Nehraska Earnings Not Available. The Union Pacific and the St. Joseph & Grand Island railroads have not reported their earnings in Nebraska in their annual reports to the State Board of Assessment. Each road says it is not required to segregate its business among the different states and as its income is not dependent upon merely state business it cannot separate the state from the interstate business, so should it make such a report the figures would be mere conjecture. The letters are practically the same and each

contains the following:

"In returning this report, wish to advise states through which its road passes; and as its carning, expenses, etc., are not dependent on state lines, there is no way in which such segregation can be effected except by approximation of conjecture. The information requested pertains to the road as a whole and cannot be accurately apportlened among the states traversed. Any attempt to do so on my part would be a mere expression of individual opinion. which I am not authorized to make. Because of the difficulty I should experience in attempting to comply with your demands I have delayed returning this report to you until I have referred the questions involved to counsel, and am now advised that, while any facts shown by the company's records should be reported, no attenipt should be made to give merely matters of opinion or speculation.

"The Interstata Commerce commission has, as you know, directed the form and manner in which the accounts of interstate carriers shall be kept, and the interstate commerce act provides (section 20) that 'it shall be unlawful for such carriers to keep any other accounts, records or memoranda than those prescribed or approved by the commission. This is another reason why the information has not been given as required as no change was made n our accounts apportioning earnings and ill until about five minutes before his death expenses to states."

Majority of Departments Hold Annual Elections This Week and Conclude Work for the

When the Omaha Woman's club completes its fifteenth year of work April 27 it will have to its credit one of the best Blanche Sorenson, Mrs. J. H. Jennison, records it has ever made. It has been a prosperous year for the club and a profitable year, and the outgoing administration may well be proud of the condition in which it leaves the club's affairs. There has sing a number from Grace Wassall's if tendered to him at Denver. been little of a spectacular nature in the accomplishments of the past year, but all the efforts have been dignified and well Violin quartet and overtures from several directed and the results have been gratifying. There has never been more interest in department work and the work has never been more serious or valuable. It has been so equalized that the club has afforded something in practically every line included in the curriculum of the general federation. Music, art, literature, current topics, philosophy, domestic science, oratory and social science have all had a place. Perhaps more than any other department, however, the social science section has been conspicuous this year. It has not only stood for something definite, but it has been largely instrumental in accomplishing much that it has stood for. Through its agitation social settlement work in Omaha is about to take definite form. Its programs that have brought out some of the foremost authorities on sociological subjects have helped to educate public opinion to a point of helpfulness in sustaining some of the recent legislation, such as few cities have experienced. No opportunity has been lost to bring before the club the several prominent men who have come to the city. Among these have been Secretary Taft. W. J. Bryan, Raymond Robins, Allen White, George McNutt and others. State Superintendent of Education J. L. McBrien has addressed the department on educational subjects, and the best of local authorities have been secured to contribute to the department's programs. The leader. Mrs. Draper Smith, has been untiring in her efforts, and if she will accept the office for another year she will undoubtedly be re-elected at the annual meeting of the

department Monday. Pifteenth Anniversary,

The Omaha Woman's club will celebrate the fifteenth anniversary of its organization Friday afternoon, April 24, in the club rooms in the First Presbyterian church. Beware of Any Physic That Brings Pain

the affair.

Griping and pain will never occur un-less there is irritation. Salts and harsh pills bring their results

by irritation-by causing the bowel fluids to flow. So pepper in the eyes or nostrils will cause fluids to flow. But is it wise to treat a delicate membrane thus?

will harden. That is how Nature wards off such attacks. The you need larger doses. Eventually the calloused bowsis fail in their functions entirely. Then you have chronic constipation ..

Do so for a time and the membrane

No wise person will ever abuse the bowels in that way. They will use Cascarets.

Cascarets never cause pain. That proves that their action is natural. Yet they are just as effective as harsh

If the howels are calloused, you may need a Cascaret twice a day at the start, But you soon cease to need them at all.

Those who know the injury done by harsh physics never use anything but Cascarets. Cascarets cure the trouble. Cathartics only make it worse.

Cascarets are candy tablets. They are sold by all druggists, but never in bulk. He sure to get the genuise, with CCC on every tablet. The box is marked like this:

The vest-pecket hox is 10 cents. The month-treatment hox 50 cents, 12,000,000 boxes sold annually.

BOLD KIDNAPPER HAS DERIGHT'S AUTO

Some bold bandit has been riding around in a fine red gasoline runabout that doesn't belong to him.

An automobile beienging to J. J. Deright was atolen from in front of his residence at 203 South Thirty-fourth street, Friday night about 8 o'clock. Mr. Deright had left the carout in front for a few minutes, and was astenished to fipd that it was gone when he returned. At first it was supposed that some one had borrowed it, and would return it, but as that was not done the police were

notified and a search instituted. No trace of the automobile or the men who took it has been discovered.

The car was a red gasoline runabout, with two seats in front and one in the rear.

Mr. Deright took a car Saturday morning and went out on the Dodge road to Benson and Florence looking for some trace. Late this morning word came that a touring car was standing at Twenty-fourth and Pacific streets, and he went out to see if that was the one.

THIS IS THE THIRD STODDARD-DAYTON THAT HAS BEEN STOLEN AROUND TOWN WITHIN THE LAST THREE WEEKS. EVEN THIEVES KNOW A GOOD THING WHEN THEY SEE IT.
