

GOLD BOND CERTIFICATE

Co-operation

The one word that spells the success of the Schmoller & Mueller Gold Bond issue. Alone we could not have attempted or brought to a successful point the issue of the Gold Bond Certificates.

With the co-operation of the manufacturers standing back of this issue—redeeming every bond used as intended for its full face value—we have been able to present the opportunity to every prospective piano buyer of purchasing a fully guaranteed instrument, at the greatest saving in price ever made possible.

Thirty carloads of instruments have been distributed during the last thirty days—all over the west. New carloads arriving daily have replenished our stock, which now is just as fresh, with just as good an assortment as before the bond issue.

In short you are now able to select from our stock of new Steinway, Emerson, Hardman, A. B. Chase, McNeil and Schmoller & Mueller pianos—guaranteed instruments—at a price lower than any other dealer can quote, and in addition save from these low prices the value of your Gold Bond Certificate. Do this much for yourself and family now—you'll never regret the decision.

This great cash purchase was a tremendous undertaking and will be greatly commented on by all our competitors—to buy such an immense stock right now when the shirt waist business is almost at a standstill, on account of the recent cool and rainy weather, but that's the very reason why this great shirt waist manufacturer was anxious to unload and offered his entire stock at a great sacrifice. Mr. J. B. Orkin, our resident New York buyer, could not stand the temptation, as we have always handled this line and know that they are the best and cleanest made waists in America.

There Are Over 7,000 Beautiful Shirt Waists

All are crisp new waists just from the maker's hands; made of the finest lawns and lingers, and trimmed with best laces or embroideries. There is not a pretty style that you will not find here. Some are elaborate designs, some are dainty exclusive effects and some are plain tailored models.

PERSONAL PARAGRAPHS

W. S. Wright of Wright & Wilhelm, wholesale hardware dealers, has returned from Kansas City, where he attended a meeting of the wholesale hardware dealers of the Missouri river cities. Was Bound to Win.

Edward McIntyre, a Minnesota young man, has set an example of combined patience, endurance, and foxiness that it would be hard to match. An abandoned homestead near Estevan, Saskatchewan, was thrown open to entry, and animated was the scramble therefore. McIntyre took pains to be the last inquirer at the land office on the day previous to that set for the filling, when he stationed himself on a chair in the corridor, with his hands on the knob of the land office door. And there he stayed till the land office opened in the morning, a vigil of seventeen hours. Many others had gathered from all sections to get a chance at the homestead, but McIntyre was the winner. Whenever western Canadians want to be shown a trick or two, let them apply to gopher genius—St. Paul Dispatch.
