David Anderson, one of the pioneer build-ers of South Omaha, will deliver an ad-dress this evening before the South Omaha Pioneer Historical society on some of the important events of the early days in the Magic City. FREIGHT WEST 0F RIVER

kota Issue Order to Rest of State. SIOUX FALLS, S. D., March 28.-In regard to the adjustment of freight rates west of the Missouri river, which embraces half of the state, the railroad commissioners have issued the following statement to

The board has had several schedules of rates under consideration for some timpast, but upon investigation it was found that these proposed rates interfered in many instances with existing interstate rates and it has been necessary to revise the figures and prepare new schedules of rates. The commission is desirous of promulgating a distance tariff of freight rates which shall be just and equitable and one that will stand the test of the courts in the event that an appeal shall be taken to them for final determination.

This matter has been pending before the commission for some months, during which time the most careful consideration and thorough investigation has been given it, but the board has deemed it advisable to proceed very cautiously and deliberately in The board has had several schedules of

thorough investigation has been given it, but the board has deemed it advisable to proceed very cautiously and deliberately in preparing a new schedule of freight rates, especially in view of the recent decisions of the supreme court of the United States relating to the powers and duties of state boards of railroad commissioners in the matter of rate making.

Moreover the members of the commission present at the meeting held in Flandreau did not fire to take final action in the matter of adopting and promulgating a new distance tariff to apply west of the Missouri river until a full board could be present and until further consideration could be given to the matter, and an adjournment was taken until Wednesday, April 8, at which time it is expected that a final decision will be reached and a schedule adopted.

Brown Gets Rhodes Scholarship, YANKTON, S. D., March 28 .- (Special.)-M. A. Brown, a junior of Yankton college, who passed the examination last year for the Rhodes scholarship, has just been notified that he has won the scholarship, and he will leave some time in the coming fall for England, where he will reside for the next three years while studying at Oxford. Mr. Brown also wins the \$1,500 a. year that goes with the scholarship as expense money. Very few have been abluto qualify during the last few years and Mr. Brown's success is causing great satisfaction at the college.

Only ten cents a week to keep yourself at your best. To always feel as you feel on your good days Cascarets ward off all the little ills.

Primitive men did not need Cascarets.

They lived out-doors, ate plenty of fruit, and all of their food was coarse.

We modern people are different.

We exercise too little, eat little fruit; and our food is too fine, too rich.

We can't have the bowels clogged up and keep weil.

It means that the food retained there decays. The decay creates poisons. And those poisons are sucked into the blood through the very ducts intended to suck in the nutriment.

So we must make our choice. We must live, to an extent, like the primitive man, else we must eat

Cascarets do what the right food would do, what plenty of exercise does, The effect is as natural from one as the other.

The question is one of convenience. If you cheese Cascarets, take them as you take food. Not in large doses rarely, but a tablet at a time. That is the way to keep well.

Cascarets are candy tablets. They are sold by all druggicts, but never in bulk. Be sure to get the genuine, with CCC on every tablet. The price is 50 cents, 25 cents and

10 Cents per Box.
