He will appear in police court Saturday.

AFFAIRS AT SOUTH OMAHA

Concerted Effort to Be Made to Shut Off Supply of Chronic Drinkers. GIVE THE POLICE MUCH TROUBLE. Saloonmen to Be Notified Not to Sell to This Class or to Permit Them to Hang Around Their Places. It is announced that a concerted effort is to be made to remove from the city of South Omaha some twenty habitual drunkards who have been giving the police no end of trouble for more than a year. These men when sober work in the packing houses as common labor and as such are as faithful as their insatiable appetites will allow them to be. As often as they get a pay day they go on a spree and spend all their money, and end by being arrested for disorder. Then they have to serve all the way from a week to thirty days to sober up in the city or county jail. In the meantime their families are destitute. Many of the families are supported by charity while the husband is in jail. The Board of Fire and Police commissioners is considering with the police the advisability of taking stringent action both upon the inebriates and upon the saloon men who allow them to have the liquor. All of these characters are well known to the police and to the saloon men. It is proposed to issue an order to the saloon keepers to observe the law prohibiting the sale to habitual drunkards or allowing any one to buy the liquor for them. The saloon men will be required to keep these men out of the saloons altogether, as far as possible. It is argued that the saloon men would be all the better off by being rid of this class of men entirely, as the profit of their custom amounts to little in any one of the score or two of well known cases. Public School Field Meet. The grades of the South Omaha schools are to engage in a field meet Saturday afternoon at Kennedy's park. The meet is under the auspices of the local Young Men's Christian association. A number of the contestants met at the gymnasium Wednesday night and received the final instructions to the rules governing the contest. Much enthusiasm was manifested by the boys. Nearly every one of the ten graded schools had representatives at the meeting. Each school will be out with a strong team Saturday. The teachers were also present Wednesday evening to assist the athletic secretary in the arrangements. All of the schools are entitled to enter and the representatives in each school are required to hold an average in scholarship of 85 per cent. The event is to be an annual affair hereafter and a handsome banner is to be presented to the winning team. New Ruling on Letter Delivery. In a letter from the Postoffice department the postmaster of South Omaha is informed that letter carriers are not permitted to deliver mail to the different rooms in apartment houses and that where there are no letter boxes in the lower front hall arrangements should be made with the janitor or other responsible person to receive and distribute the mail to the occupants. Also carriers are not required to deliver mail above the second floor of office buildings not equipped with elevators. Postmaster H. W. Rushing has been given these rulings, parties living in, or having offices above the first floor in such buildings, should place boxes on the first floor for the reception of mail. Magic City Gossip. The fines during the month amounted to \$60. L. W. Rushing has begun the construction of his stables at Twenty-fourth and J tile at a speed which Officer Riegelman estimated conservatively to be twenty-five miles an hour. The officer stopped the buzz wagon and explained to the occupant that he was exceeding the speed limit. Mr. Wells gave his name and the place where he could be found and Friday a warrant was issued. He will appear in police court Saturday. Commencing Monday Morning at 8 O'clock We Place on Sale Over 300 large room size rugs and many small rugs at almost unheard of prices. Advocates of the spoils town theory fail to interest Mayor Dahlman in the smoke question, as the chief executive says he never can make Omaha the Pittsburgh of the West. Need It, Says He, to Make Omaha the Pittsburgh of the West. Section 08 of Thomas' revised ordinance of the city declares that "the emission of dense smoke from smokestacks shall be deemed and is hereby declared to be a public nuisance," and provides a fine of from \$5 to \$50 for the first offense and a fine of from \$50 to \$100 for the second offense. The ordinance has never been enforced, and has generally been considered a foolish provision, the enforcement of which would stunt the growth of the city.

At the Theaters

"The Burglar and the Lady" at the Krug. Still the idol of the "gallery god" and a small army of admirers which filled the balcony and lower floor, "Gentleman Jim" Corbett, at the head of a capable company in "The Burglar and the Lady," opened a three-days' engagement at the Krug theater Thursday night. Although lacking somewhat in the warmth of an ardent lover, "Gentleman Jim" added to the list of his admirers by his interpretation of the role of the burglar. As Norma Grey, in love with the burglar, Rose King won considerable applause, especially at the climax of the third act, when she aids the burglar to escape from the clutches of the law after receiving his promise to reform. "The Burglar and the Lady" closes Saturday night, with the usual matinee given on that day. This engagement is the last that will be seen at the Krug this season, the house closing Saturday night. Small women's suits all go at \$15 Saturday, sold formerly up to \$35. Benson & Thorne Co., 1115-1117 Douglas.

BUTTER MAKERS WAIT A DAY

Iowa and Nebraska Men Postpone Meeting Because Some are on Slow Trains. The meeting of the Iowa-Nebraska butter makers which was to have been held at the Paxton hotel Friday was postponed because of many members who could not reach Omaha until Saturday. The session will be held in the convention room on the second floor of the Paxton Saturday morning. The business of the meeting will be largely to prepare for the hearing which the creamery men have before the Interstate Commerce commission, seeking to show the unreasonableness of the proposed advance on cream rates. The courts have granted an injunction restraining the railroads from making the rates effective until after the hearing before the commission.

GET A CASE OF DIAPEPSIN AND RID YOURSELF OF INDIGESTION

If you ever get a case of the 22 Grain Triangles you will see how long you suffered unnecessarily. Every family here ought to keep a case of Diapepsin in the house, as any one of you may have an attack of indigestion or stomach trouble at any time, day or night. This harmless preparation is prepared in the form of 22-grain Triangles, and tastes like candy while you are eating them, but they will digest anything you can eat and overcome a sour stomach five minutes afterwards. If your meals don't tempt you or what little you do eat seems to fill you, or it lugs like a lump of lead in your stomach, or if you have a heartburn, that is a sign of indigestion. Ask your Pharmacist for a 50-cent case of Pape's Diapepsin and take one triangle after supper tonight, and see five minutes after how it feels to be rid of stomach trouble. There will be no sour risings, no belching of undigested food mixed with acid, no explosions of stomach gas, or heartburn, or

Health-Economy

Calumet Baking Powder Best by Test. The orchestra was a revelation. Under the careful inspiring conductorship of Max Landow these young people certainly played in a remarkable manner. The tone quality was good, the attacks were splendid, the phrasing and shading were beyond comprehension in an orchestra which contained so many very young players. It is wonderful. Why those young people massed up some tonal choruses that were simply thrilling. Never has the writer been able to give such unqualified praise as he gives to this dashing, brilliant student body, who know how to keep in tune, sustain a

COW MERCHANT IN TROUBLE

Mike Snyder Accused of Selling Two Which Belonged to Another Man. Although the charge of cattle stealing is now unusual in this part of the country and the thief is not as liable to undergo the summary justice dealt out a few decades ago, Mike Snyder of 2516 North Fourteenth street is under arrest at the police station on that charge, all through the energetic efforts of Patrolman Morris. Snyder drove a team for Byron Met-singer of 4015 Camden avenue for two days and, thinking that the pay he received for the two days' work did not compensate him, it is alleged, he conceived the idea of taking a cow belonging to Met-singer and selling the same at South Omaha. Selecting a healthy looking bovine from the pasture, Snyder started to lead the animal toward South Omaha, when he noticed that another
