The real estate dealers probably will appear before the council Tuesday evening and put the proposition up to that body in President W. T. Graham of the exchange

"This is no real estate scheme and we hope if it means anything it will mean cheaper power for Omaha, which is the surest way of securing the population we desire and the various industries which are now waiting to come to Omaha,

"There is no reason why the submitting of the question of floating the bonds should be postponed until further estimates of cost have been made. We know the desired plant and canal can be installed for something less than \$5,000,000, but that \$5,000,000 will cover all possible expenses. We have given the subject full investiga-

"It would be proper to get further estimates under different circumstances, but this preliminary work has all been done and pair for. Certain citizens of Omaha expended \$10,000 fifteen years ago for estimates of cost and opinions from hydraulic engineers on the Seymour park canal scheme. The surveys were made by Howell the convention, if so the governor's chair & Black and the experts who passed upon apolis, Donald Campbell of Denver and Andrew Rosewater of Omaha. The estimates for the cost of that canal were less than \$4,000,000

"The Fremont people have expended ions from engineers. Their estimates of cost were less than \$4,000,000, which included two large reservoirs and the transmission line to Omaha. Some \$100,000 has been expended in surveys and engineers' reports on the Columbus project. Of the four different engineering estimates the highest cost was placed at \$4,500,000, which included copper at 25 cents per pound and many other items which have since become

The War department of the United States believes and has officially stated that Uncle Sam's soldiers should be permitted to have beer in their canteens. They state it will curtail the sale of ardent spirits to the soldiers, thereby reducing drunkenness to a minimum and preventing desertions. The governmental recognition of beer as a temperance drink is widely understood. The most delicious beer on the market today is Storz Blue Ribbon; its presence in the home means true temperance to the whole family.

when I left it forty-three years ago," said WATERHOUSE CONSIDERS IT Takes Time to Weigh Offer from Fremont for City Superintendent

of Schools. Principal A. H. Waterhouse of the Omaha High school has not as yet made luckier, however, with another Nebraska any decision regarding the recent offer of deal I made, for I bought 180 acres of land the superintendency of the Fremont near Fontenelle for \$3 an acre and sold the schools. He has taken the matter under consideration, but says he must take time

to look into it more thoroughly, "This is not a matter that can be accepted or rejected without due consideration, you understand, and I would not be PHILADELPHIA, March 23.—At noon the condition of United States Senator Penrose was not satisfactory. The senator's temperature at that hour was very high.

doing right either by the school or by myself to accept or reject without thinking about it some," says Mr. Waterhouse.
