ADVANCE MADE IN VALUES

County Board Says City and Country Property is Worth More.

EQUALIZERS GO OVER ASSESSOR

Aggregate Advance is Nearly Eight Hundred Thousand Dollars and Does Not Include Buildings in City.

Raises in valuation amounting practically to \$800,000 were made by the County Board of Equalization Tuesday on real estate lying between Fifteenth and Twentieth streets on Farnam.

Owners of the property which has been raised have been cited to appear before the board Friday to show cause why the increased valuations should not stand.

Property along Farnam from Twentieth to Twenty-fourth, on Sixteenth street from Leavenworth to Cum and along Cum and Leavenworth streets may also be increased before the board adjourns.

County Assessor Shriver valued the property on Farnam between Fifteenth and Twentieth at \$1,800,000 and the board raised it to \$2,614,700, an increase of \$814,700. The figures do not include buildings.

The board increased the valuation of the bond of Trade building lot at Sixteenth and Farnam from \$150,000 to \$175,000. The Patterson building lot at Seventeenth and Farnam was increased from \$65,000 to \$90,000. The Wead building lot at Eighteenth and Farnam from \$80,000 to \$90,000.

Lots on the south side of Farnam between Eighteenth and Twentieth, which Assessor Shriver had valued at \$100,000 to \$130,000, were increased from \$117,000 to \$130,000 according to location.

The two lots on which the Paxton block stands at Sixteenth and Farnam were raised from \$300,000 to \$375,000. The lot just east of this building was increased from \$70,000 to \$100,000.

The north side of the block from Sixteenth to Seventeenth was raised from an aggregate of \$200,000 to \$415,000. The Bee building lot was increased from \$90,000 to \$130,000. Other increases were in proportion.

When it came to the report of the assessor on the land in the county a word's \$9 per acre according to the county officials. Last year it was assessed on the basis of \$5 per acre.

Both figures include the improvements. The report of the assessor on the land

Complaint Filed Against Street Advertising of Religious Meetings

Can the Young Men's Christian Association continue to put up small signs close to its building on the sidewalk at Seventeenth and Harney streets?

The signs are small and out of the way of pedestrians and apparently do no harm, but just the same the vigilant protector of the people's rights has sworn out a complaint against the Young Men's Christian Association for maintaining this sign.

The people's rights are not going to be trodden into the dirt, the safety of the city is not going to be thus hazarded, the interests of the metropolis of Nebraska shall not be subjected to such imminent peril, besides the city ordinances must be conserved.

The "dangerous" sign is about three or four feet high, perhaps two feet broad and stands close up against the building near the Harney street entrance.

The Accident of Sex. "In this new interpretation of life," said Julia Ward Howe, in an address before five religious associations in Boston, "its gifts and obligations, I must think the last very great, and almost incredible progress, how great, an almost incredible progress. How should I, a woman, fail to mention as part of this progress the rehabilitation of the sex?"

NOTES ON OMAHA SOCIETY

Ladies' Day Occasions Many Luncheon Parties at the Clubs.

SUPPER FOR CADET COMPANY D

Miss McShane and Mr. Willard Hoeford Honor Guests at Dinner Given at the Country Club.

One of the largest luncheon parties at the club Tuesday was given for the visiting women who are here with their husbands attending the state convention of the Pharmaceutical association. One long table with a low mound of different shaded roses down the center seated about fifty guests.

The largest private luncheon party at the Field club Tuesday was given by Mrs. G. J. Ingwerson in honor of her house guests, Mrs. Sidney Brown and Mrs. Luther Brown of Chicago. A color scheme of yellow and white was used. Daisies made attractive centerpieces for the twelve small tables and gold monogram plate cards marked the places for forty-eight guests.

