

OBJECT OF THOSE NEW BONDS

Omaha Men Think Headquarters Building May Now Go Up.

MOHLER IN EAST AT PRESENT

Erection of Building in Omaha and Construction of Line Work New Believed to Be in Sight.

The announcement that the Union Pacific had sold \$40,000,000 worth of the bonds authorized at the annual meeting of the company recently held at Salt Lake, suggests to many men that the Union Pacific is about to begin operations in the west, some of which are new and some of a continuation of the work stopped last fall when the financial stringency caused a cessation of all new work.

Just which work will be undertaken first is a matter of much speculation. The people of Omaha would like to see work started as soon as possible on the new headquarters building at Fifteenth and Dodge streets. This site has been in the hands of the Union Pacific for over a year and has been lying idle. The plans have been drawn and accepted.

Work on the Lane cut-off was stopped with the others, but a small force of men was kept at work on this line until one track was completed and trains are now running that way and a force of men is busy laying the second track and completing the bridges. The numerous overhead viaducts along the line are just as they were last fall.

Considerable speculation has been indulged in by the western press as to the object of the visit of A. L. Mohler and R. L. Hickey, general manager and chief engineer respectively of the Union Pacific, to Colorado last week. They traveled in an automobile over the route from the company's Platte Valley branch to a point on the main line near Medicine Bow.

Cheyenne is stirred over the reports that this means a new line is to be built between these points through Fort Collins, making a saving of seventy-five miles between Salt Lake and Denver and leaving Cheyenne out in the cold.

Agents of the Union Pacific have been buying the right-of-way from Plattville to Fort Collins and the report is that they carried check books and paid practically the price of the farmers' land for the land. The right-of-way was bought only in alternating sections, the agents claiming they hold the right-of-way because of intervening sections because of an old government grant. The cut-off will be between sixty and sixty-five miles long and will shorten the distance between Salt Lake and Denver from 1,000 to 900 miles through rich farming lands as well as rich undeveloped coal and mining lands.

Cheyenne also fears the other cut-off of the Union Pacific which that road proposes to build from Bridgeport to Laramie, also leaving Cheyenne off the main line of the Union Pacific. No work is now being done on the new line which was started from North Platte to Bridgeport and which was stopped last fall. It is thought, however, that this will be one of the first pieces of construction work to be resumed when the Union Pacific begins active operations.

Mr. Mohler seems to be the only official who knows anything definite about the new work and he is in the east.

ALEX CHARLTON IS SIXTH

Nearest Top at Annapolis of Any Other Youth from Nebraska.

Several confusions have been made as to the standings in their class work of the Omaha boys who graduate Friday from the Naval academy at Annapolis. Here are the names of the boys, with their class rank opposite:

Alex Charlton, Jr., sixth. Frank J. Wille, twentieth. David C. Patterson, Jr., fortieth. Henry Davis McGuire, 117th. The class consists of 200 members.

W. R. Ward of Dyersburg, Tenn., writes: "This is to certify that I have used Orino Laxative Fruit Syrup for chronic constipation, and it has proven, without a doubt, to be a thorough, practical remedy for this trouble, and it is with pleasure I offer my conscientious reference." All druggists.

HAND-TAILORED SUITS FOR MEN

Classy Suits for Summer, worth \$20.00 to \$25.00, at \$14.75

THE STOETZEL STOVE CO.

714 South Sixteenth Street

We Sell on Small Monthly Payments, or at a Cut Price for Cash.

Read below what people who know say about our Cold Storage Refrigerator and Detroit Ideal Gas Stove.

Mrs. Frugh of Dundee, recognized by the Women's clubs of Omaha and elsewhere as an authority on the art of cooking and cooking apparatus, bought a Detroit Ideal of us some months ago and this is what she said last week: I bought the Detroit Ideal because I not only know from experience that it takes less gas than others, but I know it to have that reputation where it is known. It is the most beautiful baking and delightful working gas stove made. It has many commendable features not found in others. When Omaha people find out what the Detroit Ideal is we will have a run on it that will break all records.

Think of It! \$1 Silks for 28c

Don't judge the silks by the price. It's deceiving. You'll be agreeably surprised when you see them. The silks were made to sell for 75c, \$1.00 and \$1.25, and worth it. Some clever buying, coupled with close marking, is responsible for this bargain. Excellent styles, best selling lines of the season, such as: 27-inch fancy taffetas, in checks and stripes. 28-inch rough silks, how so popular. 27-inch printed Jap. silks, coin spot design. 24-inch satin foulards, choice dress styles. Plaid waist or petticoat silks. Louisiana, plait taffeta, pongees, etc.

\$5.00 For Stylish Wash Suits

We cannot recall a time when a Silk Petticoat sale deserved your attention more, than this one. These petticoats are made of high grade, lustrous all silk taffeta, in all the popular shades, the quality is heavy enough that the petticoats will stand alone, each has an elaborate flounce, and there are three or four styles of which you can make a selection. You have never bought a better petticoat at \$7.50, Friday on special sale at \$3.95
