Sorr receipts were 360,000 bu, and shipments of 364,000 fai inch. Deficiency corresponding period in 19 7.56 of an inch. Deficiency corresponding period in 19 7.56 of an inch. La A. WELSH, Local Forcaster.	A NEW TORM. July 1Domines in the late hours before noon today than yesterday even with the sudden revival in market stivity which marked that period. This expanding volume of business was done at prices above yesterday's closing and con- sequently a substantial advance over the closing level of last week. It became manifest, however, that very material selling to realize was going on and this had the effect of carrying prices below last night's level by noon. The some profits to those who had bought stocks early yesterday. As the margin of these profits lessened with the reaction ing demand attracted over night by yester- day's rise, and this served as a medium for digestion of profit taking sales. When the execution of the new buying orders had been completed there was no disposi- tion to push the selling on a weak market at the serious expense of values. The re- sponsibility of an uncovered short interest for part of the new demand was repoved by the number of shares borrowed for de-	do compos         20%         *Man. c. g. 48         36           U.
