Railway Notes and Personal. The name of the town of Highland, Kan., on the the Atchison-Rulo line, has been changed to Highland Park. Alfred Darlow, advertising agent of the Union Pacific, has resigned from Chicago. E. B. Miller has been appointed superintendent of the Sheridan division of the Missouri Pacific. Mr. J. D. Atkinson, who has been in the field division in Missouri, L. B. Lyman has been appointed superintendent of the St. Louis division to succeed Mr. Miller. Mr. Lyman was formerly trainmaster at Sheridan. These appointments are effective April 13. The last report of the committee on car efficiency for March 15 shows a decrease in the number of surplus cars of 17,900 in fourteen days. The report says this may be a way to be accounted for by the large number of coal cars which were used for storing coal in anticipation of the walkout of the coal miners. The situation has improved in the southern, middle and western states, while in the New England states the surplus continues to increase. On March 18, 160 roads reported a surplus of 168,900 cars, 13,122 flat cars, 13,205 coal cars, 1,000 hopper cars and 62,568 other cars, making a total of 207,933 cars.

LOST! AND FOUND BY WAY OF THE BEST DAILY NEWSPAPER THE WANTED COLUMNS CLASSIFIED ADVERTISEMENTS

HAS it ever occurred to you the value of the treasure which is lost every day in the city? Watches and pins carelessly attached are lost. Purses, bank-books, checks, bonds, valuable papers and keepsakes, whose value cannot be estimated, are lost every day. Were it not for the Lost and Found columns of this paper thousands of dollars' worth of valuables would be lost to their owners forever, but since The Bee is read in all parts of the city, it is now possible for anybody who loses anything to insert an advertisement, and it is possible for the finder who is honest—and the majority of people are honest—to locate the owner of anything that may be found.
