

BRIEF CITY NEWS

Have Boat Print It. Thomas W. Blackburn for congress. Ask your grocer for Alamo butter. Rudolph P. Swoboda, Accountant-Auditor. Bowman, 117 N. 14, Douglas shoe, \$1.50. Pa Bourke for Quality cigars, 316 S. 15th. Binschert, photographer, 1918 & Farnam. Equitable Life, Paul Morion, president. Police sign drafts at maturity. H. D. Neely, manager, Omaha. Burgess-Graves Co., now in new quarters, 1511 Howard. Gas, electric fixtures and wiring. The Omaha Bureau of Press Clippings, established many years, has grown to be the largest and most complete in the west. Thousands of papers read for items. Good service guaranteed. Note address, 20-22-24 Bee Bldg.

H. T. Clarke Will Present River Plank—Henry T. Clarke will go to Denver on the Jack train and endeavor to get the democratic platform approved at their platform plank approving of making the Missouri river a navigable stream. Colored People at Bennington—The Omaha Gleo club, a colored organization, gave an excursion and picnic at Bennington Monday. Five special coaches on the Northwestern took 250 persons to Bennington. Jack Blomfield was master of ceremonies. Sit Over the Head with a Broom—Upon complaint of Anna Dautermeier, 2508 North Twenty-eighth avenue, who asserted that she was struck over the head with a broom in the hands of Mary Green, 207 Blinney street, a warrant was issued in police court, Monday, charging the latter with assault and battery.

Home Wanted for a Boy—Juvenile court officials, following their custom of placing boys on farms wherever possible, are looking for a home for a 16-year-old youth, who wants to get away from the city. The boy is charged with stealing a bicycle from the First Methodist church, who is trying to get a place for him. Second Trip to Industrial School—Edgar Glasman will have to return for the second time to the industrial school at Kearney under orders of Judge Estelle of the juvenile court. Glasman was recently released from the school. He was brought before the court again Monday on the charge of taking a pocket book and \$54 from Mrs. John Livingston.

Old John Keith is Married—John Keith of Sunderland, Neb., a heavy real estate owner in Omaha and a bachelor of many years standing, has written from Portland a Herman B. Peters of the Merchants hotel that he has married and is taking in all the sights of the Pacific northwest. It writes that he and Mrs. Keith will proceed leisurely to Los Angeles, where they will build a winter home. H. B. Peters Becomes Chauffeur—Herman B. Peters, proprietor of the Merchants hotel, received his large Thomas Gray motor car. This car is a duplicate of the American car in the New York-to-Paris road race, six cylinders with seventy-horse power. It is a beautiful napier green and cost \$5,000. Mr. Peters has had the car fitted with all the latest devices for pleasure touring, including patent wheels with demountable tires and an extra side seat for the mechanic.

Suit to Recover Money Wasted—C. C. Louden, who spent \$4,000 of the \$4,000 inheritance he received a few months ago in riotous living, has been placed under the guardianship of his brother, Robert H. Louden, by County Judge Leslie. Louden has already started to get back about \$2,000 of the money, which Louden gave to Mrs. Lulu Mitchell and an effort will be made to secure some of the rest. Louden consented to the appointment of the guardian, Robert H. Louden. No Damages for Fall—Louis Sandusky, an employe of the Omaha Packing company, who was injured by a fall down a flight of icy stairs at the big casino house of the Omaha plant failed to recover damages from the company in district court. The jury returned a verdict for the defendant in his suit for \$100. Sandusky asserted the company was negligent in not having a railing to guard the stairway, in failing to provide a proper light and in allowing the snow and ice to accumulate.

Judgment Ordered Reduced \$2,000—A mandate has been received from the United States circuit court in St. Paul, Minn., reducing the judgment against the Northwestern National Insurance company from \$1,157 and costs to \$1,067 and costs. Suit was brought in the United States circuit court for the Nebraska district for amount due on a policy and in April, 1907, judgment was awarded the plaintiff in the sum of \$1,157. The case was appealed and the mandate reducing the amount of judgment \$2,000 is the result. The plaintiffs live at Columbus, Neb. Storm Does Not Affect River—The Missouri is slowly falling and stood Monday morning at a stage of 17 1/2 feet, a fall of three inches in twenty-four hours. A fall of one-tenth of a foot is reported from Blair bridge and a fall of one foot at Sioux City. Slight rises are reported at Plattsmouth and Kansas City. The storm of Saturday evening had no perceptible effect on the river at Omaha. The amount of rainfall during the storm was 1.31 inches. The minimum wind velocity during the storm was forty-two miles and the maximum fifty miles per hour at 1:30 that evening.

