Queen Quality Shoes

THEY FIT WHEN OTHERS FAIL. Conservatively it has cost the manufacturers of "Queen Quality" Shoes a million dollars to make the public acquainted with two words - "Queen Quality." Now these two words - "QUEEN QUALITY" - sell 3,000,000 pairs of shoes each year. Consequently the value of that trade name is practically beyond price. Don't you see that the manufacturers cannot afford to cheapen a shoe whose reputation has cost them a million dollars to create?
