### A Nourishing Meal for

These are times when the poor work to get something to eat and the rich work to get an appetite. Shredded Wheat satisfies both because it is economical and nutritious. Two Shredded Wheat Biscuits with milk or cream, will supply all the strength needed for work or play—at a cost of five cents.

For breakfast heat the Biscuit in oven, pour milk over it (hot milk in winter) and add a little cream. If you like the Biscuit for breakfast you will like toasted TRISCUIT (the Shredded Wheat wafer) for luncheon or any meal with butter, cheese or marmalade. At your grocers.

### NEW BISCUIT FACTORY SURE

Vice President of Loose-Wiles Makes Announcement After Visit.

### OMAHA CONTROLS TERRITORY

Cracker Business in Four States Depends on Factory in Omaha, According to Big Independent Dealer.

"Our coming to Omaha means that we will ultimately buy property and build a model cracker factory in this city," Vice President John H. Wiles of the Loose-Wiles company, makers of biscuits, who have opened a warehouse in Omaha, made this statement Friday when he arrived in Omaha to start his force of salesmen to work in the territory which he regards as "Omaha's" and sell Kansas City made biscuits.

"We are with Omaha," said Mr. Wiles. "We can handle the territory of western Iowa, Nebraska, South Dakota and Wyoming from our Omaha warehouse, and it is only a question of time until we will build here. As cracker factories must be constructed it is necessary to build. We are not in favor of attempting to make crackers in Omaha until we do erect our own building."

**Business in Sight.**

Mr. Wiles started the salesmen to work in the territory comprising Omaha's trade empire two weeks ago and the orders received in that time justified his prediction that a factory would be built.

Thursday evening the Omaha city sales force, which consists of several of the salesmen for the National Biscuit company, was taken to Kansas City, where they are being made acquainted with the cracker business from the Loose-Wiles standpoint. They will begin work in Omaha Monday morning. The men hired were formerly in the employ of the so-called biscuit trust and were not released from the contracts until yesterday.

According to Mr. Wiles the biscuit business on the Missouri river in the future will be in the hands of the independent dealers. The National Biscuit company is carrying out a plan of centralization, which means the removal from the west of factories where hundreds have been employed. The independent manufacturers now have possession of the Missouri river territory from Sioux Falls, S. D., to Kansas City, where the Loose-Wiles company has been compelled to enlarge a plant already the largest in the country.

### PLANS OF PERINE FUNERAL

### NEWS OF THE ARMY CIRCLE

Captain Hacker Will Leave for Tennessee for Visit of Few Months.

Captain T. B. Hacker, chief commissary Department of the Missouri, with Mrs. Hacker, will leave Tuesday for Johnson City, Tenn., for a visit of two months. During Captain Hacker's temporary absence Captain William F. Clark of the paymaster's force will act as chief commissary of the department and purchasing commissary at this point.

Second Lieutenant Arthur H. Wilson of the Sixth United States cavalry was a visitor at army headquarters Friday, enroute to join his regiment in the Philippines.

During the month of April, 1908, fourteen recruits were secured in the Omaha recruiting district for the regular army. These being the number of acceptances out of 108 applications for enlistment. Ten of the recruits were obtained at Omaha. There are five recruiting stations in the Omaha district. They are Omaha, Lincoln, Sioux Falls, Sioux City and Council Bluffs.

Twenty-five recruits were obtained for the United States navy at the naval recruiting station in Omaha during the month of April. The acceptances were about 25 per cent of the applications. Additional efforts will be made to secure enlistments for the navy during the coming season in order that Omaha may come up to its share of the 6,000 additional force required for the navy this year. It is noted that navy desertions are rapidly falling off and that a better class of men than ever is being secured at the recruiting stations.

### W. C. BULLARD MAKES STATEMENT

Classes Nebraska Telephone Company with Anarchists—Strong Statement from Well-Known Man.

"The Nebraska Telephone company has seen fit to adopt a policy in relation to the Independent Telephone company, which the business men of Omaha are not accustomed to. Omaha enjoys the best of reputations, and I regret to see one of our corporations descend to the level of the anarchists, and make statements which even the casual investigator knows are not well founded.

"I believe that I am not known as a plunger, promoter or speculator, and I say to the public that if there ever was an honestly built institution in Omaha, it is the plant and system of the Independent Telephone company. There are \$250,000 of Omaha money now invested in the plant, besides nearly \$1,000,000 of outside capital. The system is growing very rapidly. The bonds are absolutely gilt-edged, and the stock will pay 4 per cent dividend from July 1. These things you may be absolutely sure of.

"The Nebraska Telephone company has never enjoyed the reputation of being a protector of the public, financially or morally, which leads us to believe that its stand now is one wholly selfish and not for the best interests of the public, and I am, 'W. C. BULLARD.'"

### We Have Grappled With the Grocery and Meat Business for Twenty Years.

We have keenly observed to better be enabled to meet requirements. We have digested innumerable discourses on "Quality" and acquired valuable hints pertaining to quantity, but when we condense these conditions and apply them to a practical test, we realize that to merit your confidence and secure your patronage, we must do one of two things—either to sell you the same quality of goods you are accustomed to buy at lower prices, or sell you superior quality at the same prices. We are prepared to do both, and can best demonstrate it if you will open an account with us and note results.
