Guy Green's original Nebraska Indian swooped down upon Lee-Glass-Andreesen' pale faces at Vinton street park Saturda afternoon and gave the hardware men sample of base ball that opened the eye of the 500 fans and settled all doubt as t their ability to play the national game. Moriarty essayed to do the slab work for for the home team, pitching good ball u to the seventh inning, when he was force to retire on account of having a finger nail torn off fielding a pop-up fly. Bunnell, Indiana Agriculturists Lose Track who relieved him, couldn't find the plate with a spy-glass and was sent to the stable and Jelen, who succeeded him, did some and exciting dual track meet on Stuart

DIETZ SCALP THE White Men Get Too Large a Lead

Early in the Game. The National Indians lost to the Distr team at Dietz park Saturday afternoon by a score of 5 to 5. The Diets team secured a lead of four runs in the first five innings and then the Indians put on their war paint, putting up an article of ball that should have won if Eastman's pitching in the last two innings had not been of the first order, therefore there was nothing doing for the Redmen. The Indians are certainly fast on the bases and are there with the bat. This afternoon the Dietz Association team try for their scalps, but War Engle, the old Carlisle pitcher, says he will show them.

The opening game of the Inter-City league between the Sterlings and Dietz Athletics will be called at 2:30 sharp. The

Third Successive Victory for Chicago COUNTRY CLUB STARTS GOLF

First of the Links to Have Formal Season Opening. QUALIFIES HIM FOR OLYMPIC

The Omaha Country club was the first the out-door clubs of Omaha to have its formal opening. It was held Saturday Time, 2:29:00 3-5, is Within Five afternoon. The principal againment of the day was the golf match, which was participated in by over seventy-five players, who found the day good for golf in apite of the high wind. Few changes have been made in the course, so that the holes are practically of the same distance, with the same hazards as last year.

> Menteply will be the golf instructor, succeeding Bob Simpson, who will be in Milwankee this year. Menteply is quite a player and an expert club maker and the members look for a successful season under his supervision. The capacity of the club was taxed to

> handle the vast number of members who enjoyed the table d'hote dinner in the evening and stayed for the informal hop. The light fire in the huge fireplace was quite acceptable to the members, as the Country club house is not built for a winter club and the cool winds find their way through.

> The Country club will take up tennis on a broader scale than ever before and the courts will be put in condition as soon as possible. Many of the members of the club who have been playing squash ball this winter at the Racquet club, have signified their intention of playing tennis this summer.

The Field club will have its opening next Saturday:

In the golf match four were to qualify and to play off at match play. Three were tied for fourth place, and these will play off, and the first round must be played off before May 15, and the finals, before May

Brilliant and Wonderful Expesition at Auditorium All This Week. The doors of the Auditorium will swing open tonight at 7 o'clock upon the most brilliantly beautiful and interesting exposition ever given in the big building. It will be Omaha's initial effort in the line

of an electrical show, and, judging from

the elaborate and artistic preparations that

have been made, it will be a show that will reflect credit not only upon the men who have promoted and built the show, but upon the city as well. Chicago and New York newspaper men already on the ground are very agreeably surprised at the beauty and magnitude of the show, and one of them said last night: "The people of Omaha are certainly to be congratulated upon the enterprise and push of the men who are putting on this splen-

did show, and I will miss my guess a

mile if your people do not attend this show

in perfect droves before the week is over. It is going to be superbly beautiful." The exhibits are practically all in place and the show will be all complete and ready for the public before the doors are opened tonight. The ladies of the Kountae Memorial church have the refreshment booths and will serve lee cream and coffee. The entertainment program will begin at so'clock and will consist of music by Dimick's orchestra, plano selections by Mr. Charles H. Keefer, scrobatic work by the "Teddy brothers," and a beautiful "fire-

dance" by Oneta, the celebrated serpentine and electric dancer of Chicago. The Omaha Street Rallway company has consented to furnish a specially lighted car for the band, which will make a tour of the business district of the city this afternoon and every evening during the week, advertising the Electrical show.