Stues Men Who Sold Her the Lots—Clara Stues, the property in Hancock place and a lot in the city, was sold to a Merick suit. The suit was not up to representations. Miss Stues was in district court Monday, where she was ordered to pay \$1,000 damages. Miss Stues says the lot was represented by Becker to be worth \$100,000. It had been leased for 183 for \$30. When she took it she decided Becker her farm and gave him a mortgage for \$1,700 on the lot. In return for this she got the lot subject to mortgages for \$1,700 and \$3,750 in cash. Women Warn the Priest—Four queer-

ARRIMAN RESUMES WORK

Issues Orders for Operations in West to Start Again. LARGE FORCES ARE ENGAGED. Development of the Country Along the Lines of the Union Pacific Will Move Forward Once More.

E. H. Harriman has set July 1 for the date to resume his building operations in the west. This announcement, which was made by A. L. Mohler, general manager and vice president of the Union Pacific, will be received by the west with great satisfaction. It practically means that the financial flurry is all over and that the railroads will begin to spend their money in the development of the west. When the financial depression struck the country last fall Harriman ordered all new work in the west to cease at once, and thousands of men were thrown out of employment.

TOWL BUILDS STOVE PLANT

Gets Contract for Erecting Four Buildings for the Ralston Enterprise.

R. N. Towl, 422 Bee building, has been awarded the contracts for the erection of four buildings for the Howard Stove works at Ralston. Mr. Towl will do the excavating for the factory, but will subcontract work, such as brick and stone and all wood work. He has called for bids for this work and plans and specifications may be seen at his office in the Bee building.

President L. Howard will remain in the city until the sub contracts are let by Mr. Towl. Through the Commercial club the Ralston townsite company will take up at once the matter of rates for the switching charges. The townsite is on the Missouri Pacific and the Burlington lines, but there are switching charges which work to some disadvantage, but which the company probably will not in a satisfactory manner when the necessity for them is presented by the transportation committee of the Commercial club.

The Howard Stove company will secure raw material in both Birmingham and Pittsburg and the Omaha rate will doubtless be made from both points to Ralston. The townsite company is advertising a Fourth of July celebration and formal opening, and by way of entertainment has engaged Green's band and will give a free barbecue to visitors.

AMERICAN CAR IS GAINING

Catches Up with German Once and is Close on Its Heels Again.

Dispatches from Irkutsk, Siberia, the latter part of last week, announced that the American Thomas car had nearly caught the German Protos at that point. In fact, the Americans did catch the leaders on the eastern shore of Lake Baikal, but had only four minutes to load the American car on the freight train which was to carry the Germans to the steamer on which they crossed Lake Baikal, and they had to stand and see the train pull out with the Germans aboard, leaving them behind. Lieutenant Koepfen promised to await the arrival of the Americans at Irkutsk, but when they arrived there they found he had been gone for two hours. The Thomas people were then compelled to wait seven hours for gasoline and this gave the Germans a start of about nine hours. The run to Paris from Irkutsk was made by the Itala car in the Peking to Paris race in forty days' actual running, at an average speed of 17 1/2 miles a day. The road conditions are generally good. If the same speed is maintained by the New York to Paris racers it is expected they will arrive in the French capital before August 1.

Only Haze-Faced Baboon.

The Carl Hagenbeck and Great Wallace shows combined, which exhibit at Omaha Thursday, July 2, (performances afternoon and evening), have the only great hazy-faced, ribbed-nosed baboon in captivity. He is a giant in size and possessed of strength of many men. He represents a grotesque appearance, with his mixture of fantastic embellishments and repulsive ferocity, as he grins at the startled thousands—a degenerate man or a reformed brute, which is he? He is at once a wonder and a mystery. The colors of the rainbow are emblazoned on the creature's form, but always in the very spots where one would least expect to see them. The general color of the fur is an olive brown tint, fading into gray on the under side of his limbs, and the chin is decorated with a small yellow beard. The ears are small, devoid of fur and of a black color, with thin white hair.

THREE MINISTERS TO LEAVE

Trio of Presbyterian Preachers Will Go to New Fields Within the Week.

Three Presbyterian ministers will leave Omaha within a week for new fields. Rev. Guy W. Wadsworth, D. D., late president of Bellevue college, goes to Pueblo Friday to become pastor of the First Presbyterian church, one of the largest and most influential in the entire west. Rev. Newman Hall Burdick, for five years pastor of the Second Presbyterian church, leaves July 6, for Helena, Mont., where he will be pastor of the First Presbyterian church, the largest and most prominent of that denomination in the state of Montana. Rev. R. L. Purdy, for three years pastor of Clifton Hill church, goes to Culbertson, Neb., as pastor of the Presbyterian church of that place.

