

RAILROAD TAX MEN PLEAD

Ask State Board to Reduce the Assessments of Their Lines.

SHOWING DECREASED EARNINGS

State Medical Society Elects Officers and Votes to Hold Next Year's Session in Omaha—Supreme Court Decisions.

(From a Staff Correspondent.) LINCOLN, May 21.—(Special.)—At the first hearing held by the State Board of Assessment for railroad tax commissioners, R. D. Pollard of the Burlington appeared and asked the board not to value the lines of his company in Nebraska at more than \$10,000. They were valued last year at \$14,000. Tax commissioner Scribner of the Union Pacific also spoke, but he said it was useless to repeat his argument of last year, when the board valued the lines of his company at \$7,000 a mile. He said he was disappointed last year and hoped for some concessions this year. Mr. Pollard briefly stated the assessment of his real estate, his stock and money in Nebraska and gave figures to show that each class of property was assessed far below its true value. He said his company earned 3 per cent on a valuation of \$4,000 a mile in Nebraska for the six months ending March 31. He said it earned \$2.74 a mile, nearly 50 per cent less than the year before. Mr. Scribner said his company earned nearly \$400 a mile less. He admitted that his company had ceased apportioning its earnings between states because at best such calculations are mere estimates and often unfair and would not stand up in court. Mr. Pollard told the board his company arbitrarily apportioned the earnings between states and gave to Nebraska lines a constructive mileage of 1.4. This he said credited to Nebraska about 20 per cent that the lines had not in fact earned and he believed that amount should be deducted. The board will hear Mr. Pollard of the Omaha road tomorrow morning. He usually gives the board some interesting information.

The defense fund project presented to the house of delegates by a committee on Wednesday was formally adopted, but an amendment and a resolution put through later will modify the plan so as to make it optional rather than obligatory with members of the association whether or not they shall participate in this feature. The rule requiring the payment of \$1 toward the defense fund will not be enforced where a physician is not desirous of securing its benefits. As the articles stand, the dollar may be collected, but will go into the general fund of the association when a member does not wish to avail himself of the protective advantages. The annual dues have been \$1 in the past, and with this new provision they will be raised to \$2. However, if some members should refuse to pay the extra dollar they will probably be excused from the fund. It is expected that three-fourths of the 800 physicians belonging will contribute voluntarily to the fund. There is \$227 already on hand from \$1 payments.

At a session of the board of councilors this morning, charges preferred some time ago against H. B. Brown, a physician practicing at Chadron, were adjudged to be ill-founded. The accusations against Brown were that he had no legal certificate in Nebraska and was not eligible for registration as a medical practitioner, that a certificate which he claimed to have obtained from the state had never taken a course of study sufficient to qualify him for practice.

A verdict for \$1,900.23 in favor of Joseph Burns against the city of Aurora was returned at 3 o'clock this afternoon by the jury in United States court which heard challenge at the trial. Burns sued for \$2,000.00 on a well digger and water works contract, with interest running from May 1, 1904. The whole contract price exceeded \$2,000, but the city has already paid upwards of \$3,000.

University Place Troubled. UNIVERSITY PLACE, Neb., May 21.—(Special.)—At present University Place is reaping the rewards of the early closing of saloons in Lincoln. CRETE TO HAVE Y. M. C. A. HOME

Structure as Planned Will Cost Twenty Thousand Dollars. CRETE, Neb., May 21.—(Special.)—At a meeting of the city Young Men's Christian association directors and most of the business men of Crete last night definite plans were discussed for the building of a new \$20,000 Young Men's Christian association home. The plans were presented by General Secretary Luke and G. L. Meisner, president of the association. State Secretary Bailey and Mr. Meade of York, representing the state executive committee, were both present and helped to explain the situation.

The present plan calls for a building 40x60, including a thirteen-foot basement and a story above the building is to contain all modern arrangements for amusement and association work. As Crete is only a little city of 3,000, the new building is a large undertaking, but the business men are realizing that in order to keep abreast with other cities, they must furnish a place for their young men and boys and for the surrounding commercial territory. That they are in earnest to accomplish something is proved by the fact that over \$10,000 has already been subscribed in bona fide pledges, besides a liberal sum that is conditionally pledged.

Mr. Miller was assaulted for remarks made about Utica women at the grand jury.

The investigation of the death of Mrs. Frank Smith, near Millford, is still before the grand jury. Judge H. G. Dungan of Hastings came to Seward Monday and is holding court in Hastings for Judge Dungan. Fred Brock and George Robinson have been indicted for assaulting each other. NEXT YEAR'S MEETING AT YORK

Session One of the Largest and Most Successful Ever Held by the Veterans of the State of Nebraska. HASTINGS, Neb., May 21.—(Special Telegram.)—The thirty-second annual encampment of the Grand Army of the Republic, while perhaps not the largest ever held by the department in this state, has been none the less satisfactory to all the visitors. Probably in proportion to the number of veterans living in the state the attendance has been as large as at any previous gathering.

The Grand Army, Woman's Relief Corps and Ladies of the Grand Army of the Republic adjourned at noon. Most of the morning was consumed by each organization with the election of officers.
