RATE HEARINGS START TODAY

Railway Commission to Consider the Question of Making Reductions in the Nebraska Schedules as Existing.

(From a Staff Correspondent.)

LINCOLN, Neb., March 23.—(Special.)—Attorney General Thompson has refused to consent to the dismissal of a suit filed in the Lancaster county court to penalize express companies for failing to report certain information, including the salaries of express company officers, to the State Railway commission.

Hearings Begin.

Railway Commissioner Winnett will leave tonight for New York to meet Deputy Attorney General W. B. Ross, and both will be present at the taking of depositions by express companies. The testimony is to be used by the companies in their suits to restrain the enforcement of the Sibley express rate law.

The proposal of the railway commission to hold a hearing tomorrow on freight rates has stirred up the employes of railroads in Nebraska, and a protest was received today by the commission from F. M. Ryan, a Burlington engineer of Lincoln, who represents a joint committee appointed by railroad employes.

He desires to use the Tennessee marble block that lay on the state house grounds.

The railway commission, after considering a complaint of freight companies, has decided to issue an order requiring all transportation companies to give bills of lading or receipts for all goods offered for shipment, the receipts to be given on demand of the shipper. The order, when issued, will apply to "empties" as well as other consignments.

NORTH PLATTE'S MAYOR HELD

Anti-Saloon League Finds Whisky in His Store and Will Prosecute. NORTH PLATTE, Neb., March 23.—(Special.)—Last night the Anti-Saloon League caused arrests to be made of Dr. Nicholas McCabe, mayor of this city, and Josephine Owens, proprietor of a house of ill repute. Complaint was also filed against Lillie Gaunt for running a house of this character. Premises of the three places were searched by the constable. Hour was taken from the mayor's drug store. A case of beer was also secured at the place of Lillie Gaunt, but she herself had flown. The largest amount was secured at Mayor McCabe's drug store, where a barrel, several kegs, and boxes more or less filled with liquor were secured. Mayor McCabe is charged on eight counts with selling liquor without a license. The other parties are charged with selling liquor and running houses of prostitution.

New Ministers at Central City.

CENTRAL CITY, Neb., March 23.—(Special.)—Two churches of this city, which have been without pastors for several months, are now assured that the calls which they have extended have been accepted, and their pulpits will be filled by regular ministers before many more weeks have elapsed. The Episcopalians extended a call a few weeks ago to Rev. Frederick Taylor, who was formerly engaged in missionary work in Alaska, but has lately been lecturing over the country. Rev. Mr. Taylor has this week accepted the call, but writes that he cannot come here to take up the work before Easter. In the Lutheran regular services every Sunday evening are conducted by Rev. Mr. Arthur of Grand Island, and every fourth Sunday in the month Rev. Mr. Cash of Albion conducts both morning and evening services. The Friends have extended a call to Rev. Mr. Perry of Whittier, Cal., and this call has just been accepted. Rev. Mr. Perry is formerly pastor of the church here, going from here to California. He expects to take up the work here again the first week in June.

Elopers Begging Forgiveness.

GRAND ISLAND, March 23.—(Special.)—The young couples who eloped from Aida about a week ago have been located. They are near Cheyenne and Sheriff Dunkel has gone out after them. Mr. and Mrs. Canon, the parents of one of the young girls, have also received a letter from their daughter signing herself Carrie Williams. It is expected that the young people will return and that the best possible will be made out of the matter. Mr. Canon is quite incensed at the conditions prevailing in Aida. It is a small village seven miles west of here. Gambling, it is stated, goes on at nearly all places where men can assemble and that there is no recourse to the local authorities, complainants having to apply to the county authorities at Grand Island, instead of the township officers, before they can get anything done. Men pretending to be called to regulate people in other parts of the county are blind to the conditions right here.

Beatrice Teachers Banquet.

BEATRICE, Neb., March 23.—(Special.)—The city teachers and the members of the board of education and their wives enjoyed a banquet Saturday evening in the basement of the Christian church. There were seventy-six guests present and toasts were responded to as follows: P. R. Boers, toastmaster, "The Ideal Child"; "My Childhood Days"; Prof. C. A. Palmer; "Tom and His Teachers"; J. T. Hanson; "Will Power vs. Women's Power"; Miss Emma Marty; "The Laying On of Hands"; Miss Ruth Moore; "To Your Health"; Miss Wilhelmina. Miss Anna Day, county superintendent, and L. E. Mumford, formerly principal of the high school, responded with brief remarks. The spirit of good cheer and sociability which prevailed at this banquet was what the promoters really desired.

