### PREACHER SICK OF FAKERS

Rev. C. W. Savidge Advocates Sanity in Curbing Vice.

APPEAL TO SENSE ON SOCIAL EVIL

Want Creatures Confined in District, So that They May Do the Minimum Amount of Harm to the Community.

"In my judgment, the bad woman queston is in the worst condition it has been since I came to Omaha twenty-six years ago," said Rev. Charles W. Savidge, pastor and founder of the People's church. "And O this is so, because a few unthinking and overzealous people who call themselves reformers have talked too much.

"When Elmer Thomas stands up with Police Judge Crawford and says these women should be run out of the Arcade and similar houses in the proscribed district he does a terrible injury to his city, that he professes so passionately to love, and reflects a gross lack of study of his subject. When Wilber Crafts, who knows nothing about Omaha, nor any other city except as he catches a glimpse of it on his flying visits, comes here and says the millennium has come because these women are scattered all over the city, he ought to go and knock his head against the stone pavement.

"I think my record in this city will permit me to speak plainly of this or any other question without my motives being impugned. I have gone into this thing and am prepared to talk of it. I had a man get me the names and addresses of every had woman in Omaha and from that I learn that since the women were run out of the prescribed cribs they are scattered throughout our best residence districts and they do not, in some cases, maintain a residence longer than a week. It's flitting from this place to that, spreading their odium.

Puts Question to Same Men.

'Now, in all candor, I ask the sane, sensible, thinking men and women of Omaha, those who really care something beyond the limit of promoting some selfish political or business scheme, is this the best condition? Does this state of affairs tend toward correcting an evil or magnifying it?"

"Of course, there is but one answer to that question. The best way, so far as experience and the best regulation in any city in the United States has taught. to hundle this evil is to have it under police surveillance, have it concentrated where the law of the city can lay its hand on it. That is simply not possible under present conditions. And I want to say that those O persons or concerns that are constantly hammering Chief of Police Donahue, or walling for a grand jury to deal with this evil, are doing so for some other reason than the welfare of Omaha. They have a sinister motive somewhere.

"Only a few months ago, we had it drummed in our ears that the police were recreant to their duty, because many such women were occupying houses in residence districts. The police corralled them. Then the hue and cry arose for the abandonment of those cribs and the women were scattered. Now the same old cry is raised for their concentration.

"Really, if it were not so serious a thing, it would be ludricrous. It is a shame to bat about the sacred interest and welfare of a community in such a flippant manner. "I could tell these persons that some of women they run out of that nether world are today occupying houses in districts where only the strictest respectability is supposed to exist."

#### EUROPEAN MORMONS TO UTAH

Missionaries Send Another Party from Scandinavia to Follow Joseph Smith.

The Union station presented an animated appearance Thursday forenoon when another large colony of Mormon converts waited for the afternoon train of the Union Pacific for Utah. The party numbered about a hundred and the members were from Norway, Sweden, Germany and Eng-A similar party of one hundred passed through Omaha last week, making a total of 1.600 of the Mormons who have passed through Omaha enroute from the old country since last June.

The Mormon church has J.500 missionarles at work in the European countries securing converts. Most of them are young men, who are supposed to work for two years at that work without pay. The emigrants are all well-to-do people, with means for buying farm lands in Utah. The church advises all these people to settle on the farms and to stay away from the

Kidney complaint kills more people than any other disease. This is due to the discase being so insidious that it gets a good hold on the system before it is recognized. Foley's Kidney Cure will prevent the development of fatal disease if taken in time. All druggists.
