

TUESDAY-We announce special features in Brandeis brilliant

Spring Opening

Farhionable Omaha has approved this opening event. Thousands and thousands of women have declared this display of women's apparel to surpass any showing they have ever seen. It is a triumph of store decoration and a brilliant style achievement as well.

Initial Display French & American Creations SPRING MILLINERY

We have imported scores of the most elaborate pattern hats expressly selected for this opening by Brandeis' own Paris buyer. There is a dashing grace about Brandeis spring hats that cannot be found elsewhere.

To make this millinery opening an event long to be remembered we have assembled two groups of beautiful hats of the most recent spring models and priced them far below their regular figure for Tuesday at \$5.00 and \$10.00.

Formal Opening Women's Ready-to-Wear Apparel

Women's genuine imported Parisian suits are shown at Brandeis' in a bewitching variety. The suits and dresses from American designers are not less attractive.

Most Exquisite Interior Store Decorations Ever Beheld in West

The avenue of trees beneath the light court is a perfect bower of nature's most brilliant beauty. Everywhere the scene is typical of spring. The decoration is simple in its treatment, but is a picture of loveliness in effect. Opening continues all this week.

Is an ordeal which all women approach with indescribable fear, for nothing compares with the pain and horror of child-birth The thought of the suffering and danger in store for her, robs the expectant mother

of all pleasant anticipations of the coming event, and casts over her a shadow of gloom which cannot be shaken off. Thousands of women have found that the use of Mother's Friend during pregnancy robe confinement of all pain and danger, and insures safety to life of mother and child. This scientific liniment is a god-send to all women at the time of their most critical trial. Not only does Mother's Friend carry women safely through the perils of child-birth, but its use gently prepares the system for the coming event, prevents "morning sickness," and other dis-

comforts of this period. Sold by all druggists at 31.00 per bottle. Book containing valuable information free. The Bradfield Regulator Co., Atlasta, Ga.

Great Western from Minneapolis.

"Imported ice" is already on the Omaha market, showing the necessity of some companies of shipping in their supply and the shortage of the harvest in Omaha, where only about a half crop has been packed. The Great Western Railroad company received fourteen cars of ice from Minneapolis Monday, which was cut Saturday. The ice was fourteen inches thick and as clear as crystal. It is said the road could dispose of all it could haul to Omaha within the next month and if the harvest continues in Minnesota a large amount will be shipped into Omaha.

Several smaller dealers who packed 60 to 60 per cent of the normal crop in their houses, have already sold their supply in the houses, and will be saved the expense and trouble of even taking out the ice

Tuesday Morning the Entire Sample Line of Silk Costumes From

A New York Manufacturer, On Sale

at Ten Dollars Each

Now, here's a Tuesday sale that brings you handsome silk costumes for less than the materials in them are worth. The reason for it is the manufacturer's offer to us to close out his entire line of samples the travelling men have been showing since the holidays. Of course, they naturally do not look as spic and span as if just from the tailor, being slightly rumpled from showing and packing. Nevertheless they are all extremely desirable and stylish, and so slightly mussed that you may not have detected it had we not mentioned the fact.

This announcement, coming as it does, before the wearing season for silk dresses has scarcely opened, makes this sale of great importance

to prospective purchasers.

Upward to a hundred styles are embraced in this collection. Smart silk Jumper and Suspender styles; Princess Dresses, Shirt Waist Suits, etc., in fact everything that is considered correct for the Spring season. There are neat, dressy, strictly tail-

ored models; beautiful lace trimmed conceptions, with lace yokes, or cleverly fashioned lace sleeves, some have silk bands and folds or tucks artistically arranged to enhance their beauty. Just the prettiest kind of silks too, plain taffetas, novelty stripes and checks in light and dark colorings, all suitable as afternoon and party dresses, for shopping, for travelling, for most any occasion.

In this lot are many exquisite styles that are well worth \$25.00. We expect to clear out this entire lot in a single day for the price for any of them is but-

has an organization built upon many years of experience. It has its own electric lighting plant and maintains a corps of competent engineers and mechanics to keep the mechanical and electrical service of the building in good order. The building is in perfect repair. It has all the advantages of a brand new building and has none of its disadvantages. The janitors and elevator men are well trained, courteous and accommodating. In charge of the whole building is a superintendent, whose office it is to keep this organization constantly at the service of tenants.
