Morticultural Hen Are Convinced of the Fensibility of This Enterprise and Will Agitate it at Council Binfis.

Hills of Pottawattamie county, now cov of Omaha and Council Bluffs will give forth such delicious Concords and other native variedes at Christmas time that none need go without the grapes.

This is only a part of the good promised as a result from the National Horticultural congress to be held in Council Bluffs simultaneously with the National Corn exhibition in Omaha next December.

Prof. P. G. Holden of the Iowa Agricultural college at Ames met the members of the Cousell Bluffs Commercial club and the Council Bluffs Grape Growers' association Tuesday evening and the subject of the horticultural congress was discussed.

In Omaha, Wednesday, Prof. Holden said: "There is need for the borticultural congress and we will be glad if it is taken hold of by the Council Bluffs business men with the same enthusiasm they have taken hold of the corn show both there and in Omaha. "Among the things which it is possible to

The price is low during the two or three weeks of summer; then consumers pay as much per pound for imported grapes as they pay ONE AIM OF COMING CONGRESS for a basket of the native fruit in the sumer season.

"The methods demonstrated at th horticultural congress will make the grape industry so profitable that those who own just what I will do in regard to it. But I the hills cannot allow them to grow up in am ready to announce positively the next brush and serve as cow pastures and hunting grounds," they affirm.

After discussing the proposition Tuesday evening the business men of Council Bluffs sued. decided to go ahead with the plans for the horticultural congress, which was originaily planned to be held in connection with the corn show. The corn show is rapidly outgrowing the original plans and it became necessary to send the fruit show neross the river.

S. R. McKelvie has started a move to secure \$1,000 for premiums for Nebraska corn exhibitors besides the regular premlums to be offered by the National Corn Growers' association. It is the aim of Mr. McKeivle to make Nebraska come to the front as the greatest corn state in the union and the \$1,000 will be for the best exhibits of Nebraska corn only.
