Rummage the old Trunk

An hour or two spent over the old trunk will end in many unexpected profitable results.

You'll find things that you didn't know you had, and all useless to you. Don't throw them away-don't destroy the old clothing because it is out of date-some one wants it-will pay you a good price for it. Books or magazines, even if the covers have been torn, can be sold. You may find odd pieces of silverware, discarded when new designs came into use, or perhaps some pictures you grew tired of.
