Here are positively the greatest values in thoroughly reliable home-furnishings that were ever offered to the people of this progressive city. A combination of circumstances brought these goods into our possession at one-half under price. The stocks are larger than we would ever have thought of buying were it not that we deemed it the opportunity of a lifetime. Every offering is an unusual bargain-a tremendous value-a world-beater at the price.

Books and Magazines

The March number of Appleton's Magazine is cheerful and interesting from beginning to end, with every line in it worth There are articles to amuse you, articles to make you stop and think, articles to inform you (though gently), and articles to make you argue with each other. Add to these a serial with a real plot and seven good short stories, all with charm and smiles in them, one or two with a few magazine of merit, whose chief mission is to be more interesting every month.

matter with her skin until four months ago, when an eruption broke out on her cheet. The first symptom cut on her cheet. The first symptom ing and blisters, which would break and run matter. I took her to a doctor, and he pronounced it to be exsema of a very bad form. He treated her, but instead of being checked, the disease spread. It showed itself on her back, and then quickly spread upwards until the whole of her head was affected, and all her hair had to be cut off. The pain she suffered was excruciating, and what with that and the heat and tingling her life was almost unbearable. She became run down in health, and at times was very feveriah, languid, and drowny, and occasionally she was delirious. Her nerves were in such a low state that she could not bear to be left alone. In spite of the cold weather she would insist on having her bedroom window open, and would lean out on the window-sill. She did not have a proper hour's alseep for many nights. The second doctor we tried afforded her just as little relief as the first, and I really do not know what we should have done if we had not read how Cutteurs cured a similar case. I purchased Cuticurs Soap, Cuticura Ointment, and Cuticura Pills, and before the Ointment was three-quarters finished every trace of the disease was gone. It really seemed like magic, Her hair is coming on nicely, and I still apply the Cuticura Ointment as I find it increases the growth wenderfully. Mrs. T. W.