Bankers to Meet in Hastings.

HASTINGS, Neb., March 23.—(Special.)—Group No. 4 of the Nebraska Bankers' association will hold its third successive meeting in this city on May 4. Announcement of the time and place for the meeting has been made by President Carson Hildreth of Franklin, who addressed a note to each member of the group, asking for an expression of preference as to the place of meeting, and received replies which were almost unanimous in favor of Hastings. Deposit insurance and currency legislation will be the principal matters for discussion at the meeting. The group comprises seventeen counties, from the west line of the state to the east line of Clay and Nuckolls counties, and contains about 140 banks.

MINISTER IS BADLY BEATEN

Rev. F. A. Miller Assaulted on Street by Utes Men.

OUTGROWTH OF REVIVAL SERMON

Insulting Language Said to Have Been Used in Pulpit is Reason for Men, Who Give the Preacher Drubbing.

UTICA, Neb., March 23.—(Special.)

Because Rev. F. A. Miller of Lincoln, who is holding revival meetings here, said in a sermon to the women last Friday afternoon, that those who belonged to the "Kensington club" were members of an indecent organization, he took a terrible whipping on the main street of the town last evening. E. L. Harburt, a grain buyer, administering the first blow, after which more than a dozen took a hand in beating the minister. Miller has been holding meetings at the Presbyterian church. Several of the meetings have been for women only. He is said to have insulted the women a number of times by insinuating that they were completely wrong and grossly negligent in their church and social life. Friday afternoon, after his meeting for "women only," the town was agog with the talk of the insult to the Kensington club, an organization which has for its members the best women of the village. Men and boys attempted to give the evangelist a shower of eggs which had been better days Friday evening, but he was escorted to the home of Rev. F. W. Lorimer, pastor of the church, by those who sympathized with the evangelist and minister. It was given out that Rev. Mr. Miller would preach a public apology to the women Sunday and retract his remarks about the Kensington club.

Country All Right.

"This country of ours is all right," said J. C. Stubbs, who did not look as though the care of thousands of men was on his shoulders as he walked up the street in a new gray suit. "The people have confidence in the country, there is plenty of money here and it is only a matter of time until they get to spending it again. The merchants are simply holding back and letting their stocks run down to the lowest point on which they can do business, but the things will change and when they do start to buy they will have a heavy business and we'll open up with a rush. It may be a little slow for some time, but there is no doubt of its returning." Mr. Stubbs said that he had simply come to Omaha to attend the meeting at Lincoln and that there was absolutely no other significance in his visit at this time.

Six days of good temper in every box of Cascarets. Six days when you feel at your best; no headache, no dullness. Are they worth ten cents?

It is folly to talk of the "laxative habit." The habit lies in eating the wrong sort of food, and too much of it. And in getting too little exercise. While you do that, you must give the necessary help to the bowels in some other way. Else there is always a penalty.

Here is the way to avoid it: Eat coarse food in moderation. Eat plenty of fruit, many green vegetables. Drink no alcohol. Walk ten miles per day. Those are Nature's ways for keeping the bowels active. The next best way is Cascarets.

Cascarets, better than anything else, supply the place of laxative foods and of exercise. They do what right living would do. And they do it just as gently, just as naturally. They are vegetable.

You'll need them just as long as you live in-doors, and eat rich foods; and no longer.

Take them as you take food—when you need it. Carry a box in your pocket, and take one Cascaret at a time. That's better than to suffer and wait.

Cascarets are candy tablets. They are sold by all druggists, but never in bulk. Be sure you get the genuine, with O.C.C. on every tablet. The price is 50c, 25c and Ten Cents per Box.

TO CALIFORNIA BY TOURIST CAR. A Common Sense way to go. Economical and Comfortable. The Rock Island offers faster service than any other southern route. The more you know about "Rock Island Tourist Cars" the more you will realize why thousands of well-to-do people travel that way.

Druggists or confectioners. Can be provided with electric driven apparatus for producing (heated water) charged water and refrigerating machines for keeping fountains cold. Both can be driven with small motors at a small cost. With such an installation you are entirely freed from dependence on the manufacturer and the ice company.

WOMAN'S BACKACHE. The back is the mainspring of woman's organism. It quickly calls attention to trouble by aching. It talks with other symptoms, such as nervousness, headache, pain in the loins, weight in the lower part of the body, that a woman's feminine organism needs immediate attention.
