TAXATION FOR TERMINALS Council Bluffs Commercial Club Takes Question Up.

Request is Made that Candidates for Legislature Be Pledged to Vote for Measure of This Kind. The Commercial club of Council Bluffs has inaugurated a campaign for the taxation of railroad terminals. Copies of a letter which was drafted by the executive committee are being sent to the mayor, treasurer and solicitor of every town or city in the state with a population of 500 or more.

The letters present a brief but forceful statement of the fairness of terminal taxation, and, while advocating no specific act, ask that pledges be obtained from candidates for the state legislature to support any measure that will give the cities and towns of the state their just proportion of railroad taxes.

The letter in part is as follows: I assume in advance that you are thoroughly familiar with the fact that under the law in effect in this state a more equitable method of assessment for taxation is obtained. In order that this may be accomplished, it is your duty to see that each town and city of this state, which is being deprived of its legitimate revenues by this method, are enabled to cooperate with the other cities and towns in an effort to secure relief.

In order to accomplish this purpose, will you not arrange to secure an unqualified pledge from your candidates of both parties for the legislature and house of representatives to support and vote for a measure which will allow terminals, yards, buildings and other property of railroad companies to be valued for taxing purposes within the limits of the political subdivisions within which they are situated. We do not, at this time, desire to advocate any specific act, but to enlist your cooperation in securing a measure in the Iowa legislature which will support any measure which will deal fairly with the interests of the state in this matter of terminal taxation.

Measures Sues for Clothes. Joe Meyers, who was arrested by Detective Callaghan and F. E. Brown, a special officer of the Northwestern railway on the charge of breaking and entering a freight car, but was discharged Wednesday without prosecution, brought suit yesterday in the court of Justice Greene against Detective Callaghan to recover \$50, the value of a suit of clothes which Meyers claims was unlawfully taken from him by the officer.

Matters in District Court. The district court jury in the case of the state of Iowa against J. H. Phillips, charged with adultery, having failed to reach an agreement, was discharged by Judge Wheeler yesterday afternoon at 5 o'clock, after having been out twenty-four hours.

Not Only Indigestion But ALL OTHER STOMACH MISERIES GO

Each 25 grain Triangle will digest 3000 grains of food and cure Stomach misery five minutes after.

There would not be a case of indigestion here if the readers who are subject to stomach trouble knew the tremendous digestive virtue contained in one 25-grain Triangle of Diapause. This harmless preparation is eaten and tastes like candy, though one Triangle will digest a heavy meal without the slightest fuss or discomfort, and relieve the stomach, acid stomach to five minutes, besides overcoming all foul, nauseous odors from the breath.

Ask your pharmacist to show you the formula plainly printed on each 25-cent case of Diapause. Then you will readily understand why this promptly cures indigestion and removes such symptoms as heartburn, a feeling like a lump of lead in the stomach, belching of gas and eructation of undigested food, water brash, nausea, headache, biliousness and many other bad symptoms; and besides, you will not need laxatives to keep your stomach and intestines clean and fresh.

If your stomach is sour and your food doesn't digest, and your meals don't tempt you, why not get a 50-cent case today and make life worth living? Absolute relief from Stomach misery and perfect digestion of anything you eat is sure to follow for five minutes after, and, besides, one case is often sufficient to cure a whole family of such trouble.

Surely, a harmless, inexpensive preparation like Diapause, which will always, either at bedtime or during the night, relieve your stomach misery and digest your meals, is about as handy and valuable a house as you could have about the house.

BURLINGTON DEFIES STATE

Pass List Filed with Railway Commission Discloses that Fact. The Burlington railroad defied the state of Iowa in issuing passes and in the list of passes issued during the last six months of 1907. The law requires that roads that issue with the executive council a list of all passes issued. The law prohibits issuing passes to attorneys and doctors unless they are giving all or the principal part of their time to the service of the road as attorney or doctor. The Burlington is the first of the large roads to file the list of passes issued. It gives a long list of attorneys, giving one in nearly every county, and also doctors. One pass was issued to Charles Lock of Keokuk, being a trip ticket, and the reason given is "witness."

DOCTORS AND LAWYERS IN LIST Proposal to Run Special Trains to Des Moines on the Occasion of Dölliver's Speech in Favor of Allison.

