Compound as she did. Mrs. A. Gregory, of 2355 Lawrence t., Denver, Col., writes to Mrs. Pinkham:

"I was practically an invalid for six years, on account of female troubles. I underwent an operation by the doctor's advice, but in a few months I was worse than before. A friend ad-vised Lydia E. Pinkham's Vegetable Compound and it restored me to perfect health, such as I have not enjoyed in many years. Any woman suffering as I did with backache, bearing-down pains, and periodic pains, should not fail to use Lydia E. Pinkham's Vegetable

FACTS FOR SICK WOMEN. For thirty years Lydia E. Pink-ham's Vegetable Compound, made from roots and herbs, has been the standard remedy for female ills, and has positively cured thousands of women who have been troubled with displacements, inflammation, ulceration, fibroid tumors, irregularities, periodic pains, backache, that bearng-down feeling, flatulency, indigesm, dizziness or nervous prostration. Why don't you try it?

Mrs. Pinkham invites all sick women to write her for advice, he has guided thousands to ealth. Address, Lynn, Mass.

Women Who Wear Well.

It is astonishing how great a change a few years of married life often make in the appearance and disposition of many women. The freshness, the charm, the brilliance vanish like the bloom from a peach which is rudely handled. The matron is only a dim shadow, a faint echo of the charming maiden. There are two reasons for this chapge, ignorance and neglect. Few young women appreciate the shock to the system through the change which comes with marriage and motherhood. Many neglect to deal with the unpleasant pelvic drains and weaknesses which too often come with marriage and motherhood, not understanding that this secret drain is robbing the cheek of its freshness and the form of its

TRACK FORCES SOME LARGER

Vice President Mohler Says Increase is Only Slight,

NO ARMY OF MEN FOR SHOPS

Business is Improving, but Not So that Vast Forces Are Needed, He Says, on the Union Pacific.

Asked about the report from Chicago hat within the next sixty days the railroads of the United States would have to ind between 260,000 and 500,000 men for rack work and another large army for their shops, Vice President Mohler of the Union Pacific said:

"I can only speak for the Union Pacific and say that we are increasing our track forces slightly, as we always do at this season of the year. But with our tracks and roadbeds in their present condition no extensive increase in forces is necessary r warranted, so that report cannot have rue application to this road.

"As to the shop forces, we are not inreasing them; the work to be done does ot warrant it. Of course, there is some approvement in business and I wish there were more. I hope for a larger improvement, but I do not anficipate any such onditions as will necessitate the employnent of 'an army' of men in our shops ery soon.

This report, published in The Bee Wednesday morning, was brought to the attention of Mr. Mohier:

of Mr. Mollor:

KEARNEY. Neb., March 31.—(Special Telegram.)—The Union Pacific is receiving an average of five cars of steel rails per day here for double tracking purposes between here and North Platte, same being distributed from this point. The estimate is that 000 cars will be used. Extra men are being hired for April 1.

"Well, that is substantially correct," said "I mean we are receiving steel ralls at Kearney; we are storing them there for are to be used for double tracking at once We may use them this year, maybe next.'

Park Home from Washington.

W. L. Park, general superintendent of the Union Pacific, returned Wednesday from Washington, where he has been for the last month. "Under the present conditions the western roads are getting a little the worst of the arrangement in comparison with the older roads of the east," said Mr. Park. "The west has the longer mail routes and the deductions for delays are being made on the pay of the route in its entirety. It will take the department some time to make its decision in the matter.

> Street Venders Are Put Out of Business by Passage of the Ordi- ; nance that Has Been So. Long Debated.

Plans and specifications for the conruction of sidewalks in Omaha for the year 1908, as prepared by City Engineer Rosewater, were accepted by the city ouncil in special session Wednesday mornng. The final acceptance follows a long and acrimonious controversy between the city engineer and the council in which a grand jury investigation figured, impeachment of the engineer was talked of, and various opinions from the city engineer were presented quoting provisions of the state law and ordinances conflicting there-

In other years it has been the province of the city engineer to submit his plans for public work to the council for its approval. The last legislature, however, enacted a law providing for the preparing of plans by the engineer, but falling to state whether these plans should or should not be submitted to the council. On this provision the engineer held that he was not compelled to submit his plans. The city attorney held otherwise. On this ruling the engineer a week ago sent "copies" of his plans to the council for-its "perusal." The copies were rejected. Tuesday evening plans and specifications were again sent ASSESSORS START ON WORK by the engineer, the document being neither marked "original" nor "official." On account of this the matter was put Fifty Personal Property and Two Real over until Wednesday morning.
