Lincoln Beats Denver and the Champs Have a Day Off.

BONNO BACK IN HI SOLD FORM

Shabek, on the Other Hand, is Hit Hard, but Good Support Holds the Lincoln Score Down to Three.

LINCOLN, June 31-Lincoln made it four straighet from Denver today, and by reason of the voctory and Omaha's day of idle ness is tied with the champions for first place in the pennant race. Pitcher Bonno was himself again after his recent illness, and the Bears were unable to find him with any success. Chabek was hit hard, but the fliding of the Denvers was faultless. The visitors got their only run in the first in-ning, when Waldron singled, went to sec-ond on Belden's base on balls and scored on two infield outs. Lincoln tied the score in its half of the first on Jude's base on bulls. Fox's sacrifice and Fenion's single. Lincoln ran away with the game in the sixth when Jude and Fix hit for singles, worked a double steal and came home on Gagnfer's hit. Score: LINCOLN.

age and the cause of his death is given as tuberculosis.

Trafficy began the game in Omaha back in 1831. He was a machine feeder at the old nail works, then located just north of the Union Pacific tracks, between Sevent enth and Eighteenth streets. A team was organized ameng the employes of the mill to combat the old B. & M. team, and young Traffley was the catcher. He often laughed when he told of his salary for his first scace. It was a double barreled shotgun. He hung on, and a couple of years later was engaged as one of the actohers for the famous Union Pacifics. Frank Bandle was the other receiver. Traffley stuck to the game, and season after season found him engaged catching the speedlest pitchers in the adopted them and in 1888, with Harry Stace he was one of the catchers on the Des Moines team that won the championles Moines team that won the champion-

ahip of the Western league. That was the zenith of his career as a catcher, although he was with Baltimore for a short time afterward. In 1891, after the blow up in the Western league, caused by the jumping of the Omaha and Milwankee teams bodily to the American association, then an "outlaw" organization, Traffey came to Omaha to catch and play second base for the bobtalled team that tried to fill out the season. He was engaged with other teams in various towns until 1895, when he came to the front as a magnate, being owner of the Des Moines team in the Western association. This team won twenty-five straight games and broke up the league. When the Western elague was reorganized in 1900 Traffley was secured as an umpire, but his eyes had gone back on him and he had to give it up. Since then he has made his home in Des Moines.

Traffley will be recalled by the older fans in Omaha as a splendid catcher, a quiet and persistent worker and a man whom it was a pleasure to know, either on or off the diamond. He leaves a wife and three children.

COMISKEY SENDS FOR OLD IZZY

White Sox President Wants Big Second Baseman to Return,

ond Baseman to Return.

DETROIT. Mich. June 3.—(Special.)—
Comiskey is trying to solve the problem of his weakness in the infield by inducing his old standby. Frank Isbell, to rejoin his icam at once. For many years Isbell was one of the towers of strength of the White Sox infield, but last fall secured his leave, but not release, that he might manage the Wichita team in the Western association, of which team he is part owner. Comiskey has wired splendid terms to Isbell to play out the season with him, but Isbell asked a much higher figure. The difference is now in the course of adjustment over the wire and Isbell's name may soon be seen in the Sox lineup.

# DRIVES OUT

A good liniment or plaster, or some good home remedy will usually give temporary relief from the pain of Rheumatism, but the disease is more than skin deep and cannot be rubbed away, nor can it be drawn out with a plaster. Such treatment neither prevents nor cures; the excess of acid, which produces Rheumatism, is still in the blood and the disease can never be cured while the circulation remains saturated with this irritating, painproducing uric acid poison. The trouble will shift from place to place, settling on the nerves and causing pain and inflammation at every exposure or after an attack of indigestion or other irregularity. When neglected or improperly treated, Rheumatism becomes chronic and does not depend upon climatic conditions to bring on an attack, but remains a constant, painful trouble. S. S. S. drives out Rheumatism by neutralizing and expelling the excess of said from the blood. It purifies and invigorates the circulation so that instead of an acid-lader stream, constantly depositing uric acid in the joints, muscles, nerves and bones, the entire system is nourished and made healthy by rich, life-giving blood.
