Senator Warner of Missouri Condemns Brownsville Troopers.

PRAISE FOR VALOR OF REGROES

Discusses , Evidence and Finds Men Afted as Lawless Characters and Should Suffer for Their Deeds.

WASHINGTON, April 21.-Calling attention to the Grand Army button he were on the lapel of his cost and insisting that he had no prejudice against negro soldiers, some of whom he claimed as comrades, Senator Warner of Missouri in the senate today declared his conviction that the town of Brownsville, Tex., had been shot up by negro soldiers of the Twenty-fifth infantry

"In the wur of 1961-65 I served in the same outton of the Grand Army of the Republic, and certain it is I have no prejudice against negro soldiers, am not prepared to cry out against negroes as soldiers, because I believe that members of the Twenty-fifth infantry at Brownsville disgraced the uniform and stained the honorable record of their race as soldiers. Lawleagness is not a distinguishing characteristic of any race

Paying a glowing tribute to the valor of in the wars of the nation, Mr. Warner insisted that he slund not shared the feeling of criticism against the administration for having ordered the negro troops to Brownsville. He had endeavored, he said, to weigh the avidence in this case with a view of doing even-handed justice, and he said: "Guided by this rule, I am driven to the conclusion that members of those companics, wages identity, has not been shown made the midnight assault on the sleeping and helpless citizens of Brownsville. "While it is to be regretted that some

of the battalion, who, in all probability. were guiltless, tame within the order, yet better thin than that a band of lawless raiders should continue to wear the uniform of United States soldiers."
While there was special motive for the

groes to shoot up the town, there was, the part of any one else. The people se attitude toward the soldiers was known to be hostile. There was direct the soldiers, crimead

Without concluding his remarks, which he will resume tomorrow. Mr. Warner gave way for the naval appropriation bill, which was read in part. An amendment was adopted making the 30 per cent in the pay of officers apply to those retired as well as on the works flat.

In connection with the consideration of the naval bill, the senate entered in to a long discussion of the policy of sending naval flotilla around the world. This policy was criticised by Mr. Bacon. The senate allopted the conference report on the Indian appropriation bill, and at 4:55 adjourned until tomorrow.