At Happy Hollow. Mrs. G. C. Thompson was hostess at luncheon Tuesday at Happy Hollow given in compliment to Mrs. C. C. Wright and Mrs. H. D. Neely, who leave this month to spend the summer in Europe. Religion in Schools

OMAHA, June 15.—To the Editor of The Bee: Allow me through your columns to call attention to the injustice and insult offered to the Catholics of Omaha by the high school authorities on last Sunday. The baccalaureate sermon to the graduates was preached in a Protestant church by the pastor of that church during a distinctly Protestant service. By this fact the Catholic graduates were obliged either to forego hearing the baccalaureate discourse, which was an injustice, or to attend the service, which was a necessary part of the graduating exercises, or to violate a fundamental rule of their faith.

It is a primary law of Catholic doctrine, taught to children in church and Sunday school, that they sin against the first commandment of God by attending false worship. False worship is defined to be any worship not having the official sanction of the Catholic church, which church we firmly believe and teach to be the only true church, founded by Christ, the Son of God, when on earth, and which He still guides infallibly, and will so guide, to the end of the world. We also believe and teach that all the other Christian churches (so-called) are man-founded churches, established at various times during the centuries since Christ, by mere man without divine authority, in opposition to or in secession from the one true church founded by Christ himself. Consequently, it is Catholic teaching that Catholics sin mortally when, by their presence, they take part in the religious services of these heterodox churches.

Since this is so, it is evident that a wanton insult has been given by the high school authorities to the Catholics of the city in thus arranging for a school exercise that required Catholic children to be false to their conscientious beliefs. A nice code of ethics for educators to teach children, indeed! We Catholics pay our share of the salaries of those same authorities. Wherefore we should not be wantonly insulted by them?

This instance is one more proof of the injustice of the present method of conducting the public school system and of the necessity of bringing about a change, whereby secular learning may be taught without injury or insult to the beliefs of any religious body. It should open the eyes of all justice loving citizens, irrespective of creed, who believe in equal rights to all and special privileges to none. It should arouse Catholics themselves to some organized effort to have their rights, civil and religious, respected. For my part, as a citizen and a taxpayer, I protest against it, and as pastor of some of the children, whose faith has been thus insulted and tampered with, I denounce it as an act of unjustifiable tampering with the faith of children by school officials whose duty it is to respect the religious convictions of all pupils committed to their care.

BURRO CANNOT STAND DOGS

Mountain Jacks Spelled as Pet by His Antipathy for Canines.

Deputy County Assessor Frank Mahoney has a Rocky mountain burro. He is willing to sell for less than he gave for it. Ordinarily it is a gentle, well disposed "mule." It has one fault which overhauls all others, however. It hates dogs and will chase them a mile, and when it gets in the wake of a fleeing canine no power on earth can stop it. It is his seal in trying to exterminate all the dogs in Omaha and South Omaha that spells it as a pet for Mr. Mahoney's young son.

After it had run away with the boy a few times Mr. Mahoney decided papa would have to show the boys of the neighborhood how a burro should be driven. He got eight of his young friends in the wagon to which the burro was hitched.

"Giddyap," he said, slapping the burro with the reins. The mule was sleepy and did not even open its eyes. "Giddyap," he said once more, giving the comatose animal a whack with his whip. This time the burro opened one eye and saw a dog slinking down the alley out of sight. He gave a single bray, whirled around and shot down the alley after the dog, breaking the wheel of the wagon and dumping driver and boys in a heap.

Mahoney intended to make the burro a mascot for the Cliffdwellers ball team, but the day of the big game with South Omaha the animal ran away and could not be found until after the contest was all over.

Building Permits. C. G. Carlberg, 1022 South Thirty-eighth avenue, frame dwelling, \$1,500; T. J. Delatour, 282 California street, alterations and addition to frame dwelling, \$1,000.

What this contrast amounts to will be clearly shown in The Omaha Bee next Sunday, June 21.

Interesting pictures of Omaha's present business center will be published showing how this property appeared thirty years back.

Large fortunes are amassed from a capital of only a few hundred dollars; how this is done will be told in words and pictures.

