DUN'S REVIEW OF TRADE

Retail Business as a Whole Shows Little Improvement.

IRON AND STEEL ARE DULL

Several Mills Resume and Work and Revival of Activity is Expected—Cotton Goods Outlook Not Bright.

NEW YORK, April 24.—R. G. Dun & Co.'s weekly review of trade will say: "Lightweight wearing apparel is in better demand in response to the weather, but retail trade as a whole continues in the iron and steel industry, the outlook for the year being indicated by the deductive estimate of iron shipments to 25,000,000 tons. Several mills have resumed, including some of the largest, but the steel market has not started at more than one-third full capacity. Although it develops slowly, there is much encouragement regarding the outlook in the pipe trade, easier money reviving plans for the issue of municipal bonds for water, gas and other public works. Some increase in the attendance of buyers is noted in certain quarters of the primary markets for cotton goods and improved markets are in a healthy condition as to the size of supplies. The export division continues featureless, and trade in knit goods is not very active. The men's wear woollen most manufacturers are secured, and the distinction of a pie piece and anticipate duplicate orders in sufficient number to absorb the output. Footwear shipments from Boston continue light. All markets are quiet, but there is a slight improvement in the specialties, notably tan calf shoes. These contracts are placed for immediate delivery, but there is little likelihood of a general advance in the higher-priced black goods are exceptionally dull. Trade at the west has also fallen off, but it is still relatively better than in New England. Western is rather quiet, but the strength in the domestic hide market, nearly all varieties advancing more or less.

Jackies Having Good Time. Thirty-Three Hundred of Them Will Take Into Hand in Los Angeles Today.

LOS ANGELES, April 24.—Fleet week in Los Angeles is drawing to a close in a perfect whirl of entertainment, amasing in its extent and variety. Today will see practically the last of the long list of events on the local program and tomorrow the various beach cities, where the ships are lying at anchor will have a day to devote to a celebration of the fleet's presence. In every port a round of pleasure has been provided that will occupy every moment of time of the officers and men up to the time they are required to return to their ships at midnight Friday night. The ships were open to visitors all day and thousands of people crowded the beaches and boated in the bay.

Buffalo, N. Y., April 24.—(Special Telegram.)—The home of Mr. and Mrs. James A. Rose of Florida street, Buffalo, was the scene of a quiet wedding last evening, when the marriage of Miss Bernice Constance Paul, sister of Mr. and Mrs. Rose, to Dr. William W. Peebles of Omaha took place. Dr. and Mrs. Peebles left last evening for Omaha, where they will be at home after June 1 at No. 236 Hamilton street.

Sioux Falls City Slate. SIOUX FALLS, S. D., April 24.—(Special.)—Since the election of W. T. ("Billy") Doolittle to the office of mayor of Sioux Falls at the election on Tuesday, there has been a great deal of speculation as to who will be appointed by him to the various appointive city positions. One who is in position to speak with authority states that the cabinet of the new mayor, who will assume the duties of his office on the first Monday in May, will be as follows: City Attorney, Sioux K. Grigsby; city auditor, William Jameson; city assessor, J. Lee; chief of police, John Tracy; chief of the fire department, W. B. McKeever; city engineer, S. B. Howe; sanitary policeman, William Bliss. P. W. McKeever was the first chief of the local fire department, but was supplanted when Frank W. Pillsbury, present mayor of Sioux Falls, assumed the duties of the office two years ago.

Hurricane in South Dakota. MITCHELL, S. D., April 24.—(Special Telegram.)—A hurricane passed over the southern section of this country late yesterday afternoon, going in a westerly direction. The rain came in torrents and the terrific wind caused the collapse of several barns. The rural telephone system enabled the farmers ahead to become apprised of the severity of the storm and they were in a way prepared for it, so animals could be turned out of the barns and as much danger averted as possible. Considerable damage was done to telephone lines in the country and this made it impossible to secure much information of the damage done.

Preparings for Traveling Men. HASTINGS, Neb., April 24.—(Special Telegram.)—Hastings is gay tonight with special street illumination and decorations, arranged for the Travelers' Protective association, which will hold its state convention here tomorrow and Saturday. The ceremonies tomorrow will be chiefly receptions and entertainments with a ball at Ingleside in the evening. Upwards of 50 delegates and visitors are expected.

Kearney Debaters Win. KEARNEY, Neb., April 24.—(Special Telegram.)—Kearney high school debaters defeated the North Platte three here last night in the district contest by a unanimous decision of the judges. This was the first of the state contest.

and the engine and eleven cars turned over. Engineer John F. Walsh of Springfield was imprisoned in his cab and drowned. His body was recovered this morning. Four other members of the train crew saved their lives by swimming. In the darkness they could hear the cries of distress made by Engineer Walsh. Before daylight the cries ceased, and when it became light enough to see the trainmen made a search and found Walsh's dead body. The flood was rushing through the cut like a millrace when the accident occurred.

