Ten thousand dollars of Park board funds will be issued this year for the improvement of boulevards, streets and avenues

Councilman McGovern, chairman of the

council committee on street improvements appeared before the board and told the

nembers that the city must have assistance on its street work or else paving in outlying residence districts must be restricted.

He quoted figures to show the status of

affairs at present and asked the board to appropriate \$10,000 for the paving or ma-

cadamizing of intersections of streets under its jurisdiction. The money appropriated is in a way a loan which the city

will pay back if proposed park bonds do

not carry. In the event the park bonds carry the \$10,000 will be reimbursed from

the estimated cost of this work. If bonds

are not voted the work cannot be done

It will not take any fair-minded reader a minute to decide which is the best evidence. The mothers of the United States believe in Pe-ru-na.
