Never in our history have we ever held such a sale. These suits cost us a great deal more than what we will get for them, but we must have the money, so come early to get the selection, as they will not last long. We have employed extra salesmen and we expect the biggest men's suit day that has ever been in Omaha.

This sale is for Saturday only.

ARE YOU

Properly Proportioned?

THE MAN with broad, square shoulders and reasonably proportioned form—can wear most anything and look fairly presentable.

Other men—not so well favored by nature should appreciate even more the necessity for care in selecting correct and becoming attire.

The distance from the shoulder to the waist line—the proportion of your neck and shoulders—is different from anyone else's.

That's why it takes so much accurate measurement and study of your individual figure—to produce a garment that will fit you perfectly.

Some handsome new effects in today.
