupies.

Chairman Hunter has resisted all pressure brought upon him to resign and it is believed he will not voluntarily step down, although it has developed that a large majority of the delegates are opposed to him. It is confidently asserted that Secretary Taft will be endorsed by a large majority and it seems to be a foregone conclusion that Congressman Bird S. McGuire, former Delegate Dennis Flynn and James Harris will be chosen as three of the delegatesat-large to the national convention. Who the other delegate will be can only be determined after a vote is taken in the convention. A majority of the delegates favor. There are 636 delegates to the convention

and only a few of this number are represented by proxy.

At a meeting of the state central committee during this morning J. E. Dyche of Lawton, former territorial auditor under Governor Frank Frants, was agreed upon for temporary chairman. The relative strength of the Taft and anti-Taft men will be shown in effecting the permanent organization.

State Chairman Charles E. Hunter called the convention to order and introduced J E. Dyche as temporary chairman. After Chairman Dyche had made a short speech the committees were appointed and recess taken till 8 o'clock tonight.