How to Get Well for 50 cents—in a Month

Cascarets gently stimulate the liver. Cathartic whip it to action. Cascarets heal the bowels with pills, salts and castor oil merely irritate. If you tramped the woods for a month, ate coarse food, fruit and green vegetables, the result would be the same as a month with Cascarets. But most people can't do that. For them, Cascarets bring the same results, just as naturally, just as effectively. Cascarets are candy tablets. They are sold by all druggists, but never in bulk. Be sure to get the genuine with 50¢ in every tablet. The box is marked like this: Cascarets The best-castor pill is 15 cents. The month-tablet box 50 cents. 12,000,000 boxes sold annually.

At the Theaters

"Mrs. Dane's Defense" at the Boyd. Henry Arthur Jones is not only a stock-setter for the west, but a playwright on having his dramatic bristle with logic and at no time presuming to even approach an impossibility, but he is also a master of dramatic construction, and thoroughly understands the effect of sentimental accumulation of human suffering and a climax. In none of his writings are these qualities more apparent than in "Mrs. Dane's Defense," which is not only a fine example of the modern play, but is typical of his author's every way, and in some ways is his best endeavor. And it is being given a worthy presentation at the Boyd this week by the Woodward Stock company. The characters are plainly drawn by Mr. Jones and are being intelligently outlined by the actors, and the points in the author's argument are being driven home with force.

Large forces of men are being shipped out to North Platte and Cheyenne, where the first moves will be made. The North Platte extension from North Platte to Northport will be built at once and the Athol Bore cut-off will be finished as soon as possible. The Athol-Bore cut-off connects Carr on the Denver-Cheyenne line with Bore on the main line west of Cheyenne. Work on this line was nearly 90 per cent completed when it was stopped by the orders from Harriman. The new line will permit the Denver traffic to get into Cheyenne without climbing the Athol hill. The work has suffered considerably from postponing the rains of the spring, making quite an additional expense, because of the knocking off of the work.

Motor Cars in Demand.

The motor car service, which was inaugurated Sunday between Valley and Omaha, has proven highly successful and popular, the cars being well filled Sunday and again Monday. The new cars, which are the old track of the Union Pacific through the towns of Millard, Papillion and Avera, taking care of the passenger traffic which was left out because of the work on the new line cut-off. All the through trains now run over this new road. The principal morning train from the west for local service was No. 4, so that when this was changed to the new line, the intermediate points were left without service to Omaha. The forty-first car is now in the course of construction at the shop and a large force of mechanics is turning out these cars as fast as possible. Three motor car trains now run into Denver from the north, two doing local service and the third stopping at the larger stations.

McKeen Will Have the Engines.

W. R. McKeen, superintendent of motive power and machinery for the Union Pacific, has assured the passenger department that he will be able to furnish all the large engines needed for the immense traffic which the Union Pacific will be called upon to haul to the democratic national convention. Extra cars will be added to all the regular trains, ample to handle all the extra cars going from Omaha. The through business from the east will be handled on special trains and will not interfere with the regular business.

Machinery for the Shops.

Machinery is being installed as fast as possible in the new Union Pacific shops in Omaha and it will not be long before these magnificent shops will be ready to put in full operation. Most of the machinery was bought for the new shops last fall and a considerable portion of it has already been delivered. The large traveling crane in the wheel shop was installed Saturday. Two secret society conventions are to be held in Denver this week to which there is a considerable movement from the east. For the Kappa Sigma convention the Union Pacific will have four extra cars from Chicago and one from New York with 100 persons on Union Pacific No. 11 which leaves Omaha at midnight Monday. The Burlington will have a large party through Omaha Monday night to the Phi Kappa Psi convention.

MANAWA GETS SUNDAY CROWD

Lake Drains and Entertains Many Pleasure Seekers on Sunday.

A very large patronage visited Lake Manawa Sunday afternoon. A fair patronage again visited the park in the evening after the storm subsided. The afternoon attendance at the Kursaal was unusually large and the many dainty and dainty meals in pretty bathing costumes caused much flattering comment. The launches did capacity business all afternoon, many picnickers taking their lunches at Manhattan beach. The theater proved a great drawing card and the pleasing variety show and motion pictures accorded a great hit. All attractions, especially the big roller coaster, received a large patronage. The Manawa management wishes to announce that the biggest Fourth of July celebration ever held at the park will be given Saturday. The fireworks display will far surpass anything of its kind ever before attempted at any western resort and second only to the exposition exhibitions. The pyrotechnics have been ordered direct from the Pain Company, Chicago. Other special features will be on the program, and few will care to miss seeing the grand celebration of America's greatest holiday. The Manawa concert band will render a special musical program, which will be appropriate to the occasion.