Damage Suits Follow Fires. SIOUX FALLS, S. D., April 24.—(Special.)—Damage suits follow fires in the western and central South Dakota. A number of the fires started from straw stacks, which had been burned several days before, but which were left smoldering and which were fanned into flames by high winds which prevailed on the days the prairie fires were the worst. Under the state law those who thus were responsible for some of the fires are subject to being compelled to pay for the damage done. Under this law a Davidson county farmer a year or two ago was compelled to pay damages in the sum of several thousand dollars as the results of a prairie fire which was caused by his carelessness. Some-

of the sufferers from the recent fires are now securing evidence upon which to base damage suits against those alleged to be responsible, through carelessness, for the starting of the fires, and will in the near future institute actions in the state circuit court for the counties in which they reside and in which the damage was done.

Lumber Trust Investigation. FLANDREAU, S. D., April 24.—(Special.)—Assistant Attorney General P. W. Dougherty of Dell Rapids, assisted by Ira Blewett, county attorney, began here this week an investigation of the lumber business of South Dakota, in pursuance with a resolution passed by the last legislature providing for such an inquiry into the "Lumber trust." The managers of the Hayes, Seurey and Holman lumber yards at Flandreau and of the yards at Colman and Trent were summoned to appear here for examination. They were instructed to bring along their books, as provided by the legislature, and in this they complied. The results of the investigation will not be made public till the report on the entire inquiry is made. In a speech in the house not long since Congressmen, Hall of South Dakota charged that the lumber dealers were organized into districts and that each was required to abide by the agreed prices or be boycotted. It was because of the prevailing belief in some quarters that this plan is in use

that the legislature authorized the investigation now in progress. HYMENEAL. Peebles-Paul. BUFFALO, N. Y., April 24.—(Special Telegram.)—The home of Mr. and Mrs. James A. Rose of Florida street, Buffalo, was the scene of a quiet wedding last evening, when the marriage of Miss Bernice Constance Paul, sister of Mr. and Mrs. Rose, to Dr. William W. Peebles of Omaha took place. Dr. and Mrs. Peebles left last evening for Omaha, where they will be at home after June 1 at No. 236 Hamilton street. Boulton-Fry. JULESBURG, Colo., April 24.—(Special.)—Miss Grace Irene Fry, daughter of Edwin A. Fry, formerly of Niobrara, Neb., was married at the home of her parents in Julesburg, Colo., April 22 to Frederick A. Boulton of Yankton, S. D., by Rev. Grant G. Gilber, pastor of the Methodist Episcopal church. Nebraska Men Buy Bank. SEATTLE, April 24.—(Special.)—Two Nebraska men who recently came here have bought a controlling interest in the State Bank of Ballard, a northern suburb, where lumber is the chief industry. They are I. J. Riley, formerly of the First National Bank of Lawrence, Neb., and E. H. Price, Mr. Riley who is cashier of the bank and Mr. Price the vice president. John E. Ostrom will remain as president, having kept his interest in the bank. The State Bank of Ballard has a capital stock of \$50,000 and its deposits are over \$70,000 at the present time. It is patronized chiefly by the employes of the lumber mills, but owing to the recent shutting down of the deposits have steadily dwindled from over \$500,000 to the present sum. However, with the resumption of the lumber trade, which began several weeks ago, the business will go up again until the bank is again on a strong footing.

Advertisement for Benson & Thorne Co. All of us are Like the Tad, Want to get That Coat so bad. You do not, however, depend on chance in buying clothes here. Advertisement for BABY TORTURED FOR 6 MONTHS. By Terrible Itching Eczema—Face and Head a Solid Sore—Spread to His Hand and Legs—Would Scratch Until He Bled—Tiny Sufferer Immediately Relieved and ENTIRELY CURED IN 2 MONTHS BY CUTICURA.

Advertisement for CUTICURA. When my son Walter was three weeks old, eczema appeared on his face. We did not know what it was, so we went to a doctor who told us it was eczema. He said it would not get better until we used Cuticura. We tried nothing but one ointment and his face looked as if it were on fire. We were going to fall off, so we tried another doctor. He said he could cure him and we doctored three four months, the baby never getting any better. His hand and legs had big sores on them and as for his sleeping, we could not think of it, the poor little fellow suffered so much. First I tried Cuticura to the crib to keep him from scratching, but when it got so bad I tied him in a sheet or he would scratch himself all bloody. He had seven months old and the sores were gone but it stayed red and sometimes it would itch so we used Cuticura for two months, then he had a clear white face. Now he is two years and seven months old and has never had eczema again. I hope this letter will help some who are suffering from itching, burning, and scaly humors, eczema, rashes, and irritations, from infancy to age, when all other remedies fail.

Advertisement for LUTHERAN SYNOD AT FREMONT. The northeastern Nebraska division of the Lutheran synod of the Lutheran church has been holding its annual session yesterday and today at Trinity Lutheran church in this city, with about forty clergymen in attendance. The papers and addresses have been mostly of a theological character, and though a few are believers in the "higher criticism," the animated discussions show that the church is extremely conservative. Rev. J. Hilsendorf of Arlington read an able paper on the "Creation," briefly outlining the views of the evolutionists and the conservatives. Almost every minister present attacked evolution and higher criticism of the Bible, bitterly contending for theology of the old school.