LUPULIN Has created a stir in the medical world because of its great Tonic properties for stomach disorders. It is found in the highest and most effective form in Saazer Hops, grown in the Province of Saaz, Bohemia. The Anheuser-Busch Brewing Association, St. Louis, U. S. ENOUGH RAINFALL AT LAST

Deficiency is Finally Overcome, Forecaster Admits.

RIVER NOW AT STANDSTILL No Further Rise is Anticipated at This Point on Conditions Now Prevailing, Says Welsh.

Colonel Welsh, local weather forecaster, has at last gotten enough rain to satisfy him. That doesn't mean, however, that he is going to quit; it only means that the "deficiency" in rainfall, of which he recently complained has been overcome and that now there is an excess of 2.68 inches. This is reckoned on the normal basis from January 1 to Tuesday, June 16, at 7 a. m. Up to April 20, Colonel Welsh said, there was a deficiency of 1.72 inches. And people smiled. For the period from January 1 to June 15, 1907, there was a deficiency of 5.18 inches.

The Missouri river is at a standstill at Omaha, with three-tenths of a foot fall at Sioux City and one-tenth of a foot fall at Blair bridge Tuesday morning. The Omaha stage is 18.3 feet. The rains of Monday night were light in the eastern part of Nebraska, but general from North Platte and Valentine east to the river. Light rains prevailed Tuesday and the indications are for showers Tuesday night and Wednesday, with slowly rising temperature.

No further rise in the river is apprehended at this point from the prevailing conditions. Rains are reported in the Kansas City district Tuesday morning, but they are not excessive.

TRAINS DELAYED BY WATER No Effort Being Made to Enter Kansas City, Mo. The Missouri Pacific trains from the south were two hours and a half late Monday night and Tuesday morning. No effort is being made to get these trains into Kansas City, Mo., but they are started from Kansas City, Kan., and express being moved across by transfer wagons. The trains to the south make practically scheduled time.

Travel of young people is heavy at this season of the year and trains through Omaha are well filled with schoolboys and girls, returning from school and going away for their vacations. A special sleeper on the Rock Island next Tuesday will carry a large Raymond Whitcomb party, returning from a tour of the west.

UNION PACIFIC HAS ITS WOES Out in Three Places Between Kansas City and Abilene. A. L. Mohler, general manager of the Union Pacific, and R. L. Huntley, chief engineer, are still in Kansas City, wrestling with the water problem along the Kaw. The Union Pacific is out in three places between Kansas City and Abilene and large forces of men are at work trying to repair the gaps. The trains are still being detoured via Olathe to Abilene.

No further damage is reported in Nebraska and all the east and west trains were on time Tuesday except the Oklahoma train on the Rock Island, which was delayed in Kansas and which was reported two hours late.

A Lesson in Health

Healthy kidneys filter the impurities from the blood, and unless they do this good health is impossible. Foley's Kidney Cure makes sound kidneys and will positively cure all forms of kidney and bladder disease. It strengthens the whole system. All druggists.

Jubilee Singers Make Hit. When a big audience at a concert breaks into tumultuous applause while a number is being sung, and endures every selection, not only once, but as long as the singers will respond, it is plainly evident that something unusual is going on in the amusement line. Such is the fact this week at Krug Park, where the old original Shyan Jubilee Singers are singing for two hours each afternoon and evening this week. To hear them sing the sextet from "Lucia," Millard's "High Mass in G," without considering the inimitable melodies of old slavery days in the cotton fields and negro camp meetings, is of itself alone worth several times the price of admission to the park. The Finn band concert, the solos by Miss Pallanach, the athletic act of the Zoyarras, are also popular features this week at "Omaha's polite resort." The first big picnic of the season at the park will occur tomorrow (Wednesday), being given by the Ladies' auxiliary of the Hebrew institute.

Mr. Clemens, the Minister from Chicago, is reached without change of camp only by the Grand Trunk Railway System.

Time tables and a beautiful descriptive pamphlet will be mailed free on application to Geo. W. Vaux, A. G. P. & T. A., 128 Adams St., Chicago.