MAPES AND WOMAN GO EAST

Taken to Burlington by Officer, Who Wants Them on Several Charges.

Chief of Police Sobotta of Burlington, Ia., arrived in the city Monday afternoon for the purpose of taking F. V. Mapes and his former wife, Mrs. Nell Crowell-Mapes-Crowell alias Dreyfus, back to Burlington, where they are wanted on numerous indictments for forgery and embezzlement. The arrest of the couple Friday was affected through the jealousy of Mapes, the woman having him and returned to her former husband, Crowell, who reported to the police a long list of crimes and embezzlements committed by him and the woman while they lived together. It has since developed that the couple are wanted in Chicago and other cities, similar indictments having been returned against them.

GENERAL HARTSUFF IS DEAD

Army Officer in Omaha for Years Dies of Heat in Detroit. Brigadier General Albert Hartsuff, stationed at Omaha from 1888 to 1894, is dead in Detroit, Mich. He was one of the victims of the heat of last week. A. L. Reed received word of the general's death Monday. General Hartsuff had many friends in Omaha. He entered the army when the first gun was fired at Fort Sumter in 1862 and was retired after long and honorable service in 1900. He was a brother to Major General George Hartsuff and of General William Hartsuff, both of whom have remarkable army records.

HERRING MAY LOSE THE JOB

Criticized by Board of Education for Slot Machine Defense.

EDGAR BAIRD SEEKS THE PLACE

Office of Attorney for the Board of Education May Pass Out of Hands that Held It Eight Years.

Criticized for appearing for the owners of slot machines in the recent city cases and for certain other interests before the last legislature, Carl E. Herring, attorney for the Board of Education, may not be reappointed Edgar Baird is a candidate for the position and several members of the board announce that they will vote for him. Mr. Herring will not say anything about his candidacy and will not even say he is or is not a candidate. The election of an attorney will come up in the first meeting of the board in July. Carl E. Herring has been the attorney for the Board of Education for eight years. No member of the board has anything to say against his actions in the board or the advice he has given its members, but, as one member puts the case, "there is some objection to the way he carries himself outside the board and his choice of clients."

Mr. Herring appeared for the slot machine people in the cases a few months ago and it is claimed that he should not have done so, especially as he is the authorized attorney of the Board of Education, which is unalterably opposed to slot machines and any gambling device whatsoever. "Many of us, however, do not think that Mr. Herring should be censured on the ground of the cases he takes outside. He can not choose his clients and must, of necessity, take the cases that come to him. Just because a lawyer defends a murder, that does not make him a murderer, and just because our attorney defends the slot machine people does not make him a friend of them."

DR. RALPH GETS ON BOARD

Will Succeed Dr. Christie as One of the Pension Examiners Here.

Dr. J. B. Ralph has received word from United States Senator Norris Brown that his recommendations for appointment to the pension medical examining board of Omaha, vice Dr. Christie, who recently died, have been received and favorably considered by the pension department. The appointment of Dr. Ralph will be made before long. Dr. Ralph is one of the best known physicians of Omaha, was a veteran of the civil war and was for a number of years health commissioner for the city of Omaha.

"In California" at the Air Dome.

Attending to the popularity of the Hillman Stock company, a large staid audience witnessed the opening performance of the wholesome drama of the mountains, "In California," presented by that capable troupe at the Air Dome Sunday night. The production, which is in four acts, the scenes of which are set in the Mount Shasta hills, tells the story of the love of two partners for the same girl, by whom they are wronged. He is murdered and suspicion falls upon the other partner, who is tried and convicted, but eventually is proven innocent and marries the girl. An interesting feature of the entertainment is a singing and dancing specialty introduced by Miss Marie Snow.

Death from Blood Poison

Was prevented by G. W. Cloyd, Plunk, Mo., who healed his dangerous wound with Bucklen's Arnica Salve. For sale by Beaton Drug company.

PITY SURVIVES THE DIVORCE

Woman Remits Half of Alimony Out of Sympathy for Former Husband.

Sympathy for her divorced husband caused Mrs. Andrew R. Johnson to remit half of the alimony awarded her by the court. Mrs. Johnson was required to pay \$3 a month into the office of the district clerk every month. When the second payment came due, Mrs. Johnson and her divorced husband appeared together. "I want to remit half of the money," she said. "He is so hard up I don't want to take it all." She was told the clerk had no authority to take any amount less than that named in the decree. Johnson was required to pay the full \$3 and it was turned over to Mrs. Johnson. She immediately drew her check for \$3 and gave it to her former husband as a rebate.

FEELING WARM?

No doubt of it, if you are wearing the old B.V.D. light fitting underwear.
