Reid's Suggestion Into Practice.

TALK OF AN ATHLETIC PARK

Matter, but Board Inclined to Think the Expense is Toe Grent.

The Board of Education met in adjourned regular session last evening for the purpose of considering the suggestion of Member W. B. Reed that a new and more detailed system of keeping the accounts of the school district be adopted. Mr. Reed. who had been requested to recommend some system submitted his report and same was referred to the finance committee and the committee on printing and supplies with necessary books, blanks, etc.

Under the new system as recommended by Mr. Reed it will be possible at the end of each month to ascertain the expense of maintaining any single building or the expense of any department of the schools, supplies, fuel, repairs and all sother expenses. All bids before being paid will have to be accompanied by a regulation signed by the chairman of the proper committee. It was also suggested that teachers and janitors be paid by check instead of having them sign the monthly pay roll, but no definite action was taken on this.

A committee from the athletic association of the high school waited on the board the ground, also at to how much the ground better, than any macadam road. could be leased for. At the same time the board did not hold out to the committee much hope that the finances of the district would permit any expenditure for the purpose suggested.

The matter of erecting a new smoke stack on the high school building and raising the old one which had slipped down the brick chimney was left with the committee on buildings and grounds to cope with.

All flat and bottom lands in the area of heavy rainfall were again flooded, causing the abandoament of many fleids of corn. A large acreage has also been abandoned in southern and southeastern counties, due to the previous heavy rains and continued high stage of the rivers. A loss, during the week, of 40 per cent in the general condition of crops is reported from Pocahontas county, where the rainfall was from four to five inches. On uplands an over the eastern counties, rorn is general in good condition, and although a little shorter than usual at this season of the year, is making very good growth, except in the flooded districts, small grain is doing well but the conditions are such that if the warm, sultry weather continues, rust will develop very rapidly. Considerable clover has been cut, but owing to the high percentage of humidity and the excessive moisture in the plants, it is curing very slowly, and some has already been damaged. With favorable weather, having operations will become quite general during the coming week, with prospects of a large crop. Sugar beets are doing well in the northeastern counties.

The Omaha Maenerchor will be the only singing society of Omaha to represent this city at the Saenger festival of the United ingers of the northwest, to be held at La Crosse, Wis., July 23 to 26. This society is making an effort to secure the next Saenger festival in 1909 for Omaha and they estimate that it will bring about 20,000 strangers to the city. To provide the necessary funds to promote their enterprise, the first of a series of three concerts was given by the Maennerchor at Krug park Tuesday night. It was attended by an immense sudience and filled the large garden and pavilion. The concert was directed by Henry Hanbenn, who after the opening chorus, was presented with a beautiful floral harp by his appreclative friends. Miss Irene Van Nors, soprano soloist sang "Lover and the Bird." and for the encore, she sang "Castaway." She was ably accompanied on the piane by her younger sister, Miss Vivian Van Nors. It was the first public appearance of the talented young lady. Mr. Peter Laux sang a bass solo, "Musicians" Song" (Gumbert), which was warmly received. Mr. Ferdinand Lehman, tenor. sang "Then You'll Remember Me," and received a triple encore. Two selections. n two parts each were splendidly rendered by the Maennerchor. Finn's Greater Omaha band furnished accompaniment for the opening and closing choruses. The "Sunday on the Alpa," was a great hit, and was cheered by the audience. The concert occupied over an hour. It was preceded by the closing concert by the Slayton Jubilee singers. Finn's greater Omaha band gave a con-
