DENVER TAKES THE FIRST GAME

Pitcher Olmstend Wins His Own Game With Three-Bagger. DENVER, April 15.—The base ball season opened in Denver with the usual parade in the morning and a slow game in the afternoon. Both pitchers were effective, but wild, and the hitting was therefore light. For six innings Pueblo made not even a semblance of a hit. Then Craig beat one to first by a hair and Peterson brought him in with a single. Two double plays one by each team, were the features. The game was really won in the second inning, when Pitcher Olmstead, who was at the very bottom of last year's batting averages, sent a three-base hit between center and right. The weather was cold, for the first time in weeks. Score: DENVER.

AUTO MEETS TRAGEDY IN WEST French Car Realizes the Force of Death Valley's Fame.

If it does not win the race from New York to Paris, the French car, De Dion can at least boast of having come to a forceful realization of the name and fame of Death Valley. Here is some tragic experience it had while trudging through that desert of-hideous existence as related in an automobile journal and which the press despatches did not tell of:

despatches did not tell of:

"After being stuck for twenty-two hours in Death Valley, with a fierce sand storm raging, the French De Dion car was pulled out Thursday afternoon by a rescue party from Rhyolite, a place fifty miles from where the car was stuck. The De Dion made the run from Goldfield to Stovepipe, Death Valley, Wednesday. Proceeding from Stovepipe early in the afternoon, everything went well until the driver got off the beaten trail, and the car was instantly deep in the sand.

"Every effort to extricate the automobile with its own power proved futile, and at last a messenger was dispatched to the little mining camp. Skiddoo, twenty miles away, the nearest possible point where assistance could be obtained. The crew abandoned the car and took refuge at Stovepipe Wells.

"When the messenger reached Skiddoo he found that there was not a team in camp that could be hired, and he had to telegraph to Rhyolite, fifty miles from the scene of the accident. A team was started from

Champion May Wrestle with Baltimore Man at the Auditorium.

Following the wrestle of Fred Beell and Jack Carkeek at the Auditorium Saturday night: Frank Gotch and George Schoenlin, "Americus," the Baltimore light heavy-weight who recently won from Beell, may meet at the Auditorium. Americus is a good man and his friends believe will be able to give Gotch a harder run for his alley than any other American just now, Americus met George Hackenschmidt in Baltimore before the Gotch-Hack match and made a great showing. Hack was to put him down twice in an hour and falled. Americus was Hack's principal second at the big Chicago struggle. He has never been thrown in his home town. Since his more Man at the Auditorium. Americus was tiack's principal second at the big Chicago struggle. He has never been thrown in his home town. Since his victory over Beel he is regarded as the American light heavyweight champion, though there is considerable sentiment that Beel can yet beat him.

Beel can yet beat him.

Jack Carkeck is one of the real old-timers of the mat. Twice he won the international or world's championship at Cornish and those who think he won't be able to make Fred Beell go some are said to be in store for a good surprise. Old Jack is in good form and aching for the match.

Bad blood is responsible for most of the ailments of mankind. When from any cause this vital fluid becomes infected with impurities, humors or poisons, disease in some form is sure to follow. Eczema, Acne, Tetter, Boils, Pimples, etc., while they show on the skin, have an underlying cause which is far deeper-an impure, humor-infected blood supply, and until this is corrected, and the blood purified, the distressing itching and burning symptoms will remain. Rheumatism, Catarrh, Sores and Ulcers, Scrofula, Blood Poison and all other blood disorders, are the result of a vitiated, polluted circulation, and will continue to grow worse unless the poison is removed from the blood. In all blood and skin diseases S. S. S. has proved itself a perfect remedy. It goes down into the circulation and removes all waste matter, humors or poisons, and makes the blood pure and health-sustaining. Nothing reaches inherited taints and old chronic troubles like S. S. S.; it cures because it purifies the blood and restores lost properties to the impoverished circulation. Not only is S. S. S. a blood purifier of the highest order, but a tonic and appetizer without an equal. Book on the blood and any medical advice desired sent free to all who write.