(From a Staff Correspondent.) DES MOINES, Ia., April 24.—(Special.)—The Burlington railroad defied the state of Iowa in issuing passes and in the list of passes issued during the last six months of 1907. The law requires that roads that issue with the executive council a list of all passes issued. The law prohibits issuing passes to attorneys and doctors unless they are giving all or the principal part of their time to the service of the road as attorney or doctor. The Burlington is the first of the large roads to file the list of passes issued. It gives a long list of attorneys, giving one in nearly every county, and also doctors. CITY LEASES THE DREDGE Work, if Any, on Indian Creek Must Be Done by Shovel Brigade.

The bridge contract, set for hearing on May 5. The cases from Pottawattamie court pending in the supreme court are: The state against George Matheson, W. H. Ware against H. M. Laffert and others, Walker Manufacturing company against the city of Council Bluffs, Kimball Bros. company against the City of Council Bluffs, Electric company, Dira & McGinty and others against George L. Cooper, Clara J. Bolma against Joseph S. Bolma, George Armstrong and others against Alexander Campbell and others.

The councilmen inspected No. 3 engine house on Bryant street, but took no action in the matter of the recommendation of the Fire and Police commission that a new building be erected. The city engineer was instructed to prepare an estimate for constructing a concrete wall at the rear of the engine house and an arch over the creek and report to the council. By arching the creek back to the engine house, additional space would be provided for enlarging the present engine house and the wall would prevent any danger of the building toppling into the creek.

The councilmen also took a trip over Avenue A, west of Twenty-sixth street, on which the property owners have asked for the establishment of a grade. Nothing definite was arrived at and the city engineer was instructed to make a further report in the matter.

A trip was taken through the Fifth ward for the purpose of investigating the need of sidewalks at that section of the city. It was decided to re-floor the bridge over Indian creek at Tenth street.

A special meeting of the city council will be held Monday to approve the action of the committee of the whole relative to the dredge.

Chief Richmond on War Path. Major G. H. Richmond, chief of police, announced yesterday that he had decided to offer a reward for information leading to conviction of any person or persons caught dumping refuse into Indian creek. The practice of using the creek as a dumping place for all kinds of refuse has become such a nuisance that Major Richmond proposes to take immediate steps to stop it as far as possible.

Chief Richmond's attention was called yesterday morning to the creek south of Eighth street where apparently a wagon-load of old tin cans and other debris had been dumped into the bed of the stream. "I intend to put a stop to this kind of making Indian creek a public dumping place," said the chief. "The next person arrested for dumping refuse of any kind into the creek will be prosecuted to the limit."

New Pastor is Installed. Rev. George A. Ray, D. D., formerly of St. Paul, Neb., was formally installed as pastor of the Second Presbyterian church last night. Gifts were presented and the service was held at the home of the pastor-elect for the service, the installation was witnessed by but a small congregation.

Rev. Harry Kramer of Longan, moderator of the Council Bluffs Presbytery, president, and Buchanan and Bremer counties. It was expected that some time before midnight papers would be filed from Buchanan and Bremer at least. The democrats had none filed from Cass, Cedar, Clay, Emmet, Floyd, Kossuth, Linn, Mitchell, Monona, O'Brien, Oneoka, Page, Sioux, Tama, Van Buren, Winnebago, Woodbury and Worth and had no senatorial candidates in the Sixteenth, Twenty-sixth, Twenty-seventh, Thirty-first, Thirty-second, Forty-first, Forty-third, Forty-sixth, Forty-seventh and Forty-ninth districts.

Candidates File Papers. At noon today candidates' petitions had been filed with the secretary of state by both democrats and republicans for all state offices and for presidential electors with the exception of presidential electors from the Ninth and Eleventh districts for the democrats. It is understood that papers have not been circulated in these districts least night. Gifts were presented and the service was held at the home of the pastor-elect for the service, the installation was witnessed by but a small congregation.

Memorial to John N. Baldwin. The Mills County Bar association held a memorial meeting yesterday morning in the district court for the late John N. Baldwin, general counsel for the Union Pacific railroad, and for many years a leading member of the Pottawattamie county bar.

