IS ADA STREET COW PASTURE? Question Raised in Suit and Must Be Settled by the Judges.

Le Ada street a street or a cow pasture? This question is raised by some very emphatic pleadings in the suit of Walter H. Ems against Nick J. Petersen and it will be up to one of the judges of the district court to decide it. Ems in his petition filed several days ago contends Ada street is a real street and he presents some authorities to support his position. He says that Petersen has fenced it up and then shakes clubs at him and threatens him when he tries to use it. Petersen filed his answer in district court Thursday and he says without any legal quibbling that Ada street is not a street at all, but is a part of his pasture and that Ems has no right in it. He also denies he ever made any demonstration with clubs except once when he says Ems was trying to give Petersen's boy a whipping.