The Pottawattamie County Bar association was represented by R. Wadsworth and A. W. Askwith, the former delivering one of the addresses at the meeting. The principal address was made by Judge Scott Lewis of Glenwood.

The Pottawattamie County Bar association will meet Saturday morning in the district court room to receive the report of the special committee to draft resolutions on the death of Mr. Baldwin.

Meetings to Boom Corn Show. On account of the work of renovating the rooms of the Commercial club, which is still in progress, the joint meeting of the several associations for the promotion of the National Corn exposition and the National Horticultural congress called for Saturday afternoon will be held in the temporary headquarters of the Young Men's Christian association, at 123 South Main street. The meeting will take place at 1:30 o'clock, as previously announced.

At the suggestion of J. W. Jones, president of the National Corn exposition, James Handley, secretary of the Missouri Apple Growers' association, has been invited to address the meeting.

Run for a False Alarm. A false alarm gave the fire department a run at 11 o'clock yesterday morning to Twenty-seventh street and Avenue E. A telephone call was sent in by a man who excitedly told the firemen that there was a fire at Twenty-seventh street and Avenue E. "Hurry up before we burn down," was the message over the telephone. When the fire companies reached the place named no signs of a fire could be found, nor could it be learned who sent in the alarm. If the person sending in the false alarm can be discovered he will be prosecuted.

Hamilton County Democrats. WEBSTER CITY, Ia., April 24.—(Special.)—The democrats have decided to place a county ticket in nomination in Hamilton county. It has been several years since this was done, but to meet all the requirements of the primary law, the county central committee has thought it best to place a full ticket in the field. The men who will make the run are: Representative, N. L. Road, Webster City; auditor, William Gerber, Williams; treasurer, Charles Lewis, Jewell; clerk, William Neese, Stratford; recorder, J. D. Riste, Webster City; sheriff, Richard A. Ash, Webster City; supervisor, Third district, William Willis, Lincoln township.

Railroad Makes Loan. WATERLOO, Ia., April 24.—(Special Telegram.)—The officers of the Waterloo, Cedar Falls & Northern railway today filed a trust deed in favor of the First Trust and Savings bank of Chicago, securing a loan of \$2,000,000 on all the property owned by the company, due in forty years. This means extensive improvements to the line and service.

Murder Prosecution Falls. WATERLOO, Ia., April 24.—(Special Telegram.)—The Steinhagen brothers were found not guilty of intent to murder Fred A. Snyder, the prosecuting witness falling to stand by statements made before the grand jury.

Goodspeed Found Not Guilty. ATLANTIC, Ia., April 24.—(Special.)—The jury in the case against County Attorney Goodspeed, charging malfeasance in office, returned a verdict of not guilty with but two ballots taken in the jury room. The instructions of Judge Macy were such that they could not do otherwise, though they left the way clear for criminal action against him, and also for suits to recover money wrongfully received by him, and it is said that these actions were commenced at once. Mr. Goodspeed is now a candidate for the third nomination for county attorney before the republican primary.

Fortune in Old Man's Room. Bedford Man Who Lived Alone Leaves Large Estate to Sisters. CRESTON, Ia., April 24.—(Special Telegram.)—Dr. A. M. Golliday, an eccentric bachelor and a druggist of Bedford, Ia., was found dead yesterday in his room, aged 77 years. After the body had been removed to his sister's home, officers investigated his home conditions and unearthed money to the amount of \$28,000.

Boone Is, April 24.—(Special Telegram.)—\$15,000 worth of grain, mowers and mill hands returned to work Friday after one week's strike for higher wages at the former scale of 50 cents a ton. The miners struck for higher pay and the mill hands followed sympathetically. The threatened importation of strikebreakers broke the strike. Two mills were working throughout Friday. It is expected full crews will work Friday. The mills have been completely idle for a week. An organizer arrived from Des Moines Wednesday and attempted to organize a union but failed. No more trouble is expected. Forces will be increased to catch up on orders received during the strike.

Greeneback, musty with age, coins of old dates, securely packed in a rusty iron safe. The papers examined disclosed two sisters and their legal heirs, Mrs. Hall of Bedford, the other living in Oklahoma. A fine farm, a valuable timber tract and town lots comprise his assets in addition to the money. Charts found indicate buried treasures. He lived a miserly life. The surroundings indicate a natural death.
